## COHEN MCNEIL

*This Ancient Lyre* Sahitya Akademi  
 WINNER, Edward Stanford Travel Writing  
 Awards 2022: Illustrated Travel Book of  
 the Year. From Stephen King's Salem's Lot  
 to the superhero land of Wakanda, from  
 Lilliput of Gulliver's Travels to Springfield  
 in The Simpsons, this is a wondrous atlas  
 of imagined places around the world.  
 Locations from film, tv, literature, myths,  
 comics and video games are plotted in a  
 series of beautiful vintage-looking maps.  
 The maps feature fictional buildings,  
 towns, cities and countries plus mountains  
 and rivers, oceans and seas. Ever  
 wondered where the Bates Motel was  
 based? Or Bedford Falls in It's a Wonderful  
 Life? The authors have taken years to  
 research the likely geography of

thousands of popular culture locations that  
 have become almost real to us.

Sometimes these are easy to work out, but  
 other times a bit of detective work is  
 needed and the authors have been those  
 detectives. By looking at the maps, you'll  
 find that the revolution at Animal Farm  
 happened next to Winnie the Pooh's home.  
 Each location has an extended index  
 entry plus coordinates so you can find it  
 on the maps. Illuminating essays  
 accompanying the maps give a great  
 insight into the stories behind the  
 imaginary places, from Harry Potter's  
 wizardry to Stone Age Bedrock in the  
 Flintstones. A stunning map collection of  
 invented geography and topography  
 drawn from the world's imagination.  
 Fascinating and beautiful, this is an  
 essential book for any popular culture fan  
 and map enthusiast.

This book looks at how legal frameworks can and do reduce risks arising out of disasters. The volume: analyses existing disaster laws and the challenges on the ground; brings together case studies from some of the most vulnerable regions; and proposes solutions to avert existing and possible future crises. The book offers appropriate legal frameworks for disaster management which could not only offer sustainable institutional reforms towards

community resilience and preparedness but also reduce risk within the frameworks of justice, equity and accountability. It examines the intricacies of governance within which governments function and discusses how recent trends in infrastructure development and engineering technology could be balanced within the legal principles of ethics, transparency and integrity. The chapters in the volume suggest that legal frameworks ought to resonate with new challenges of resource management and climate change. Further, these frameworks could help secure citizens' trust, institutional accountability and effective implementation through an unceasing partnership which keeps the community better prepared and more resilient. This volume will be indispensable to scholars and researchers of disaster management, law, public policy, environment and development studies as well as policymakers and those in administrative, governmental, judicial and development sectors.

Ann Marie reads fragments of her dead husband's unfinished book, and the many love letters he sent her, and in them the social and political events of the time. As she ponders over the writing and the years that the brilliant Jithendran squandered working for a toy company that makes drum-playing monkeys, the narrative gives way to the sweeping saga of a village by the river Periyar. Grappling with issues of equality, love, caste, religion and politics, Thachanakkara is a microcosm of twentieth-century Kerala. Told through the history of three generations of a feudal Nair family, this sprawling story is

reminiscent of the craft of Gabriel Garcia Marquez's *One Hundred Years of Solitude* and has the scale of Sunil Gangopadhyay's *Those Days*. Manushyanu Oru Amukham is an artistic meditation on human existence and is a contemporary classic.
