*Recipe Keepsake Book - Favorite Family Recipes* Little, Brown  
Breathtaking tales of climbers and hunters, runners and racers,  
winners and losers by the Pulitzer Prize-winning reporter. New  
York Times reporter John Branch's riveting, humane pieces about  
ordinary people doing extraordinary things at the edges of the  
sporting world have won nearly every major journalism prize.  
Sidecountry gathers the best of Branch's work for the first time,  
featuring 20 of his favorites from the more than 2,000 pieces he  
has published in the paper. Branch is renowned for covering the  
offbeat in the sporting world, from alligator hunting to wingsuit

flying. Sidecountry features such classic Branch pieces, including  
"Snow Fall," about downhill skiers caught in an avalanche in  
Washington state, and "Dawn Wall," about rock climbers trying to  
scale Yosemite's famed El Capitan. In other articles, Branch  
introduces people whose dedication and decency transcend their  
sporting lives, including a revered football coach rebuilding his  
tornado-devastated town in Iowa and a girls' basketball team in  
Tennessee that plays on despite never winning a game. The book  
culminates with his moving personal pieces, including "Children  
of the Cube," about the surprising drama of Rubik's Cube  
competitions as seen through the eyes of Branch's own sports-  
hating son, and "The Girl in the No. 8 Jersey," about a mother  
killed in the 2017 Las Vegas shooting whose daughter happens to  
play on Branch's daughter's soccer team. John Branch has been

hailed for writing “American portraiture at its best” (Susan Orlean) and for covering sports “the way Lyle Lovett writes country music—a fresh turn on a time-honored pleasure” (Nicholas Dawidoff). Sidecountry is the work of a master reporter at the top of his game.

In a world without political freedom, personal freedom and precious little faith in anything comes a mysterious man in a white porcelain mask who fights political oppressors through terrorism and seemingly absurd acts. It's a gripping tale of the blurred lines between ideological good and evil. The inspiration for the hit 2005 movie starring Natalie Portman and Hugo Weaving, this amazing graphic novel is packaged with a collectable reproduction of the iconic V mask.

The Fairy Tale Girl Watson-Guptill

Based on the diaries Susan has kept since she was in her 20s, The Fairy Tale Girl is book one of a two part series. Together the books are an illustrated memoir, charmingly designed in Susan's style with her whimsical watercolors and personal photographs. It's an enchanting story of love and loss, mystery and magic that begins in a geranium-colored house in California, and ends up, like any good fairy tale, on the right side of the rabbit hole, in a

small cottage in the woods on the New England Island of Martha's Vineyard. The Fairy Tale Girl humorously explores Susan's journey as an artist and as a girl/woman, from the 1950s through the 1980s. In the first book of the series we get a revealing view of Susan's early life as the oldest of eight children and the marriage she imagined would be forever; it's filled with inspiration, romance and discovery, and a leap into the unknown. Meticulously researched and beautifully written, the true story of a Japanese American family that found itself on opposite sides during World War II—an epic tale of family, separation, divided loyalties, love, reconciliation, loss, and redemption—and a riveting chronicle of U.S.-Japan relations and the Japanese experience in America After their father's death, Harry, Frank, and Pierce Fukuhara—all born and raised in the Pacific Northwest—moved to Hiroshima, their mother's ancestral home.

Eager to go back to America, Harry returned in the late 1930s. Then came Pearl Harbor. Harry was sent to an internment camp until a call came for Japanese translators and he dutifully volunteered to serve his country. Back in Hiroshima, his brothers Frank and Pierce became soldiers in the Japanese Imperial Army. As the war raged on, Harry, one of the finest bilingual interpreters in the United States Army, island-hopped across the Pacific, moving ever closer to the enemy—and to his younger brothers. But before the Fukuharas would have to face each other in battle, the U.S. detonated the atomic bomb over Hiroshima, gravely injuring tens of thousands of civilians, including members of their family. Alternating between the American and Japanese perspectives, *Midnight in Broad Daylight* captures the uncertainty and intensity of those charged with the fighting as well as the deteriorating home front of Hiroshima—as never told before in English—and provides a fresh look at the dropping of the first atomic bomb. Intimate and evocative, it is an indelible portrait of a resilient family, a scathing examination of racism and xenophobia, an homage to the tremendous Japanese American contribution to the American war effort, and an invaluable addition to the historical record of this extraordinary time.

