That's significant because before Covid was a factor, traders were expecting the stock market to trend downwards. At the top of the pre-pandemic bull market, Ringgenberg's index of short-selling index read 1.28. Today it's back up to 1.26. 3. Use a printable tracker for teaching kids stocks. An easy way to teach your kid about financial topics like the stock market is simply by letting them track the stock market for themselves. Using the printable stock tracker, look up three or four stocks together and write them down—and get creative on what stocks you track.
