 Gog and Magog, Yawm al-Qiyamah, Yawm al-Din, The Day of Judgment opens with a meeting of highly secretive Islamic jihadists who have a well-organized and ingenious plan to cripple the United States and Europe. The leader cautions his followers--true believers all--to be patient. On the other side of the world, a former federal prosecutor named Elizabeth Rowan is beginning the first of many steps in a meteoric rise up the federal ladder which will culminate in her being appointed president. First, however, highly placed people have to be proved to be corrupt, and some to die, to open her way. Her predecessor is an idealist whose life's ambition is to achieve world peace. He makes unprecedented compromises with Islam's rulers and its jihadists in order to achieve that goal. The leader of the jihadists recognizes an opportunity to lull the American president and his people into a stupor by offering them belief in an end to terrorism and the promise of real peace. While the West sleeps, the terrorists plan and put into place a nuclear holocaust to bring about a permanent crippling to America and Europe.

Since the invention of pen and paper, four books have been studied and analyzed more than all others: the Torah, the Gospel, the Qur'an, and Sahih Al-Bukhari. While there have been numerous translations of the first three, there has never been a complete translation of Sahih Al-Bukhari—due to its immense size and utter complexity—until now. After more than ten years of continuous research and translation by multiple layers of linguists, the Arabic Virtual Translation Center is pleased to announce the publication of the first-ever complete English translation of Sahih Al-Bukhari with full sanad and commentary. This is a full and accurate translation of Sahih Al-Bukhari from cover to cover with the addition of explanatory notes, a glossary of every term, and biographies of all characters. Sahih Al-Bukhari is the biggest collection of authentic hadiths. It lays the foundation of Islam and encompasses all the sharia laws. It details the building blocks of the religion and those who constructed them from the Prophet to the Sahabah to the Tabi'un and everyone who influenced them. It is a well-organized labyrinth of Islamic history that describes every precept and explains it thoroughly. Virtually all books about Islam, from those taught in kindergarten to the ones lectured at Azhar University, are interpretations of Sahih Al-Bukhari. Now, with this encyclopedia in hand, we have the opportunity not to rely solely on the works of shady characters, revisionists, or those with ulterior motives. We can retrieve information from its original source in raw format, connect all the dots, and draw our own conclusions. The entire encyclopedia is in full color and is easy to read and understand. It is recommended that it be viewed on a color monitor to easily distinguish between the different features. This digital version has links to every entry and similar hadiths to facilitate the understanding of each story in full. The encyclopedia is under constant review and is continuously revised and updated. Each update is assigned a distinct version number. It is only once in a generation that a must-read encyclopedia of this magnitude comes to life, and all of us can benefit from it. Benefit from it in this life and the life to come.

In this seminal work, the author suggests that each chapter of the Qur'an contains at least one distinct theme that underlies and shows the logical connection between every verse of that chapter. Moreover, he proposes that the chapters themselves take together make up a deliberate and unique portrait of human beings and of spiritual life. Finally, the author argues that the secrets to the themes are contained and shown in the hadith literature describing the spiritual rewards and effects (fada il) of various different chapters of the Qur'an.

The Mysterious Alexandra Tarasova-Yusupov is historical fiction about the glory years and the end of Tzarist Russia, and the time when Australia came into its own. It is a tale of swashbuckling heroes, ferocious pirates, and ruthless business tai-pans. The book chronicles the life of a woman who could outcompete them all, but could not conquer her own demons. Alexandra was at once lovable, beguiling, reasonable, and admirable, but also despicable, disenchanting, capricious, and—at times—deplorable. She was always mysterious.

This text is a response to the erroneous Ahmadiyya (Qadiani) beliefs about the alleged prophet-hood of Mirza Ghulam Ahmad. It discusses in depth the finality of prophet-hood with Prophet Muhammad in light of the Qur'an and traditions (ahadith). It also refutes the claims that connect Imam Mahdi with Mirza Ghulam Ahmad. The Tale of Prophet Dhul-Qarnayn AS (Iskandar Zulkarnaen) And Gog Magog (Yajuj Majuj) English Edition Hardcover Version. Prophet Dhul-Qarnayn AS or Iskandar Zulkarnaen ("he of the two horns" (or "he of the two ages"), appears in Surah 18 verses 83-101 of The Holy Quran one who travels to east and west and erects a wall between mankind and Gog and Magog (Ya'juj and Ma'juj). Elsewhere The Holy Quran tells how the end of the world would be signaled by the release of Gog and Magog from behind the wall, and their destruction by Allah SWT (God) in a single night would usher in the Day of Resurrection (Yawm al-Qiyamah). Similarities between The Holy Quran and the Syriac Alexander Legend were also identified in recent research.