A daring visionary... 1914. Glittering New York socialite Beatrice Chanler is a force of nature, daunted by nothing—not her humble beginnings, her crumbling marriage, or the outbreak of war. Riding 2,000 miles on horseback from Montana to New Mexico sounds like a crazy but thrilling dream or pure hardship and exhaustion. According to Bernice Ende, the trip was all that and more. Since swinging her leg over the saddle for that first long ride in 2005 (at the age of 50), Ende has logged more than 29,000 miles in the saddle, crisscrossing North America on horseback - alone. More than once she has traversed the Great Plains, the Southwest deserts, the Cascade Range, and the Rocky Mountains. Along the way, she discovered a sense of community and love of place that unites people wherever they live. From 2014-2016, she was the first person to ride coast to coast and back again in one trek, winning acclaim from the international Long Riders' Guild and awe from the people she met along the way. Bernice Ende's memoirs are illuminated by accompanying maps of her routes and photos from her journeys, capturing the instant friends she meets along the way, and her ongoing encounters with harsh weather, wildlife, hard work, mosquitoes, tricky route-finding, and the occasional worn out horseshoe. Ende reveals her inner struggles and triumphs - testing the limits of

physical and mental stamina, coping with inescapable solitude, and the rewards of living life her own way, as she says, "in her own skin." Saddle up and come along for the journey of a lifetime.

Cult graphic novelist Dylan Meconis offers a rich reimagining of history in this beautifully detailed hybrid novel loosely based on the exile of Queen Elizabeth I by her sister, Queen Mary. When her sister seizes the throne, Queen Eleanor of Albion is banished to a tiny island off the coast of her kingdom, where the nuns of the convent spend their days peacefully praying, sewing, and gardening. But the island is also home to Margaret, a mysterious young orphan girl whose life is upturned when the cold, regal stranger arrives. As Margaret grows closer to Eleanor, she grapples with the revelation of the island's sinister true purpose as well as the truth of her own past. When Eleanor's life is threatened, Margaret is faced with a perilous choice between helping Eleanor and protecting herself. In a hybrid novel of fictionalized history, Dylan Meconis paints Margaret's world in soft greens, grays, and reds, transporting readers to a quiet, windswept island at the heart of a treasonous royal plot.

“Taut, almost unbearable suspense . . . This galvanizing historical portrait of courage, determination, and abiding love mesmerizes and shocks.” —Booklist (starred review) “All I had known for certain when I came around the hen house that first evening in July and saw my husband trudging into the yard after lifetimes spent away from us, a borrowed bag in his hand and the shadow of grief on his face, was that he had to be protected at all costs from knowing what had happened in his absence. I did not believe he could survive it.” When Major Gryffth Hockaday is called to the front lines of the Civil War, his new bride is left to care for her husband’s three-hundred-acre farm and infant son. Placidia, a mere teenager herself living far from her family and

completely unprepared to run a farm or raise a child, must endure the darkest days of the war on her own. By the time Major Hockaday returns two years later, Placidia is bound for jail, accused of having borne a child in his absence and murdering it. What really transpired in the two years he was away? Inspired by a true incident, this saga conjures the era with uncanny immediacy. Amid the desperation of wartime, Placidia sees the social order of her Southern homeland unravel as her views on race and family are transformed. A love story, a story of racial divide, and a story of the South as it fell in the war, *The Second Mrs. Hockaday* reveals how that generation--and the next--began to see their world anew.
