PoPo's Lucky Chinese New Year Creative Teaching Press

The Chinese New Year is a time to celebrate renewal and fresh beginnings. In America, this holiday has become an important and exciting cultural tradition. Lively illustrations and informative text teach readers about the history and pastimes associated with the Chinese New Year, as well as what they can do to commemorate the day. Additional features to aid comprehension include activities and poetry, informative sidebars, a table of contents, a phonetic glossary, sources for further research, an index, and an introduction to the author and illustrator.

The Runaway Wok Penguin

Sam must decide how to spend the lucky money he's received for Chinese New Year

Alphabetizing Word Search Little, Brown Books for Young Readers  
Describes six-year-old Ernie Wong's preparations, at home and in school, for the Chinese New Year celebrations and his first public performance of the lion dance.

Lion Dancer Penguin

Reading Comprehension and Skills for first grade is designed to help students develop a strong foundation of reading basics so that they will become competent readers who can advance to more challenging texts. It includes engaging passages and stories about a variety of subjects to appeal to all readers. The book also encourages vocabulary development and reinforces reading comprehension through leveled activity pages that target each student's individual needs for support. --Kelley Wingate's Reading Comprehension and Skills series is the perfect choice for both teachers and parents. This valuable reading and comprehension skills practice book provides nearly 100 reproducible pages of exciting activities, 96 durable flash cards, and a motivating award certificate. The differentiated activity pages give students the practice they need at a level that is perfect to help them master basic reading comprehension skills necessary to succeed and are great for use at both school and home.

Meanwhile, Cockeral had spotted something. A raft, he crowed triumphantly. Come on up, he called to Monkey and Sheep.

My First Chinese New Year Little, Brown Books for Young Readers

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism.

Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).

*Nonfiction Reading Comprehension: Social Studies, Grades 1-2*  
Sleeping Bear Press

As Ruby travels to her grandmother's house to bring her a gift for Chinese New Year, she is joined by all of the animals of the zodiac. Includes the legend of the Chinese horoscope and instructions for crafts. Full color.

**A Bad Case of Stripes** Carson-Dellosa Publishing

A #1 NEW YORK TIMES BESTSELLER! Featured in its own episode in the Netflix original show Bookmarks: Celebrating Black Voices! National Book Award winner Jacqueline Woodson and two-time Pura Belpré Illustrator Award winner Rafael López have teamed up to create a poignant, yet heartening book about finding courage to connect, even when you feel scared and alone. There will be times when you walk into a room and no one there is quite like you. There are many reasons to feel different. Maybe it's how you look or talk, or where you're from; maybe it's what you eat, or something just as random. It's not easy to take those first steps into a place where nobody really knows you yet, but somehow you do it. Jacqueline Woodson's lyrical text and Rafael López's dazzling art reminds us that we all feel like outsiders sometimes- and how brave it is that we go forth anyway. And that sometimes, when we reach out and begin to share our stories, others will be happy to meet us halfway. (This book is also available in Spanish, as *El Día En Que Descubres Quién Eres!*)

*Stages of Reading Development* Scholastic Inc.

A beautifully illustrated version of the traditional folktale about the Chinese zodiac from the author of *Deep in the Woods*.

*Kingdom of Characters* Penguin

What does it take to reinvent a language? After a meteoric rise, China today is one of the world's most powerful nations. Just a century ago, it was a crumbling empire with literacy reserved for the elite few, as the world underwent a massive technological transformation that threatened to leave them behind. In *Kingdom*

of Characters, Jing Tsu argues that China's most daunting challenge was a linguistic one: the century-long fight to make the formidable Chinese language accessible to the modern world of global trade and digital technology. Kingdom of Characters follows the bold innovators who reinvented the Chinese language, among them an exiled reformer who risked a death sentence to advocate for Mandarin as a national language, a Chinese-Muslim poet who laid the groundwork for Chairman Mao's phonetic writing system, and a computer engineer who devised input codes for Chinese characters on the lid of a teacup from the floor of a jail cell. Without their advances, China might never have become the dominating force we know today. With larger-than-life characters and an unexpected perspective on the major events of China's tumultuous twentieth century, Tsu reveals how language is both a technology to be perfected and a subtle, yet potent, power to be exercised and expanded.

Sugar Sleeping Bear Press

When her Chinese grandmother comes to visit, a young Chinese-American girl learns of and participates in the customs and beliefs celebrating an authentic Chinese New Year.

Lesson Plan Book Child's World

Mei hates springtime. Why? Because it's only in the spring that

Nian, a fierce dragon, is able to leave his mountain prison under the sea to terrorize the local village. When the villagers hear the rumblings of Nian's hungry stomach, they know that winter has ended and spring is coming. But this year on the night before the first day of spring, a magical warrior visits Mei in her dreams. He tells Mei that it is her destiny to face and defeat Nian. But she must do it within 15 days or the dragon will be free forever. Author Virginia Loh-Hagan (PoPo's Lucky Chinese New Year) gives this retelling of the Nian legend an original twist, while explaining the origins of Chinese New Year traditions.

**The Book Whisperer** Barefoot Books
