MAYRA MARITZA

World War Two Rosetta Books

Since its publication in 1960, William L. Shirer's monumental study of Hitler's German Empire has been widely acclaimed as the definitive record of this century's blackest hours. The Rise and Fall of the Third Reich offers an unparalleled and thrillingly told examination of how Adolf Hitler nearly succeeded in conquering the world. With millions of copies in print around the globe, it has attained the status of a vital and enduring classic.

A Native's Return, 1945-1988 Random House

The prominent journalist, historian, and author—an eyewitness to some of the most pivotal events of the twentieth century—tells the story of his final years. In the last book of a three-volume series, William L. Shirer recounts his return to Berlin after the Third Reich's defeat, his shocking firing by CBS News, and his final visit to Paris sixty years after he first lived there as a cub reporter in the

1920s. It paints a bittersweet picture of his final decades, friends lost to old age, and a changing world. More personal than the first two volumes, this final installment takes an unflinching look at the author's own struggles after World War II—and his vindication after the publication of *The Rise and Fall of the Third Reich*, his most acclaimed work. It also provides intimate details of his often-troubled marriage. This book gives readers a surprising and moving account of the last years of a true historian—and an important witness to history.

Rise and Fall of the Third Reich St. Martin's Press

Bendersky (history, VA Commonwealth Univ.) supplies an incisive introduction to the Nazi regime, employing both narrative and analytical approaches to account for Hitler's rise to power, Nazi ideology, the polycratic nature of the regime, territorial expansion, and the Final Solution. The second edition of his 1984 book (CH, Oct'85) features expanded coverage of German women, a review of recent Holocaust scholarship, new photographs and illustrations, and annotated bibliographies entitled "Subjects Recommended for Research." Building upon his previous study, Carl Schmitt: Theorist for the Reich, Bendersky provides an exceptionally thoughtful discussion of

German constitutional and legal matters. His synthesis offers an attractive alternative for classroom use to narratives by Jackson Spielvogel, Donald Wall, and Alan Wilt. Recommended.

The Rise and Fall of Adolf Hitler Rosetta Books

"Riveting...An elegantly composed study, important and even timely" (Kirkus Reviews, starred review) history of the Third Reich—how Adolf Hitler and a core group of Nazis rose from obscurity to power and plunged the world into World War II. In "the new definitive volume on the subject" (Houston Press), Thomas Childers shows how the young Hitler became passionately political and anti-Semitic as he lived on the margins of society. Fueled by outrage at the punitive terms imposed on Germany by the Versailles Treaty, he found his voice and drew a loyal following. As his views developed, Hitler attracted like-minded colleagues who formed the nucleus of the nascent Nazi party. Between 1924 and 1929, Hitler and his party languished in obscurity on the radical

fringes of German politics, but the onset of the Great Depression gave them the opportunity to move into the mainstream. Hitler blamed Germany's misery on the victorious allies, the Marxists, the Jews, and big business—and the political parties that represented them. By 1932 the Nazis had become the largest political party in Germany, and within six months they transformed a dysfunctional democracy into a totalitarian state and began the inexorable march to World War II and the Holocaust. It is these fraught times that Childers brings to life: the Nazis' unlikely rise and how they consolidated their power once they achieved it. Based in part on German documents seldom used by previous historians, *The Third Reich* is a “powerful...reminder of what happens when power goes unchecked” (San Francisco Book Review). This is the most comprehensive and readable one-volume history of Nazi Germany since the classic *The Rise and Fall of the Third Reich*.

[Defying Hitler](#) Oxford University Press

"An enthralling work of popular history that vividly resurrects the web of everyday Germans who resisted Nazi rule"--

[The Rise and Fall of Adolf Hitler](#) Simon & Schuster

The story of legendary American journalist William L. Shirer and how his first-hand reporting on the rise of the Nazis and on World War II brought the devastation alive for millions of Americans When William L. Shirer started up the Berlin bureau of Edward R. Murrow's CBS News in the 1930s, he quickly became the most trusted reporter in all of Europe. Shirer hit the streets to talk to both the everyman and the disenfranchised, yet he gained the trust of the Nazi elite and through these contacts obtained a unique perspective of the party's rise to power. Unlike some of his esteemed colleagues, he did not fall for Nazi propaganda and warned early of the consequences if the Third Reich was not stopped. When the Germans swept into Austria in 1938 Shirer was the only American reporter in Vienna, and he broadcast an eyewitness account of the annexation. In 1940 he was embedded with the invading German army as it stormed into France and occupied Paris. The Nazis insisted that the armistice be reported through their channels, yet Shirer managed to circumvent the German censors and again provided the only live eyewitness account. His notoriety grew inside the Gestapo, who began to build a charge of espionage against him. His life at risk, Shirer had to escape from Berlin early in the war. When he returned in 1946 to cover the Nuremberg trials, Shirer had seen the full arc of the Nazi menace. It was that experience that inspired him to write *The Rise and Fall of the Third Reich*—the magisterial, definitive history of the most brutal ten years the modern world had known—which has sold millions of copies and has become a classic. Drawing on never-before-seen journals and letters from Shirer's time in Germany, award-winning reporter Steve Wick brings to life the maverick journalist as he watched history unfold and first shared it with the world.

