Discover Astral Projection Beginners Guide 2nd EDITION Are you interested in exploring the spiritual realm ? Do you want to uncover the mystery surrounding the astral plane ? Do you want to achieve an incredible astral projection experience ? Astral Projection Beginner's Guide offers an exclusive look inside the realm of the spiritual world, which is largely unknown to many individuals in today's society. The techniques explained in this book are very clear and doable, requiring no specialized knowledge and no mystic powers. They are techniques that you will find, at face value, too ordinary to believe. Yet once you get to practice them you will clear any doubts you ever had about ordinary people doing extraordinary things. You will be a living testimony that all you need is basic but important knowledge to do what a mystic can do in terms of astral projection. In this book you will learn: What Astral Projection entails How different astral projection is from an ordinary dream How to prepare your body and your environment for astral projection The different

ways you can learn to project your spiritual energies beyond your body The kind of people who can succeed in astral projection The best time for planned astral travel If there are specific times when you cannot take an astral travel And much, much more.. Buy your copy today!

A classic, enchanting document of Scottish folklore about fairies, elves, and other supernatural creatures. Late in the seventeenth century, Robert Kirk, an Episcopalian minister in the Scottish Highlands, set out to collect his parishioners' many striking stories about elves, fairies, fauns, doppelgängers, wraiths, and other beings of, in Kirk's words, "a middle nature betwixt man and angel." For Kirk these stories constituted strong evidence for the reality of a supernatural world, existing parallel to ours, which, he passionately believed, demanded exploration as much as the New World across the seas. Kirk defended these views in *The Secret Commonwealth*, an essay that was left in manuscript when he died in 1692. It is a rare and fascinating work, an extraordinary amalgam of science, religion, and folklore, suffused with the spirit of active curiosity and bemused wonder that fills Robert Burton's *Anatomy of Melancholy* and the works of Sir Thomas Browne. *The Secret Commonwealth* is not only a remarkable document in the history of ideas but a study of

enchantment that enchants in its own right. First published in 1815 by Sir Walter Scott, then reedited in 1893 by Andrew Lang, with a dedication to Robert Louis Stevenson, *The Secret Commonwealth* has long been difficult to obtain—available, if at all, only in scholarly editions. This new edition modernizes the spelling and punctuation of Kirk's little book and features a wide-ranging and illuminating introduction by the critic and historian Marina Warner, who brings out the originality of Kirk's contribution and reflects on the ongoing life of fairies in the modern mind.

*Wild Talents* captures Charles Fort at his finest, most thought-provoking, and is considered his wittiest work. Containing accounts of--among numerous other bizarre topics--strange coincidences, vampires, werewolves, talking dogs, poltergeist activity, teleportation, witchcraft, vanishing people, spontaneous human combustion, and the escapades of the 'mad bats of Trinidad.' This is essential reading for those who want to learn about the early years of research into the myriad mysteries of this world and beyond. CHARLES HOY FORT (1874-1932), life-long naturalist and independent journalist, wrote ten novels, though only one, *The Outcast Manufacturers* (1906), was published in the U.S. - critics said it was ahead of its time, but it was commercially unsuccessful.

His most recognized work, *The Book of the Damned* (1919), referred to "damned data" that Fort collected, phenomena for which science could not account and was thus rejected or ignored. Upon his death in 1932, more than 60,000 notes were donated to The New York Public Library. *Ancient Teachings for Beginners* by Douglas De Long reveals the mysteries from the distant past and how they can lead to a brighter future in the New Age. It begins with a brief history of spiritual development from before ancient Egypt right up to the present. It continues by explaining the secrets of the aura and the chakras. In this section you'll learn about the importance of the third eye chakra. It is related to the pineal gland and the third eye. Opening the third eye aids intuition, creativity, and psychic abilities. You can do this easily by "toning," "doing vibrational work" or chanting Thoh (rhymes with "toe") at a middle or high "C" note. This triggers a vibration in the pineal which cause the third eye and its chakra to open. The exact techniques are included in the book. If you open the crown chakra (associated with the pituitary gland) you can improve some of your natural psychic abilities, including clairaudience, clairvoyance, and clairsentience. Vibrational work for this chakra uses the sound May. Breathing techniques and the exact way of toning to open the chakra are fully explained. You'll also learn how to see the aura and interpret its colors, as well as how to open all of the chakras. The book also explains techniques to send the mysterious kundalini energy through the chakras. But this book has more! It includes the secrets of

