The New Haven Coliseum, the Arena and the Bushnell Memorial were once the places to be for music lovers, while elsewhere places like the Cheri Shack and the Shaboo hosted local bands and national headliners. Other venues such as Foxwoods, Mohegan Sun, The Meadows and Toad's Place have now taken center stage and continue to attract large crowds. With in-depth interviews with performers and many timeless photos, author Tony Renzoni takes you on a nostalgic and fun tour of the Nutmeg State's most beloved music sites.

A rousing, poignant look at the cultural history of rock & roll during the early 1960s. In the early 1960s, the nation was on track to fulfill its destiny in what was being called "the American Century." Baby boomers and rock & roll shared the country's optimism and energy. For "one brief, shining moment" in the early 1960s, both President John F. Kennedy and young people across the country were riding high. The dream of a New Frontier would soon give way, however, to a new reality involving assassinations, the Vietnam War, Cold War crises, the civil rights movement, a new feminist movement, and various culture wars. From the former host of NPR's Rock & Roll America, Richard Aquila's Rock & Roll in Kennedy's America offers an in-depth look at early 1960s rock & roll, as well as an unconventional history of Kennedy's America through the lens of popular music. Based on extensive research and exclusive interviews with Dion, Bo Diddley, Brenda Lee, Martha Reeves, Pete Seeger, Bob Gaudio, Dick Clark, and other legendary figures, the book rejects the myth that Buddy Holly's death in 1959 was "the day the music died." It proves that rock & roll during the early 1960s was vibrant and in tune with the history and events of this colorful era. These interviews and Aquila's research reveal unique insights and new details about politics, gender, race, ethnicity, youth culture, and everyday life. Rock & Roll in Kennedy's America recalls an important chapter in rock & roll and American history.

In 2009 Phil Spector, the legendary record producer, was sentenced to life imprisonment for the murder of B-movie actress Lana Clarkson. It was an ignominious climax to a life of staggering highs and scarcely believable lows. Wall of Pain, Dave Thompson's biography of Phil Spector, has now been updated to include important details of the seemingly interminable trial. The architect of the

Wall Of Sound, Spector's already iconic status in the music world was enhanced by his work with The Beatles. Writer and producer of countless hits, his innovative genius in the studio revitalised music production in the 1960s and changed the way we listen to music forever. But there was always a dark side to Phil Spector. His success became over-shadowed by his reputation for eccentricity and excess, his fractious personality and fascination with handguns eventually proving a lethal combination. Featuring interviews from those closest to him, including former wife Ronnie Spector, *Wall of Pain* concludes the painful tale of pop's tortured genius.

Crime of the Century is a comprehensive book about classic rock's connections to true crime cases with over twenty true stories of classic rock musicians and their encounters with murderers, and musicians who committed murders. Inside the book you'll find the most famous stories like how The Beach Boys met Charles Manson and how Phil Spector went from legendary producer to convicted murderer. There are stories of how classic rockers encountered some of the most notorious serial killers like The Kinks meeting John Wayne Gacy on their 1965 American tour and Debbie Harry allegedly getting into Ted Bundy's car in the early 70s. You'll see how the Manson Family's classic rock connections run deeper than you thought with their encounters with Neil Young, John Phillips, Tony Valentino, Phil Ochs, and Frank Zappa. You'll also learn how classic rockers were only a few degrees of separation from presidential assassinations and attempted assassinations like The Band meeting Jack Ruby, Squeaky Fromme pursuing Jimmy Page, and John Hinckley's encounter with DEVO and how they used the poem he wrote for Jodie Foster as song lyrics. It's a wild and crazy ride through classic rock history. But believe it or not, these are all true stories.

The New Rolling Stone Album Guide Hal Leonard Corporation

A "fascinating, intimate" oral history of the golden age of the rock concert based on nearly 100 interviews with musicians, fans, and others (*Publishers Weekly*). Decades after the rise of rock music in the 1950s, the rock concert retains its power as a unifying experience—and as a multi-billion-dollar industry. In *Rock Concert*, acclaimed music writer Marc Myers delves into the history of this

cultural phenomenon, weaving together ground-breaking accounts from the people who were there. Myers combines the tales of icons like Joan Baez, Ian Anderson, Alice Cooper, Steve Miller, Roger Waters, and Angus Young with the disc jockeys, audio engineers, and music journalists, and promoters who organized it all, like Michael Lang, co-founder of Woodstock, to create a rounded and vivid account of live rock's stratospheric rise. *Rock Concert* offers a backstage view of rock 'n' roll as it evolved through live performance—from the rise of R&B in the 1950s, to the hippie gatherings of the '60s, and the growing arena tours of the '70s and '80s. Elvis Presley's gyrating hips, the "British Invasion" of the Beatles, the Grateful Dead's free flowing jams, and Pink Floyd's *The Wall* are just a few of the defining musical acts that drive this rich narrative.

Rock & Roll in Kennedy's America Rowman & Littlefield

Since the 1960s a fresh wave of new religions and what has come to be termed 'spiritualities' have been evident on a global scale. This volume in *The Library of Essays on Sexuality and Religion* focuses on these 'new' religions and their often contentious attitudes towards human sexuality. Part 1, through previously-published articles, provides instances of affirming orientations of the 'new' religions towards sexuality. This entails scrutinising examples of innovative religion from a historical perspective, as well as those of a more contemporary nature. Part 2 examines, with pertinent illustrations, the controversial character of 'new' religions in their 'cultist' forms and matters of sexual control and abuse. Part 3 considers sexuality as articulated through paganism, the occult and esotericism in the postmodern setting. Part 4 examines both hetero- and non-hetero- expressions of sexuality through the so-called 'New Spiritualities', Quasi-religions and the more 'hidden' forms of religiosity.
