Love Letters HarperCollins

"I've found very little about private detective R. F. Jackaby to be standard in the time I've known him. Working as his assistant tends to call for a somewhat flexible relationship with reality . . ." In 1892, New Fiddleham, New England, things are never quite what they seem, especially when Abigail Rook and her eccentric employer, R. F. Jackaby, are called upon to investigate the supernatural. First, members of a particularly vicious species of shape-shifters disguise themselves as a litter of kittens. A day later, their owner is found murdered, with a single mysterious puncture wound to her neck. Then, in nearby Gad's Valley, dinosaur bones from a recent dig go missing, and an

unidentifiable beast attacks animals and people, leaving their mangled bodies behind. Policeman Charlie Cane, exiled from New Fiddleham to the valley, calls on Abigail for help, and soon Abigail and Jackaby are on the hunt for a thief, a monster, and a murderer. *Beastly Bones*, the second installment in the series, delivers the same quirky humor and unforgettable characters as *Jackaby*, the book the Chicago Tribune called “Sherlock Holmes crossed with Buffy the Vampire Slayer.” A 2016 YALSA Best Fiction for Young Adults Title

Beastly Bones Hachette UK

I'm not your average hero. I actually wasn't your average anything. Just a poor guy working an after-school job at a South Beach shoe repair shop to help his mom make ends meet. But a little magic changed it all. It all started with a curse. And a frognapping. And one hot-looking princess, who asked me to lead a rescue mission. There wasn't a fairy godmother or any of that. And even though I fell in love along the way, what happened to me is unlike any fairy tale I've ever heard. Before I knew it, I was spying with a flock of enchanted swans, talking (yes, talking!) to a fox named Todd, and nearly trampled by giants in the Everglades. Don't believe me? I didn't believe it either. But you'll see. Because I knew it all was true, the second I got cloaked.

Necroscope V: Deadspawn Harper Collins

Brian Lumley's *Necroscope* novels are one of the horror genre's

most towering achievements. The adventures of the *Necrosopes*, Harry Keogh and his successor, Jake Cutter, and the psychically gifted agents of E-Branch, Britain's super-secret spy organization, as they battle malevolent, shape-shifting Wamphyri have spanned two worlds, thirteen novels, and an infinity of time. The *Necroscope* novels have sold more than two million copies in English alone. *Necroscope: Deadspawn* is the fifth spine-tingling volume in Lumley's exciting vampire series and marks a turning point in the life and career of Harry Keogh, the original *Necroscope*. After the battles of *Deadspeak*, Harry has recovered his *Necroscopic* abilities. He can once again travel instantly between places and times via the marvelous mathematics of the Möbius Continuum. He can once again hear and speak to the dead and carry messages between the living and those long gone. But the *Necroscope's* bargain with Faethor Ferenczy, father of vampires, has sown the seed of Harry's downfall—a vampire seed! Deep in the recesses of Harry's mind, a vampire grows, a vampire that might someday be the greatest Wamphyri of all, one with all the *Necroscope's* great psychic powers warped to evil use. Harry's lifetime on earth has just become sharply limited. But until he loses the fight against the vampire thing, the *Necroscope* still has work to do. The tortured victims of a serial killer and necromancer cry out for justice. Harry Keogh is the only person who can identify and find this vile murderer. And he will do it, fighting the vampire spawn inside him every step of the way. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Bewitching can be a beast. . . . Once, I put a curse on a beastly and arrogant high school boy. That one turned out alright. Others didn't. I go to a new school now—one where no one knows that I should have graduated long ago. I'm not still here because I'm stupid; I just don't age. You see, I'm immortal. And I pretty much know every-thing after hundreds of years—except for when to take my powers and butt out. I want to help, but things just go awry in ways I could never predict. Like when I tried to free some children from a gingerbread house and ended up being hanged. After I came back from the dead (immortal, remember?), I tried to play matchmaker for a French prince and ended up banished from France forever. And that little mermaid I found in the Titanic lifeboat? I don't even want to think about it. Now a girl named Emma needs me. I probably shouldn't get involved, but her gorgeous stepsister is conniving to the core. I think I have just the thing to fix that girl—and it isn't an enchanted pumpkin. Although you never know what will happen when I start . . . Bewitching
