Sybex

Build SOA applications on the Microsoft platform with this hands-on book and eBook guide updated

for VS2010

Beginning C# 6

Programming with Visual Studio 2015 Txalaparta

This title prepares readers to develop desktop applications with VB6 and to pass the new MCS D exam #70-176 (Designing and Implementing Desktop Applications with Microsoft Visual Basic 6.0). The exclusive tear-

out Cram Sheet contains acronyms, tips, and memory joggers to improve recall immediately before the exam.

The British National Bibliography Computing McGraw-Hill

As an on-the-job answer book ... a statistical information resource ... a planning and research guide ... and a directory and calendar, The Bowker Annual Library and Book Trade Almanac 2000 delivers the hard-to-find industry news and information you need all

year long. This acclaimed "must have" resource provides: -- Expert reviews of the key trends, events, and developments that will influence your work in 2000 and the years to come -- Plain-English explanations of new legislation and changes in funding programs -- and how it will affect libraries -- Definitive statistics on book prices, numbers of books published, library expenditures, average salaries, and other budget-crunching assistance -- A full

calendar of events, key organizations, names and numbers of important individuals (including e-mail addresses and fax numbers), and much more. This fully updated reference tool makes it easy to stay on top of the developments that affect libraries, booksellers, and publishers alike -- and to find fast answers to the countless on-the-job questions you encounter. You'll use it to: -- Keep informed on the latest trends in networking, the Internet, and other advances -- Locate

information on industry events and organizations -
 - Find lists of best books, literary prizes, winners, and bestsellers -- Prepare budgets and justify requests -- Review recent legislation and regulations affecting your industry -- Learn about emerging trends, needs, problems, and opportunities. ... And that's just the beginning. With The Bowker Annual 2000 on hand, you won't spend hours or even days tracking down needed library or book trade data -- because the information you need is right at your

fingertips.
American Book Publishing Record Prentice Hall Ptr
 This fully updated Second Edition of The Computer and Network Professional's Certification Guide provides the lowdown on the professional certifications that can help advance your career in computing and networking.
Library Journal Coriolis Group Books
 This Microsoft-approved title prepares individuals for the "Designing and Implementing Desktop Applications with

Microsoft Visual Basic 6.0 Certification Exam" (# 70-176). This book covers all new features of Visual Basic 6.0, including the Install Wizard, HTML Help, Deployment Wizard, and all new and revised controls. It also includes topics not required for the exam but necessary for effective solution development.
