Let Me Tell You a Story Catapult

Born Red is an artistically wrought personal account, written very much from inside the experience, of the years 1966-1969, when the author was a young teenager at middle school. It was in the middle schools that much of the fury of the Cultural Revolution and Red Guard movement was spent, and Gao was caught up in very dramatic events, which he recounts as he understood them at the time. Gao's father was a county political official who was in and out of trouble during those years, and the intense interplay between father and son and the differing perceptions and impact

of the Cultural Revolution for the two generations provide both an unusual perspective and some extraordinary moving moments. He also makes deft use of traditional mythology and proverbial wisdom to link, sometimes ironically, past and present. Gao relates in vivid fashion how students-turned-Red Guards held mass rallies against 'capitalist roader' teachers and administrators, marching them through the streets to the accompaniment of chants and jeers and driving some of them to suicide. Eventually the students divided into two factions, and school and town became armed camps. Gao tells of the exhilaration that he and his comrades experienced at their initial victories, of their deepening disillusionment as they utter defeat as the tumultuous first phase of the Cultural Revolution came to a close. The portraits of the persons to whom Gao introduces us -

classmates, teachers, family members - gain weight and density as the story unfolds, so that in the end we see how they all became victims of the dynamics of a mass movement out of control.

The Red Parts Biteback Publishing

A literary event: a follow-up to the internationally acclaimed poetry bestseller *Autobiography of Red* (“Amazing” -- Alice Munro) that takes its mythic boy-hero into the twenty-first century to tell a story all its own of love, loss, and the power of memory. In a stunningly original mix of poetry, drama, and narrative, Anne Carson brings the red-winged Geryon from *Autobiography of Red*, now called “G,” into manhood, and through the complex labyrinths of the modern age. We join him as he travels with his friend and lover “Sad” (short for Sad But Great), a haunted war veteran; and with Ida, an artist, across a geography that ranges from plains of glacial ice to idyllic green pastures; from a psychiatric clinic to the somber house where G’s mother must face her death. Haunted by Proust, juxtaposing the hunger for flight with the longing for family and home, this deeply powerful verse picaresque invites readers on an extraordinary journey of intellect, imagination, and soul.

The Autobiography is an unpretentious book; it reads much as Williams talked—spontaneously and often with a special kind of salty humor. But it is a very human story, glowing with warmth and sensitivity. It brings us close to a rare man and lets us share his affectionate concern for the people to whom he ministered, body and soul, through a long rich life as physician and writer. William Carlos Williams's medical practice and his literary career formed an undivided life. For forty years he was a busy doctor in the town of Rutherford, New Jersey, and yet he was able to write more than thirty books. One of the finest chapters in the

Autobiography tells how each of his two roles stimulated and supported the other.

Selected by the Modern Library as one of the 100 best nonfiction books of all time A book about romantic love, *Eros the Bittersweet* is Anne Carson's exploration of the concept of "eros" in both classical philosophy and literature. Beginning with, "It was Sappho who first called eros 'bittersweet.' No one who has been in love disputes her," Carson examines her subject from numerous points of view, creating a lyrical meditation in the tradition of William Carlos Williams's *Spring and All* and William H. Gass's *On Being Blue*. Epigrammatic, witty, ironic, and endlessly entertaining, *Eros* is an utterly original book.

What Willow Says Deep Vellum Publishing

Following her widely acclaimed *Autobiography of Red* ("A spellbinding achievement" --Susan Sontag), a new collection of poetry and prose that displays Anne Carson's signature mixture of opposites--the classic and the modern, cinema and print, narrative and verse. In *Men in the Off Hours*, Carson reinvents figures as diverse as Oedipus, Emily Dickinson, and Audubon. She views the writings of Sappho, St. Augustine, and Catullus through a modern lens. She sets up startling juxtapositions (Lazarus among video paraphernalia; Virginia Woolf and Thucydides discussing war). And in a final prose poem, she meditates on the recent death of her mother. With its quiet, acute spirituality, its fearless wit and sensuality, and its joyful understanding that "the fact of the matter for humans is imperfection," *Men in the Off Hours* shows us "the most exciting poet writing in English today" (Michael Ondaatje) at her best.

This is an account of his heroic life fighting fires all over the world - the 800-foot Devil's Cigarette Lighter in Algeria, fires in the giant wells of the Awaz Field in Iran, the sabotaged wells of Sumatra and Libya, and most recently, the Piper Alpha explosion in the North Sea.

A brave teen recounts her debilitating struggle with obsessive-compulsive disorder—and brings readers through every painful step as she finds her way to the other side—in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her

health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison's descent and ultimately hopeful climb out of the depths.

