**Wes Anderson** DK Publishing (Dorling Kindersley)

Rushmore is the second work from the team of Wes Anderson and Owen Wilson following the success of their debut screenplay and film *Bottle Rocket*. It is a refreshingly offbeat comedy about young Max Fish, a precocious pupil at a conservative private school. He is a live wire, a teenager full of madcap entrepreneurial schemes that usually in failure. His personal life becomes similarly complicated when he falls for his elegant teacher, Rosemary Cross, and finds himself vying for her favor with Herman Blume—who is portrayed in the film by Bill Murray—the wealthy father of two of his classmates. Max ultimately proves himself a figure of some tenacity as he negotiates the minefield of love, desire, and adolescence. At the Toronto Film Festival, Screen International called *Rushmore* "a real charmer filled with surprise twists and emotions that avoid sentimentality . . . A little gem."

**Diving for Sunken Treasure** Gildan Media LLC aka G&D Media (Book). The Grand Budapest Hotel recounts the adventures of

Gustave H (Ralph Fiennes), a legendary concierge at a famous European hotel between the wars, and Zero Moustafa (Tony Revolori), the lobby boy who becomes his most trusted friend. Acting as a kind of father figure, M. Gustave leads the resourceful Zero on a journey that involves the theft and recovery of a priceless Renaissance painting; the battle for an enormous family fortune; a desperate chase on motorcycles, trains, sledges and skis; and the sweetest confection of a love affair all against the backdrop of a suddenly and dramatically changing Continent. Inspired by the writings of Stefan Zweig, *The Grand Budapest Hotel* recreates a bygone era through its arresting visuals and sparkling dialogue. The charm and vibrant colors of the film gradually darken with a sense of melancholy as the forces of history conspire against our hero and his vanishing way of life. Written and directed by Wes Anderson, whose films include *The Royal Tenenbaums*, *Moonrise Kingdom*, and *Fantastic Mr. Fox*. The film also stars Jude Law, Tilda Swinton, Edward Norton, Jeff Goldblum, Harvey Keitel, Adrian Brody, Saoirse Ronan, Lea Seydoux, Bill Murray and Owen Wilson.

The official behind-the-scenes companion to *The French Dispatch* and the latest volume in the bestselling Wes Anderson Collection

series *The French Dispatch*—the tenth feature film from writer-director Wes Anderson—is a love letter to journalists set at the titular American newspaper in the fictional 20th-century French city of Ennui-sur-Blasé. The film stars a number of Anderson's frequent collaborators, including Bill Murray as the newspaper's editor in chief; Owen Wilson, Tilda Swinton, and Frances McDormand, as well as new players Jeffrey Wright, Benicio del Toro, Elisabeth Moss, and Timothée Chalamet, who bring to life a collection of stories published in *The French Dispatch* magazine. In this latest one-volume entry in *The Wes Anderson Collection* series—the only book to take readers behind the scenes of *The French Dispatch*—everything that goes into bringing Anderson's trademark style, meticulous compositions, and exacting production design to the screen is revealed in detail. Written by film and television critic and *New York Times* bestselling author Matt Zoller Seitz, *The Wes Anderson Collection: The French Dispatch* presents the complete story behind the film's conception, anecdotes about the making of the film, and behind-the-scenes photos, production materials, and artwork.

#### **Principles of Management** Simon and Schuster

A scintillating collection of inspirations for Wes Anderson's star-studded tenth film *The French Dispatch*—fascinating essays on the expatriate experience in Paris by some of the twentieth century's finest writers. A glimpse of post-war France through the eyes and words of 14 (mostly) expatriate journalists including Mavis Gallant, James Baldwin, A.J. Liebling, S.N. Behrman, Luc Sante, Joseph Mitchell, and Lillian Ross; plus, portraits of their editors William Shawn and *New Yorker* founder Harold Ross. Together: they invented modern magazine journalism. Includes an introductory interview by Susan Morrison with Anderson about transforming fact into a fiction and the creation of his homage to these exceptional reporters.

#### *Beware of Pity* Penguin

A true story of riveting psychological intensity by the assistant D.A. who prosecuted the captor of "the girl in the box". Called the "sex slave," and "the girl in the box" case, this is the story behind Colleen Stan's terrifying, seven-year-long imprisonment by Cameron Hooker as told by the district attorney who tried the case. Too bizarre to be anything but true, it is a tale of riveting intensity and gripping courtroom drama.

