National Book Award Finalist: Never before has the mentality of the average German under the Nazi regime been made as intelligible to the outsider.” —The New York Times They Thought They Were Free is an eloquent and provocative examination of the development of fascism in Germany. Milton Mayer’s book is a study of ten Germans and their lives from 1933-45, based on interviews he conducted after the war when he lived in Germany. Mayer had a position as a research professor at the University of Frankfurt and lived in a nearby small Hessian town which he disguised with the name “Kronenberg.” These ten men were not men of distinction, according to Mayer, but they had been members of the Nazi Party; Mayer wanted to discover what had made them Nazis. His discussions with them of Nazism, the rise of the Reich, and mass complicity with evil became the backbone of this book, an indictment of the ordinary German that is all the more powerful for its refusal to let the rest of us pretend that our moment, our society, our country are

fundamentally immune. A new foreword to this edition by eminent historian of the Reich Richard J. Evans puts the book in historical and contemporary context. We live in an age of fervid politics and hyperbolic rhetoric. They Thought They Were Free cuts through that, revealing instead the slow, quiet accretions of change, complicity, and abdication of moral authority that quietly mark the rise of evil.

The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with Alvarenga and interviews with his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival. Print run 75,000.

A desperate man attempts to win a reality TV game where the only objective is to stay alive in this

#1 national bestseller from Stephen King, writing as Richard Bachman. “Tomorrow at noon, the hunt begins. Remember his face!” Ben Richards is a desperate man. With no job, no money, no way out, and a young daughter in need of proper medical attention, he must turn to the only possibility of striking it rich in this near-future dystopian America: participating in the ultraviolet TV programming of the government-sanctioned Games Network. Ben soon finds himself selected as a contestant on the biggest and the best that the Games Network has to offer: The Running Man, a no-holds-barred thirty-day struggle to stay alive as public enemy number one, relentlessly hunted by an elite strike force bent on killing him as quickly as possible in front of an audience all too eager to see that happen. It means a billion dollars in prize money if he can live for the next month. No one has ever survived longer than eight days. But desperation can push a person do things they never thought possible—and Ben Richards is willing to go the distance in this ultimate game of life and death.... “Under any name King mesmerizes the reader.” —Chicago Sun-Times “No one does psychological terror better!” —Kirkus Reviews “One of America’s top storytellers.” —Toronto Star

The “beautiful” novel that inspired the Showtime series, from a Nebula Award finalist (The New York Times). The Man Who Fell to Earth tells the story of Thomas Jerome Newton, an alien disguised as a human who comes to Earth on a mission to save his people. Devastated by nuclear war, his home planet, Anthea, is no longer habitable. Newton lands in Kentucky and starts patenting Anthean technology—amassing the fortune he needs to build a spaceship that will bring the last three hundred Anthean survivors to Earth. But instead of the help he seeks, he finds only self-destruction, sinking into alcoholism and abandoning his spaceship, in this poignant story about the human condition—which has inspired both a film starring David Bowie and the new series starring Chiwetel Ejiofor—by the acclaimed author of *Mockingbird*. “Beautiful science fiction . . . The story of an extraterrestrial visitor from another planet is designed mainly to say something about life on this one.” —The New York Times “An utterly realistic novel about an alien human on Earth . . . Realistic enough to become a metaphor for something inside us all, some existential loneliness.” —Norman Spinrad, author of *The Iron Dream* “Those who know *The Man Who Fell to Earth* only from the film version are missing something. This is one of the finest science fiction novels of its period.” —J. R. Dunn, author of *This Side of Judgment*

Ghost Boy Berrett-Koehler Publishers

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The *Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so

much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. *The Top Five Regrets of the Dying* gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

As plans got under way for the Allied invasion of Sicily in June 1943, British counter-intelligence agent Ewen Montagu masterminded a scheme to mislead the Germans into thinking the next landing would occur in Greece. The innovative plot was so successful that the Germans moved some of their forces away from Sicily, and two weeks into the real invasion still expected an attack in Greece. This extraordinary operation called for a dead body, dressed as a Royal Marine officer and carrying false information about a pending Allied invasion of Greece, to wash up on a Spanish shore near the town of a known Nazi agent...

Citizenship in a Republic is the title of a speech given by Theodore Roosevelt, former President of the United States, at the Sorbonne in Paris, France, on April 23, 1910. One notable passage from the speech is referred to as "The Man in the Arena": It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better.

WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

When you lose your voice, who will speak for you? When it all seems hopeless, how do you get through each day? In the New York Times bestseller *Ghost Boy*, Martin Pistorius tells the harrowing story of his return to life through the healing power of love and faith. In January 1988, a happy, healthy twelve-year-old Martin Pistorius came home from school with a sore throat. Soon, he was sleeping all day, refusing meals, and starting to lose his voice. His doctors were mystified. Within eighteen months, his voice fell silent and his developing mind became trapped inside a body he couldn't control. Martin's parents were told that the unknown degenerative disease he was struggling with would mean that he had less than two years to live. He felt invisible--like a ghost of himself. The stress and heartache shook his family to the core, bringing his parents to the brink of separation. Their boy was gone--or so they thought. Martin started to come back to life. He couldn't make a sign or a sound, but he'd become aware of the world around him again and was finally finding his way back to himself. In these pages, you'll hear the highs and lows of Martin's journey from his own perspective, including: A family's resilience in the face of hardship The consequences of misdiagnosis The gift of a wild imagination *Ghost Boy* shares the beautiful, heart-wrenching story of a life reclaimed, a business created, a family transformed, and a new love that's blossomed. Martin's emergence from his own darkness invites us to celebrate our own lives and fight for a better life for those around us.

Dogmatic Constitution on Divine Revelation Haymarket Books

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.