The series Religion and Society (RS) contributes to the exploration of religions as social systems—both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

Religion is any cultural system of designated behaviors and practices, world views, texts, sanctified places, ethics, or organizations, that relate humanity to the supernatural or transcendental.

Religions relate humanity to what anthropologist Clifford Geertz has referred to as a cosmic "e;order

of existence";. However, there is no scholarly consensus over what precisely constitutes a religion. World Religions examines the often conflicting theories and interpretations of spiritual and historical matters and provides a basic understanding of the world's religious diversity. This book is a commendable endeavour to present the essence of all the major religions of the world under one cover in a simple and lucid form. An ideal work for a general reader who wants to have firsthand knowledge about world religions. The book Introduction to World Religions promotes a better understanding of the religions of the world, their similarities and history of amicable co-existence. It emphasizes better understanding and amicable co-existence of all religions.

Indian philosophy was more decisively established with the Upanishads, the first of which may have been written in the 7th century BC. Early Upanishads, which dominate the late ancient period of thought, were key to the emergence of several classical philosophies. In the Upanishads, views about Brahman and atman were proposed. Buddhism, now a major world religion, also appeared in the ancient period of Indian philosophy. The Buddha, the founder of Buddhism, lived during the 6th century BC. Religious, or spiritual, metaphysics, a field that currently receives little attention among philosophers in academia in the West, considers the question of the nature of a Supreme Being and its relation to the world. Indian Buddhism, Advaita Vedanta, and theistic Vedanta all have contributed to this debate. Within spiritual metaphysics, an insistence on spiritual monism is probably the most important consideration that Indian thought upholds, though with numerous variations: Much Buddhist philosophy promotes the idea of the interdependence of everything; theistic Vedanta finds no gap between the world and God; and Advaita Vedanta insists that everyone's true self is nothing other than Brahman, the Absolute. This book presents information on some of the basic concepts of this subject. Contents: • Zoroastrianism • Judaism • Christianity • Islam • Tribal Religions of India • Phenomenology • Vedanta Philosophy • Maya: Nature and Arguments

SUNY Press

When I wrote the first edition of this book, "Worship Your Lord," which is the second book of the Right Belief Series, I intended to connect Volume I "Know Your Lord" with Volume II "Worship Your Lord." I am simply saying the correct knowledge of Allah (s.w.t) must lead to worshipping Him. I also intend for the content to help the readers familiarize themselves with the different categories of Monotheism (Tawheed). I intend to simplify the subject of Monotheism (Tawheed), which can help advance the Call of Monotheism (Tawheed), especially for Muslims living in the West. Furthermore, this book will acquaint Muslims with the methodology of understanding of the faithful adherents (Ahlul Sunnah Wal Jama'ah) to the Quran and the Prophetic Tradition (Sunnah). Until recently, something shocking happened. A Layman Muslim asked Yasir Qadhi the following question: "What is the ruling on invoking the engraved saints (Awlyia)?" Yasir Qadhi answered him publicly, saying, "...The second opinion is the opinion that invoking the saints (Awliya)... it is Haram (Unlawful), and it is evil, and evil innovation, a religions innovation, a Bid'ah, and it is a steppingstone to Shirk (Polytheism). It is opening the doors to Shirk (Polytheism). But it is not Shirk(Polytheism) in and of itself unless that action is accompanied by a belief that you are calling out to a god. I myself am an advocate of this second position." It was shocking to witness someone who is knowingly and willfully encouraging grave worshiping when it is a clear-cut demolition of the Universal Declaration of Faith (Lā ilāha illa Allāh). Yet the hearts of his fans, loyalists remain neutral, and their tongues remain silent? Lā ilāha illa Allāh comprises two pillars: the complete negation of any form of worship to others than Allah (s.w.t), and the unquestionable and firm affirmation of all forms of worship only to Allah (s.w.t). Yasir Qadhi is a learned person who used to be amongst those whom Allah (s.w.t) honored to defend and preserve this Declaration (Kalimah), but now says that worshipping the graves is everything terrible, evil, sin, innovation, a steppingstone, and a door opener, but not Polytheism (Shirk). Meanwhile, many people's dilemmas, including his Facebook fans and other learned Shaykhs in his circle, secure their livelihoods and prestige. So, do they have no care for what happens to the religion? What benefits does one gain from his adherence to the religion, what good is left in him towards Allah (s.w.t), His religion, and His Messenger (s.a.w) when he sees Allah's (s.w.t) boundaries and sacredness being transgressed? Hence, I decided to introduce a revised second edition of the book titled 'Lā ilāha illa Allāh,' and to include two additional parts to address and refute Yasir Qadhi's recent grave worship blunder. I ask Allah (s.w.t) to make this work of benefit to Muslims, including our brother Yasir Qadhi. May Allah (s.w.t) guide us all. Ameen. Imam Karim Abu Zaid