Autobiography of Red Cloud Graywolf Press

The instant New York Times bestseller and companion book to the PBS series. "Absolutely brilliant . . . A necessary and moving work." —Eddie S. Glaude, Jr., author of *Begin Again* "Engaging. . . . In Gates's telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven." —Jon Meacham, New York

Times Book Review From the New York Times bestselling author of *Stony the Road* and *The Black Box*, and one of our most important voices on the African American experience, comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life's blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today's political landscape. At road's end, and after Gates's distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community's most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery's formal eradication, church burnings and bombings by anti-Black

racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn't even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community's most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society's darkest forces, the Black Church has been central, as this enthralling history makes vividly clear.

Autobiography of Red Vintage

The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When

Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. A NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist "Anne Carson is, for me, the most exciting poet writing in English today." --Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing." --Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and immensely engaging book. . . . [Carson] exposes with passionate force the mythic underlying the explosive everyday." --The Village Voice

How To Write An Autobiographical Novel Montana Historical Society

Late in 2004, Maggie Nelson was looking forward to the publication of her book *Jane: A Murder*, a narrative in verse about the life and death of her aunt, who had been murdered thirty-five years before. The case remained unsolved, but Jane was assumed to have been the victim of an infamous serial killer in Michigan in 1969. Then, one November afternoon, Nelson received a call from her mother, who announced that the case had been reopened; a new suspect would be arrested and tried on the basis of a DNA match. Over the months that followed, Nelson found herself attending the trial with her mother and reflecting anew on the aura of dread and fear that hung over her family and childhood--an aura that derived not only from the terrible facts of her aunt's

murder but also from her own complicated journey through sisterhood, daughterhood, and girlhood. *The Red Parts* is a memoir, an account of a trial, and a provocative essay that interrogates the American obsession with violence and missing white women, and that scrupulously explores the nature of grief, justice, and empathy.

Autobiography of Red McClelland & Stewart

"Did I ever tell you about Wilt Chamberlain?" "Did I ever tell you about Bob Cousy?" "Did I ever tell you about Joe DiMaggio?"

Whenever Arnold "Red" Auerbach starts a sentence with those six words -- "Did I ever tell you about . . ." -- anyone within earshot should prepare to hear a marvelous story. As a living legend among sports fans, Red Auerbach -- the fiery coach who led the Boston Celtics to nine NBA championships, eight of them consecutive -- has long been renowned for his formidable personality: brash, opinionated, and unfailingly accurate. As a coach, he had a great eye for talent, drafting such Hall of Famers as Bill Russell and Larry Bird, and managed to build a powerful franchise with an abiding legacy. Red never stood still along the sidelines and was never seen without his trademark cigar. Now in retirement, at age eighty-seven, he remains a lively part of the game, still consulted by coaches, players, and general managers. And his admirers continue to be legion. Not long ago a former president postponed a meeting with Bill Gates so as not to pass up the chance to talk with Red. For the past several years, John Feinstein has met regularly with Red Auerbach and his friends in a series of raucous, unforgettable sessions. Out of those smoke-and-laughter-filled rooms have emerged the stories of Red's life, from his childhood on the playgrounds of Brooklyn to his triumphs

at the famed Boston Garden, where he coached for sixteen years. Just listen as Red colorfully recalls all the players and coaches he has worked with and played against: Bill Russell, Larry Bird, Bob Cousy, Wilt Chamberlain, Sam Jones, and Michael Jordan -- you name them, the basketball greats are all here. Red holds nothing back. In *Let Me Tell You a Story*, Red Auerbach's unique experiences in sports and John Feinstein's unparalleled skills as a storyteller combine to produce one of the most richly entertaining books ever written about the game of basketball.

An intrepid voyage out to the frontiers of the latest thinking about love, language, and family Maggie Nelson's *The Argonauts* is a genre-bending memoir, a work of "autotheory" offering fresh, fierce, and timely thinking about desire, identity, and the limitations and possibilities of love and language. It binds an account of Nelson's relationship with her partner and a journey to and through a pregnancy to a rigorous exploration of sexuality, gender, and "family." An insistence on radical individual freedom and the value of caretaking becomes the rallying cry for this thoughtful, unabashed, uncompromising book.

PULITZER PRIZE FINALIST • The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements, while restoring the woman behind the long-held myths about her life and art. "One of the most beautiful biographies I've ever read." —Glennon Doyle, author of #1 New York Times Bestseller, *Untamed* With a wealth of never-before-accessed materials, Heather Clark brings to life the brilliant Sylvia Plath, who had precocious poetic ambition and was an

accomplished published writer even before she became a star at Smith College. Refusing to read Plath's work as if her every act was a harbinger of her tragic fate, Clark considers the sociopolitical context as she thoroughly explores Plath's world: her early relationships and determination not to become a conventional woman and wife; her troubles with an unenlightened mental health industry; her Cambridge years and thunderclap meeting with Ted Hughes; and much more. Clark's clear-eyed portraits of Hughes, his lover Assia Wevill, and other demonized players in the arena of Plath's suicide promote a deeper understanding of her final days. Along with illuminating readings of the poems themselves, Clark's meticulous, compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.