Synthesizes the empirical literature on organizational structuring to answer the question of how organizations structure themselves --how they resolve needed coordination and division of labor.

Organizational structuring is defined as the sum total of the ways in which an organization divides and coordinates its labor into distinct tasks. Further analysis of the research literature is needed in order to build a conceptual framework that will fill in the significant gap left by not connecting a description of structure to its context: how an organization actually functions. The results of the synthesis are five basic configurations (the Simple Structure, the Machine Bureaucracy, the Professional Bureaucracy, the Divisionalized Form, and the Adhocracy) that serve as the fundamental elements of structure in an organization. Five basic parts of the contemporary organization (the operating core, the strategic apex, the middle line, the technostructure, and the support staff), and five theories of how it functions (i.e., as a

system characterized by formal authority, regulated flows, informal communication, work constellations, and ad hoc decision processes) are theorized. Organizations function in complex and varying ways, due to differing flows -including flows of authority, work material, information, and decision processes. These flows depend on the age, size, and environment of the organization; additionally, technology plays a key role because of its importance in structuring the operating core. Finally, design parameters are described - based on the above five basic parts and five theories - that are used as a means of coordination and division of labor in designing organizational structures, in order to establish stable patterns of behavior. #### *My Antonia* Abrams

Wes Anderson on Stefan Zweig: "I had never heard of Zweig...when I just more or less by chance bought a copy of *Beware of Pity*. I loved this first book. I also read *The Post-Office Girl*. *The Grand Budapest Hotel* has elements that were sort of stolen from both these books. Two characters in our story are vaguely meant to represent Zweig himself — our "Author" character, played by Tom Wilkinson, and the theoretically fictionalised version of himself, played by Jude Law. But, in fact, M. Gustave, the main character who is played by Ralph Fiennes, is modelled significantly on Zweig as well." The great Austrian writer Stefan Zweig was a master anatomist of the deceitful heart, and *Beware of Pity*, the only novel he published during his lifetime, uncovers the seed of selfishness within even the finest of feelings. Hofmiller, an Austro-Hungarian cavalry officer stationed at the edge of the empire, is invited to a party at the home of a rich local landowner, a world away from the dreary routine of the barracks. The surroundings are glamorous, wine flows freely, and the exhilarated young Hofmiller asks his host—s lovely daughter for a dance, only to discover that sickness has left her painfully crippled. It is a minor blunder that will destroy his life, as pity and guilt gradually implicate him in a well-meaning but tragically wrongheaded plot to restore the unhappy invalid to health.

Philip Horkman is a happy man, the owner of a pet store called *The Wine Shop*, and on Sundays a referee for a local kids' soccer league. Jeffrey Peckerman is the proud and loving father of a star athlete in the girls' ten-and-under soccer league, and he's not exactly happy with the ref. The two of them are about to collide in a swiftly escalating series of events that will send them running for their lives, pursued by the police, soldiers, subversives, bears, revolutionaries, pirates, and a black ops team that does not exist. Where all that takes them you can't even begin to guess, but the literary journey there is a masterpiece of inspiration, chaos, and unadulterated, well, lunacy. And they might even learn a lesson or two along the way.

**Wes Anderson's Symbolic Storyworld** Columbia University Press

From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road* comes a "profoundly disturbing and gorgeously rendered" novel (*The Washington Post*) that returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes—including masculinity, ethical responsibility, and the nature of evil—it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove*, *2001*, *A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.

Wes Anderson is considered one of the most important directors of the post-Baby Boom generation, making films such as *Rushmore* (1998) and *The Royal Tenenbaums* (2001) in a style so distinctive that his films are often recognizable from a single frame. Through the travelogue *The Darjeeling Limited* (2007) and the stop-motion animation of *Fantastic Mr. Fox* (2009), his films examine issues of gender, race, and class through dysfunctional family dynamics, with particular focus on masculinity and male bonding. Anderson's auteur status is enriched by his fascination with Truffaut and the French New Wave, as well as his authorship of every one of his screenplays, drawing on influences as diverse as Mark Twain, J. D. Salinger, Roald Dahl, and Stefan Zweig. Works such as *Moonrise Kingdom* (2012) and *The Grand Budapest Hotel* (2014) continue to fascinate with their postmodern, hyper-nostalgic attention to detail. This book explores the filmic and literary influences that have helped make Anderson a major voice in 21st century "indie" culture, and reveals why Wes Anderson is one of the most inventive filmmakers working in cinema today.
