### **A History of the English Agricultural Labourer**

Routledge

Lesser Feasts and Fasts has not been updated since 2006. This new edition, adopted at the 79th General Convention (resolution A065), fills that need. Biographies and collects associated with those included within the volume have been updated; a deliberate effort has been made to more closely balance the men and women represented within its pages.

The Hard Way Up John  
Wiley & Sons

The study of its literature is a useful guide to the degree of sexual security existing in a culture. ' When a future historian comes to treat of the social taboos of the nineteenth and twentieth centuries in a fourteen-volume life-work, his theories of the existence of an enormous secret language of bawdry and an immense oral literature of obscene stories and rhymes known, in various degrees of initiation, to every man and woman in

the country, yet never consigned to writing or openly admitted as existing, will be treated as a chimerical notion by the enlightened age in which he writes. ' If I were asked to name some characteristics typical of the mid-20th century, I would put first the uncritical worship of money, the spread of nationalism, the tyranny of the orgasm, the homosexual protest and the apotheosis of snobbery. Money, sex, and social climbing motivate society. " The English are, on the whole, an inhibited people. They have a basic prudery and gaucheness in sex matters which sets them apart from almost every other nation in Europe . . . . In England, the realisation that many of the restraints and taboos of Victorian times are unnatural and even psychologically harmful, combined with the decline of organized religion, has led to a considerable laxity in sex matters, particularly since World War II! 1.

**Neither Angels nor Demons** Library of Alexandria  
Despite frequent declarations of the

sanctity of love and marriage, British Protestant culture nurtured the fear that human affection might easily slip into idolatry. Throughout the nineteenth-century, theological essays, sermons, hymns, and didactic fiction and poetry urged the faithful to maintain a constant watch over their hearts, lest they become engrossed by human love, guilty of worshipping the creature rather than the Creator. *Strange Gods: Love and Idolatry in the Victorian Novel* traces the concerns produced in Protestant culture by this broad interpretation of idolatry. In chapters focusing on Charles Kingsley and Charlotte Brontë, Mary Elizabeth Braddon, George Eliot, Oscar Wilde, and Thomas Hardy, this volume shows that even supposedly secular novels obsessively reenact an ideological clash between Protestant faith and human love. Anxiety about adoring humans more than God frequently overshadows and sometimes derails the progress of romance in Victorian novels. By probing this anxiety and its narrative effects,

Strange Gods uncovers how a central Protestant belief exerts its influence over stories about love and marriage.

*The Loving Spirit* Seven Stories Press

The making of a chartist; the rise of physical force toryism; the road to Newport; the years of uncertainty; the General Strike; the Victorian working class and the law; the battle against the bond; on the eve of battle; the Big Strike; uncle Bobby in Lancashire; politics, parliamentary and revolutionary; mid-century malaise; the collapse of chartism; back to the coalfields; the Manchester martyrs; the final tragedy and the ultimate triumph; the people's attorney - a critical appraisal.

*The Tale of Samuel Whiskers or the Roly-Poly Pudding* Springer Science & Business Media

The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership

with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

**New Directions** A

Companion to the Victorian Novel

Drawing on the most important studies in psychology, human aggression, anthropology, and primatology, and on hundreds of original interviews conducted over a period of more than 20 years, this groundbreaking treatise urges women to look within and to consider other women realistically, ethically, and kindly and to forge bold and compassionate alliances. Without this necessary next step, women will never be liberated.

Detailing how women's aggression may not take the same form as men's, this investigation reveals--through myths, plays, memoir, theories of revolutionary liberation movements, evolution, psychoanalysis, and childhood development--that girls and women are indeed aggressive, often indirectly and mainly toward one another. This

fascinating work concludes by showing that women depend upon one another for emotional intimacy and bonding, and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth.

**Ring of Bright Water**

I.B. Tauris

This volume weaves together the Scottish otter stories from Gavin Maxwell's three non-fiction books, *Ring of Bright Water* (1960), *The Rocks Remain* (1963), and *Raven Meet Thy Brother* (1969). Maxwell was both an extraordinarily evocative writer and a highly unusual man. While touring the Iraqi marshes, he was captivated by an otter and became a devoted advocate of and spokesman for the species. He moved to a remote house in the Scottish highlands, co-habiting there with three otters and living an idyllic and isolated life - at least for a while. Fate, fame, and fire conspired against this paradise, and it, too, came to an end, though the journey was filled with incident and wonder. Maxwell was also talented as an artist, and his sinuous line drawings of these amphibious and

engaging creatures, and the homes they occupied, illustrate his story. This book stands as a lasting tribute to a man, his work, and his passion. It was received and has endured as a classic for its portrait not only of otters but also of a man who endured heartaches and disappointments, whose life embodied both greatness and tragedy. He writes with rare eloquence about his birth, his devotion to the beloved Scottish highlands, and the wildlife he loved, while refusing to ignore the darker aspects of his nature and of nature in its larger sense. *A Companion to the Victorian Novel* Sourcebooks, Inc. In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars

and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken. **Women, Crime, and Victimization** Yale University Press  
 PREFACE. Since the death of George Eliot much public curiosity has been excited by the repeated allusions to, and quotations from, her contributions to periodical literature, and a leading newspaper gives expression to a general wish when it says that "this series of striking essays ought to be collected and reprinted, both because of substantive worth and

