The #1 New York Times bestselling series is hotter than ever, and this thrilling conclusion to the Lost Continent Prophecy arc is a must-read! With talons united... Luna has always wanted to change the world -- to fix it, to free it -- even if she's never actually known how. Now that all of dragon - and humankind are in mortal danger, Luna is flying back home to Pantala with a team of dragons on a rescue mission, determined to be brave and useful. But saving a continent isn't as easy as a prophecy makes it sound, and "facing a great evil" definitely

requires more than the fiery silk that Luna is uniquely able to create. As she fights her way to the abyss that hides the dark roots poisoning Pantala, Luna must uncover a long-buried secret and unite her friends, her enemies, and her own powers. If she doesn't, she won't get to change the world. She'll have to say goodbye to it -- forever.

The Lost Continent
Scholastic Inc.

The Lost Continent, initially published as a serial in 1899, remains one of the enduring classics of the "lost race" genre. In it we follow Deucalion, a warrior-priest on the lost continent of Atlantis, as he tries to battle the influence of an egotistical upstart empress. Featuring

magic, intrigue, mythical monsters, and fearsome combat on both land and sea, the story is nothing if not a swashbuckling adventure. The Lost Continent was very influential on pulp fiction of the subsequent decades, and echoes of its style can be found in the work of Edgar Rice Burroughs, Robert E. Howard, and others. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Lost Heir (Wings of Fire #2) Wings of Fire

When Moonwatcher, a young NightWing with secret powers, begins school at the academy started by the dragonets of destiny after the end of the war, she soon realizes

that someone is attacking the students. Moon must choose whether to help or continue to hide her gifts.

Moon Rising (Graphic Novel) Graphix

Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against

their will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended... Why Evolution is True
Standard Ebooks

The first-ever special edition of the New York Times bestselling Wings of Fire series soars back in time to the origin of Pyrrhia's most dangerous dragon: Darkstalker. Three dragons. One unavoidable, unpredictable destiny. This is the beginning... of the end. In the SeaWing kingdom, a young prince learns he is an animus -- capable of wonderful magic that comes with a terrible price. In the mind of a NightWing dragonet, a thousand futures unfold -- and almost all of them, she knows, lead to disaster and destruction. And under three full moons

and the watchful eyes of his NightWing mother and IceWing father, the most powerful dragon Pyrrhia will ever know is clawing his way out of his egg. Darkstalker, the dragon who will change the world forever. Long before the SandWing war, lifetimes before the Dragonet Prophecy... darkness is born.

Winter Turning (Wings of Fire #7) Scholastic Press

The WINGS OF FIRE saga continues! Deep in the rain forest, danger awaits... Glory knows the dragon world is wrong about her tribe. After all, she isn't "as lazy as a RainWing" -- she isn't lazy at all! Maybe she wasn't meant to be one of the dragonets of destiny, as the older dragons constantly

remind her, but Glory is sharp and her venom is deadly... except, of course, no one knows it. When the dragonets seek shelter in the rain forest, Glory is devastated to find that the treetops are full of RainWings that no dragon could ever call dangerous. They nap all day and know nothing of the rest of Pyrrhia. Worst of all, they don't realize -- or care -- that RainWings are going missing from their beautiful forest. But Glory and the dragonets are determined to find the missing dragons, even if it drags the peaceful RainWing kingdom where they never wanted to be -- in the middle of the war.
