Long before she was  
the terror of

Wonderland—the  
infamous Queen of  
Hearts—she was just a  
girl who wanted to fall  
in love. Long before  
she was the terror of  
Wonderland, she was  
just a girl who wanted  
to fall in love.  
Catherine may be one  
of the most desired

girls in Wonderland, and a favorite of the unmarried King of Hearts, but her interests lie elsewhere. A talented baker, all she wants is to open a shop with her best friend. But according to her mother, such a goal is unthinkable for the young woman who could be the next queen. Then Cath meets Jest, the handsome and mysterious court joker. For the first time, she feels the pull of true attraction. At the risk of offending the king and infuriating her parents, she and Jest enter into an intense, secret courtship. Cath is determined to define her own destiny and fall in love on her terms. But in a land thriving with magic, madness, and monsters, fate has

other plans. In her first stand-alone teen novel, the New York Times- bestselling author dazzles us with a prequel to Alice's Adventures in Wonderland.

Mackenna Haven is desperate to leave Havenbrook, Mississippi behind. After spending her whole life under the

thumb of her overbearing father, she's ready for the freedom college will bring. Especially if that freedom means spending more time with her best friend...and unrequited love. Hudson Miller's been the man of the house since his dad died nearly ten years ago. The only escape he has from those responsibilities is the stolen moments when he's with Kenna. As much as he wants to tell her he's been in love with her for years, the red X looming on his calendar could change everything between them. A week before school starts, Hudson proposes a trip away with Mackenna as one last weekend together before college responsibilities creep in. Except it could be

one last weekend together, period. Because the secret he's been keeping from her could tear them apart forever. Pact with a Heartbreaker is book three in the Havenbrook series and is the beginning love story for Mac and Hudson. More of Mac and Hudson can be found in Captain Heartbreaker. Simon and Schuster  
AUTHOR'S NOTE: This is a SWEETER (NOT sweet and clean) version of Lone Star Heartbreaker. It's the same characters and story, but with love scenes that are less graphic and explicit. If you want a hotter

sexier read, check out the original version in The Diamondback Ranch Series. BLURB: Tyler McCade is the youngest McCade brother in Salt Fork, Texas, and the biggest heartbreaker of them all. Or he was--until a plane crash wrecks his body and sends his crop-dusting company into a tailspin. Needing time to heal and form a new business plan, he retreats to the Diamondback Ranch, where he spends too much time alone tormented over the possibility that the accident might have been his fault. Caitlyn Ross lives to fly planes. Accepting the job as pilot for Lone Star Wings seems like a dream come true. But when she packs up everything she owns and finds herself

working for the brooding Tyler McCade, her defenses go on high alert. The sexual tension sizzles, but does she have what it takes to help him heal? And is she even brave enough to try?

EXCERPT: "It's getting late and it's been a long day," Tyler said. "I'll see you in the morning." He started past her toward the door. Before Caitlyn could think better of it, she grabbed the sleeve of his shirt to stall his departure. "Wait." He stared at her hand on his arm, then at her, but didn't pull away. "What do you think you're doing?" he asked in a dangerously soft voice. Obviously playing with fire, that's what. Caitlyn quickly dropped her hand. She didn't know what had prompted her to touch

Tyler, but that brief contact left her fingers scorched and her heart racing. "Ignoring the situation isn't going to make it go away," she said. "What's that supposed to mean?" His voice went softer, more dangerous. His hot blue eyes lasered in on her. "What situation?" She swallowed hard. Anger mixed with the strong sexual vibes pulsed between them. "I've been here for almost a month," she said. "Except for that first day when we had dinner together, you've been avoiding me like the plague." He stepped toward her, his big body seemingly growing, expanding with his anger. Irritation. Something. "I taught you what you needed to know to be an ag pilot, didn't I?"

Caitlyn stepped back. "Yes." Tyler took two steps forward. "I didn't avoid you then, did I?" he said between gritted teeth. "No. Not exactly." Goodness, the man was tense. And now he was invading her personal space. How could she have thought for a moment that she'd imagined those sparks of awareness shooting between them? They were brighter and more intense than fireworks on the Fourth of July. "But you can't deny you've been avoiding me since then, can you?" Tyler stood directly in front of Caitlyn and stared into her eyes. He was close enough to smell her fragrance, feel the heat from her body. Her windblown hair tumbled around her face in wild disarray.

His fingers itched to run themselves through the silken tangles. Unable to help himself, he reached out one hand and touched her soft cheek. She closed her eyes and her dark lashes made feathery crescents against her creamy skin. He'd been dying to touch her again. To feel her warmth and vitality. He rubbed his thumb across her bottom lip. Back and forth. Back and forth, until her eyes flew open. Keeping his gaze locked on hers, he leisurely traced his finger down her jaw line and the curve of her neck. "This is why I've been avoiding you . . ." Adventure is in Captain Hudson Miller's blood.

For the past ten years, he's spent his days in the sky, serving as a pilot for the army. But where adventure called him away, something—someone—is calling him home. On post-deployment leave, he escapes to the one place he hasn't been since he enlisted:

Havenbrook, Mississippi. Hometown of his momma's peach pie, enough memories to last a lifetime, and the only girl who ever left an imprint on his heart. Mackenna Haven thought she'd have her life figured out by now. Instead, she's a twenty-seven-year-old college drop out who works at her soon-to-be brother-in-law's bar and lives on her parents' land. No husband or kids to her name. Not even a consistent weekend

booty call. She's been pretending she's happy working dead-end jobs in an even dead-end town, but she can't stop thinking she was meant for more than this. After a childhood as best friends and a single weekend exploring more, Mackenna and Hudson haven't seen each other in ten years. But they made a pact that long ago weekend, and Hudson's coming to make good on his promise. Except he walked away from her once already, and she's not interested in opening her heart and allowing him a second chance at destruction. Captain Heartbreaker is book four in the Havenbrook series, but it can be read and enjoyed without reading any other Havenbrook books.

Even in the later stages of dementia, people can still be engaged in activities at a level that allows them to be successful. In fact in these later stages, where cognitive abilities may be waning, the need for activity becomes greater, as cognitive stimulation helps preserve what skills remain. For care staff looking after older people, many of whom may have some degree of dementia, coming up with ideas for activities of a suitable

level to keep their residents engaged and stimulated can be challenging. The Activity Year Book solves this problem, offering week by week themed activities. From Valentine's Day quizzes to Bonfire Night word searches, it has activities relating to every important date in the calendar, and also encourages reminiscence and discussion around these events. This book will be invaluable to care staff looking for a simple way of improving the lives of their residents, week by week, all year round.

In this new biography of Chris Barnard we not only learn about the life of South Africa's most famous surgeon, from his Beaufort West childhood through his studies locally and abroad to his prominent marriages - and divorces - but James Styan also examines the impact of the historic heart transplant on Barnard's personal life and South African society at large, where apartheid legislation often made the difficulties of medicine even more convoluted. The role of black medical staff like Hamilton Naki is explored, as is the intense rivalry that arose between other famous heart surgeons and Barnard. How did Barnard manage to beat them all in this race of life and death?

How much did his famous charisma have to do with it all? And in the light of his later years, his subsequent successes and considerable failures, what is Barnard's legacy today? Styan covers it all in this fascinating new account of a real heartbreaker.