channeling, such as working with angels and spirit guides. It goes on to share methods of astral projection and then reveals the secrets of reincarnation. *Ancient Teachings for Beginners* is easy to understand and the techniques are a snap to use. If you are looking for an introduction to the secrets of the teachings of the ancient mystery schools, this book is for you!

The purpose of *The Phenomenology of Astral Magic*, is not to instruct the student in the practice of astral magic-for this would be irresponsible-but rather to teach the student what the practice of astral magic means, and why the practice of all forms of magic are inherently destructive. This understanding will be of use to all, but will be of particular importance to those who are training in the skills of astral combat, with the express purpose of defending themselves and their loved ones against the perpetual onslaught of negative energy we now all face.

A Guide to Using Out-of-Body Experiences for Spiritual Development The *Astral Codex* is an effective, practical, and comprehensive guide to what out-of-body experiences are, what to see and do in the astral plane, how it fits into the structure of life, and how to use it for spiritual development. Throughout history, seekers of spiritual wisdom have traveled beyond the body into other dimensions to explore a wider reality. Their experiences formed the basis of otherworldly accounts found in many of the world's sacred teachings. Drawing on decades of out-of-body experiences, Belsebuub explains how someone can use astral travel to seek out spiritual knowledge today. The *Astral Codex* is based on the popular "A Course in Astral Travel and Dreams" by Belsebuub-a course created in 2001 that was studied online and in-person, and taken by tens of thousands of people worldwide. 67% of people surveyed who took the course reported having an out-of-body experience as a result of it. The *Astral Codex* includes sections with detailed Q&As from the course. Find out what lucid dreaming and astral projection is. Learn about the multi-dimensional nature of reality. Learn about what the astral plane is and how to travel there.

Discover what dreams mean and how to remember them. Learn how to explore destinations in the astral plane. Discover how to become successful at astral projection. Overcome common obstacles to conscious astral travel. Find out how the mind and emotions affects our ability to perceive other dimensions. Learn about how we leave our body every night with sleep. Discover how dreams and the astral plane are connected. Learn about the different ways someone can have an out-of-body experience (OBE). Discover the stages and sensations of having an OBE. Learn exercises to help train the mind to stay focused on astral techniques. Find out why we have bad dreams and nightmares and where they come from. Discover the reasons why science is limited in its studies on OBEs. Learn how to use astral travel for gaining spiritual knowledge. Learn about the symbolic language of higher dimensions and how to interpret it. And much, much more... Mark Pritchard (writing with the name Belsebuub) is the author of a number of books on out-of-body experiences, dreams, self-discovery, and esoteric wisdom including *A Course in Astral Travel and Dreams* which became a bestseller in its genre, and *Gazing into the Eternal* which was a finalist in the Best Book Awards 2009 in spirituality. He has appeared on over 70 radio and television programs internationally, and writes from decades of spiritual and mystical experience. Visit <http://www.belsebuub.com> for more information.

The *Vital Message* was written by Arthur Conan Doyle. It was first published in Britain in 1919 by Hodder & Stoughton. In "The New Revelation" the first dawn of the coming change has been

described. In "The Vital Message" the sun has risen higher, and one sees more clearly and broadly what our new relations with the Unseen may be. As I look into the future of the human race I am reminded of how once, from amid the bleak chaos of rock and snow at the head of an Alpine pass, I looked down upon the far stretching view of Lombardy, shimmering in the sunshine and extending in one splendid panorama of blue lakes and green rolling hills until it melted into the golden haze which draped the far horizon. Such a promised land is at our very feet which, when we attain it, will make our present civilisation seem barren and uncouth. Already our vanguard is well over the pass. Nothing can now prevent us from reaching that wonderful land which stretches so clearly before those eyes which are opened to see it.