A History of Nazi Germany Random House Books for Young Readers

Pulitzer Prize-winning historian John Toland's classic, definitive biography of Adolf Hitler remains the most thorough, readable, accessible, and, as much as possible, objective account of the life of a man whose evil affect on the world in the twentieth century will always be felt. Toland's research provided one of the final opportunities for a historian to conduct personal interviews with over two hundred individuals intimately associated with Hitler. At a certain distance yet still with access to many of the people who enabled and who opposed the führer and his Third Reich, Toland strove to treat this life as if Hitler lived and died a hundred years before instead of within his own memory. From childhood and obscurity to his desperate end, Adolf Hitler emerges , in Toland's words, "far more complex and contradictory . . . obsessed by his dream of cleansing Europe Jews . . . a hybrid of Prometheus and Lucifer."

himself. In the summer of 1939 Hitler was at the zenith of his power. The Nazis had consolidated political control in Germany and a series of foreign-policy coups had restored Germany to the status of a major world power. He now embarked on realizing his lifelong ambition: to provide the German people with the resources they needed to flourish and to exterminate those who stood in the way. Yet despite a series of stunning initial triumphs, Hitler's decision to invade the Soviet Union in 1941 turned the tide for good. Now, Volker Ullrich offers fascinating new insight into Hitler's character and personality, vividly portraying the insecurity, obsession with minutiae, and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures; and, ultimately, when he realized the war was not winnable, to embark on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory. This is a masterful account of a spectacular downfall, and an essential addition to our understanding of Hitler and the Second World War.

The Rise and Fall of the Third Reich The Rise and Fall of the Third ReichA History of Nazi Germany

Historical about Nazi Germany

The Nightmare Years, 1930-1940 Simon & Schuster

The author of the international bestseller *The Rise and Fall of the Third Reich* offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, *The Rise and Fall of the Third Reich*, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. *Berlin Diary* is Shirer's first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author's thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer's *Berlin Diary* is an essential historical record that illuminates one of the darkest periods in human civilization.

Originally published: Germany: S. Fischer Verlag.

[The Rise and Fall of the Third Reich](#) David Anversa

Throughout his life, Hugh Trevor-Roper sought to understand the forces that had allowed Nazism to emerge in Germany society. This book represents the most important and compelling aspects of his work on the Third Reich. It demonstrates the force, coherence and durability of his underlying convictions and arguments, combining vivid reporting and the re-creation of contemporary experience with a long-term perspective on the Nazi phenomenon.

The Start, 1904-1930 New York : Simon and Schuster

The former CBS foreign correspondent provides an invaluable look back at his life—and the events that forged the twentieth century. A renowned journalist and author of *The Rise and Fall of the Third Reich*, William L. Shirer chronicles his own life story—in a personal history that parallels the greater historical events for which he served as a witness. In the first of a three-volume series, Shirer tells of his early life, growing up in Cedar Rapids, and later serving as a new reporter in Paris. In this surprisingly intimate account, Shirer details his youthful challenges, setbacks, rebellions, and insights into the world around him. He offers personal accounts of his friendships

with notable people including Isadora Duncan, Ernest Hemingway, and Sinclair Lewis. This fascinating personal account also provides an illuminating look into a lost pre-World War II era—and is notable as much for its historical value as for its autobiographical detail. Ideal for anyone fascinated by this period in history.

Adolf Hitler Young Voyager

“A vivid and unforgettable word picture of the destruction of Nazi Germany” (The New York Times).

A radio broadcaster and journalist for Edward R. Murrow at CBS, William Shirer was new to the world of broadcast journalism when he began keeping a diary while on assignment in Europe during the 1930s. It was in 1940, when he was still a virtual unknown, that Shirer wondered whether his eyewitness account of the collapse of the world around Nazi Germany could be of any interest or value as a book. Shirer's *Berlin Diary*, which is considered the first full record of what was happening in Germany during the rise of the Third Reich, appeared in 1941. The book was an instant success—and would not be the last of his expert observations on Europe. Shirer returned to the European front in 1944 to cover the end of the war. As the smoke cleared, Shirer—who watched the birth of a monster that threatened to engulf the world—now stood witness to the death of the Third Reich. End of a *Berlin Diary* chronicles this year-long study of Germany after Hitler. Through a combination of Shirer's lucid, honest reporting, along with passages on the Nuremberg trials, copies of captured Nazi documents, and an eyewitness account of Hitler's last days, Shirer provides insight into the unrest, the weariness, and the tentative steps world leaders took towards peace.

Berlin Diary Pan

National Book Award Winner: The definitive account of Nazi Germany and “one of the most important works of history of our time” (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. *The Rise and Fall of the Third Reich* earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, *The Rise and Fall of the Third Reich* is a chilling and illuminating portrait of mankind's darkest hours. “A monumental work.” —Theodore H. White

Hitler: Downfall Boston : Little, Brown

Michael Burleigh's *The Third Reich* presents a major study of one of the twentieth century's darkest periods. Until now there has been no up-to-date, one-volume, international history of Nazi Germany, despite its being among the most studied phenomena of our time. *The Third Reich* restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule. Filled with human and moral considerations that are missing from theoretical accounts, Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in, or repelled by, Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations. It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations, recruitment of foreign labor, and multinational armies.