because of the light they throw on the author's literary canons and predilections." In fact, the articles which were published anonymously in *The Westminster Review* have been so pointedly designated by the editor, and the biographical sketch in the "Famous Women" series is so emphatic in its praise of them, and so copious in its extracts from one and the least important one of them, that the publication of all the *Review* and magazine articles of the renowned novelist, without abridgment or alteration, would seem but an act of fair play to her fame, while at the same time a compliance with a reasonable public demand. Nor are these first steps in her wonderful intellectual progress any the less, but are all the more noteworthy, for being first steps. "To ignore this stage," says the author of the valuable little volume to which we have just referred—"to ignore this stage in George Eliot's mental development would be to lose one of the connecting links in her history." Furthermore, "nothing in her fictions excels the style of these papers." Here is all

her "epigrammatic felicity," and an irony not surpassed by Heine himself, while her paper on the poet Young is one of her wittiest bits of critical analysis. Her translation of Status's "Life of Jesus" was published in 1840, and her translation of Feuerbach's "Essence of Christianity" in 1854. Her translation of Spinoza's "Ethics" was finished the same year, but remains unpublished. She was associate editor of *The Westminster Review* from 1851 to 1853. She was about twenty-seven years of age when her first translation appeared, thirty-three when the first of these magazine articles appeared, thirty-eight at the publication of her first story, and fifty-nine when she finished "Theophrastus Such." Two years after she died, at the age of sixty-one. So that George Eliot's literary life covered a period of about thirty-two years. [Love and Idolatry in the Victorian Novel](#) Oxford University Press

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up

society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism ..... began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

Sister Joan of the Order of the Daughters of Compassion has been sent to the convent in Cornwall to solve the puzzle in the last letter of a dying nun.

[A Writer's Guide to the Craft and Elements of a Screenplay](#) Springer

Caricatured for extravagance, vanity, glamorous celebrity and, all too often, embroiled in scandal and gossip, 18th-century London's fashionable society had a well-deserved reputation for frivolity. But to be fashionable in 1700s London meant more than simply being well dressed.

Fashion denoted membership of a new type of society - the beau monde, a world where status was no longer determined by coronets and countryseats alone but by the more nebulous qualification of metropolitan 'fashion'. Conspicuous consumption and display were crucial; the right address, the right dinner guests, the right possessions, the right jewels, the right seat at the opera. The Beau Monde leads us on a tour of this exciting new world, from court and parliament to London's parks, pleasure grounds, and private homes. From brash displays of diamond jewellery to the subtle complexities of political intrigue, we see how membership of the new elite was won, maintained - and sometimes lost. On the way, we meet a rich and colourful cast of characters, from the newly ennobled peer learning the ropes and the imposter trying to gain entry by means of clever fakery, to the exile banned for sexual indiscretion. Above all, as the story unfolds, we learn that being a Fashionable was about far more than simply being 'modish'. By the end of the century, it had

become nothing less than the key to power and exclusivity in a changed world.

*Voice and Agency* Penguin UK

'The Namesake' is the story of a boy brought up Indian in America.

*Cesar's Way* Seven Stories Press

This book is available as open access through the Bloomsbury Open Access programme and is available on

[www.bloomsburycollections.com](http://www.bloomsburycollections.com). A State of Play explores how the British have imagined their politics, from the parliament worship of Anthony Trollope to the cynicism of *The Thick of It*. In an account that mixes historical with political analysis, Steven Fielding argues that fictional depictions of politics have played an important but insidious part in shaping how the British think about their democracy and have helped ventilate their many frustrations with Westminster. He shows that dramas and fictions have also performed a significant role in the battle of ideas, in a way undreamt of by those who draft party manifestos.

The book examines the work of overtly political writers have treated the

subject, discussing the novels of H.G. Wells, the comedy series *Yes, Minister* and the plays of David Hare. However, it also assesses how less obvious sources, such as the films of George Formby, the novels of Agatha Christie, the *Just William* stories and situation comedies like *Steptoe and Son*, have reflected on representative democracy. A State of Play is an invaluable, distinctive and engaging guide to a new way of thinking about Britain's political past and present. *World Report 2020* Virago Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles,

Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the

International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

Janet's Repentance A&C Black

Mary Anne Evans (1819-1880), better known by her pen name George Eliot, was an English novelist. She was one of the leading writers of the Victorian era. Her novels, largely set in provincial England, are well known for their realism and psychological perspicacity. Female authors published freely under their own names, but Eliot wanted to ensure that she was not seen as merely a writer of romances. An additional factor may have been a desire to shield her private life from public scrutiny and to prevent scandals attending her relationship with the married George Henry Lewes. Her first major literary work was the translation of David Strauss *Life of Jesus* (1846). In 1857 *The Sad Fortunes of the Reverend Amos Barton*, the first of the *Scenes of Clerical Life*, was published in *Blackwood's Magazine* and, along with the other

scenes, was well received. Her first complete novel, published in 1859, was *Adam Bede* and was an instant success. Eliot's most famous work, *Middlemarch*, was a turning point in the history of the novel. *Empowering Women and Girls for Shared Prosperity* Chicago Review Press Langland argues that the middle-class wife had a more complex and important function than has previously been recognized: she mastered skills that enabled her to support a rigid class system while unknowingly setting the stage for a feminist revolution. *The Natural, Everyday Guide to Understanding and Correcting Common Dog Problems* David R. Godine Publisher In Daphne du Maurier's acclaimed debut novel, *Janet Coombe* longs to know the wildness of the sea and a life of adventure and true freedom. But she is a prisoner of her forbidding times and marries her cousin, a staid shipbuilder. However, she carries within her the loving spirit that she passes on to her beloved seafaring son, his children, and his children's children, as

they overcome hardship and heartbreaking loss. Richly plotted and set in a rapturous creation of the

Cornish countryside, *The Loving Spirit* is a stunning novel written on a grand

scale, a saga filled with humor and satire, courage, and an abiding sense of the romantic.
