In this book, T. L. Short corrects widespread misconceptions of Peirce's theory of signs and demonstrates its relevance to contemporary analytic philosophy of language, mind and science. Peirce's theory of mind, naturalistic but nonreductive, bears on debates of Fodor and Millikan, among others. His theory of inquiry avoids foundationalism and subjectivism, while his account of reference anticipated views of Kripke and Putnam. Peirce's realism falls between 'internal' and 'metaphysical' realism and is more satisfactory than either. His pragmatism is not verificationism; rather, it identifies meaning with potential growth of knowledge. Short distinguishes Peirce's mature theory of signs from his better-known but paradoxical

early theory. He develops the mature theory systematically on the basis of Peirce's phenomenological categories and concept of final causation. The latter is distinguished from recent and similar views, such as Brandon's, and is shown to be grounded in forms of explanation adopted in modern science.

Angels and saints. Catholics tend to think of them as different from the rest of us. They're cast in plaster or simpering on a holy card, performing miracles with superhero strength, or playing a harp in highest heaven. Yet they are very near to us in every way. In this lively book, Scott Hahn dispels the false notions and urban legends people use to keep the saints at a safe distance. The truth is that Jesus Christ has united heaven and earth in a close communion. Drawing deeply from Scripture, Dr. Hahn shows that the hosts of heaven surround the earthly Church as a "great cloud of witnesses." The martyrs cry out from heaven's altar begging for justice on the earth. The prayers of the saints and angels rise to God, in the Book of Revelation, like the sweet aroma of incense. Dr. Hahn tells the stories of several saints (and several angels too) in a way that's fresh and new. The saints are spiritual giants but with flesh-and-blood reality. They have strong, holy ambitions—and powerful temptations and opposition that must be overcome. Their stories are amazing and yet familiar enough to motivate us to live more beautiful lives. In this telling of their story, the saints are neither otherworldly nor this-worldly. They exemplify the integrated life that every Christian is called to live. Still, their lives are as different from one another as human lives can be. Dr. Hahn shows the heavenly Church in all its kaleidoscopic diversity—from Moses to Mary, Augustine to Therese, and the first century to the last century. Only saints will live in heaven. We need to be more like the saints if we want to live in heaven someday. Dr. Hahn shows us that our heavenly life can begin now. It must.

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn,

to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

Ignite a deeper, more vibrant relationship with God that impacts not just your spiritual life but every aspect of your daily life. John Ortberg calls readers back to the dynamic heartbeat of Christianity--God's power to bring change and growth--and reveals how and why transformation takes place. *The Life You've Always Wanted* offers modern perspectives on the ancient path of the spiritual disciplines. But it is more than just a book about things to do to be a good Christian. It's a road map toward true transformation that starts not with the individual but with the person at the journey's end--Jesus Christ. As with a marathon runner, the secret to finishing a race lies not in trying harder, but in training consistently--training with the spiritual disciplines. The disciplines are neither taskmasters nor ends in themselves. Rather they are exercises that build strength and endurance for the road of growth. The fruit of the Spirit--joy, peace, kindness, etc.--are the signposts along the way. Paved with humor and sparkling anecdotes, *The Life You've Always Wanted* is an encouraging and challenging approach to a Christian life that's worth living--a life on the edge that fills an ordinary world with new meaning, hope, change, and joy.
