BOOKER CUNNINGHAM

Surviving Pablo Escobar"Popeye" The Hitman 23 years and 3 months in prison On the day before his twenty-first wedding anniversary, David Sullinger buried an ax in his wife's skull. Now, eight jurors must retire to the deliberation room and decide whether David committed premeditated murder-or whether he was a battered spouse who killed his wife in self-defense. Told from the perspective of over a dozen participants in a murder trial, *We, the Jury* examines how public perception can mask the ghastliest nightmares. As the jurors stagger toward a verdict, they must sift through contradictory testimony from the Sullingers' children, who disagree on which parent was Satan; sort out conflicting allegations of severe physical abuse, adultery, and incest; and overcome personal animosities and biases that threaten a fair and just verdict. Ultimately, the central figures in *We, the Jury* must navigate

the blurred boundaries between bias and objectivity, fiction and truth.

Random House Books for Young Readers
From the INTRODUCTION. APULEIUS, the author of this beautiful episode, was a native of Madaura, an inland town of Africa, where he was born in the early part of the second century. He received the first rudiments of education at Carthage, and there adopted the Platonic system of philosophy, in which he perfected himself by subsequent studies at Athens. His works are numerous, of which, probably, the most celebrated is *The Golden Ass*, from which the story of Cupid and Psyche is taken. In this work, many writers, especially Bishop Warburton, have discovered a profound theological purpose. "There have been some morals given it," says the translator of the edition of 1709, "but few or none that seem to fall within the design of the inventor of the fable. Some have made it the union of the soul and body; others, Adam and Eve and the tree of knowledge. For my

part, it seems to me to be a moral chiefly against curiosity, as is instanced twice by Cupid himself. The heathen priesthood had reason to hurl their batteries against it, for they were conscious of follies so great in their gross imposition on the people that they might well fear a discovery from a liberty to curiosity." In the concluding pages of this volume, which, we think, contains all that is worth preservation in the various translations heretofore published, the reader will find copious notes and explanations. To these we refer him, with the wish that they and their subject may afford both entertainment and instruction.

Meet Horton the elephant, one of the most commendable heroes in children's books. "I meant what I said, and I said what I meant. . . . An elephant's faithful, one hundred per cent!" Horton is kind and trustworthy, but unfortunately, the lazy bird Mayzie takes advantage of his good nature when she leaves Horton to watch her unhatched egg. Told with Dr. Seuss's signature rhymes and trademark illustrations, this is a tale

that will be enjoyed over and over, by reader and listener alike. And don't miss another delightful tale about this beloved pachyderm: Horton Hears a Who! This Read & Listen edition contains audio narration.

The Story of Cupid and Psyche Marvel Enterprises 'Family Guy' includes material from virtually every instalment since the show's inception plus teaser material from the seasons to follow. It will also feature inside jokes, subtle things you might have missed, the most memorable moments and commentary from the show's creator, animators, and voice-over artists. The Last Unicorn McGraw Hill Professional

Teaching students the core skills of becoming a translator, this fully revised second edition has been updated throughout to include an exploration of new technologies used by translators and a 'Useful Contacts' section detailing key organizations.

Here are three more of John Waters's most popular screenplays — for the first time in print, including an original introduction by Waters and dozens of fun film stills. John Waters, the writer and director of these movies, is a legendary filmmaker whose films occupy their own niche in cinema history. His muse and leading lady was Divine — a 300-pound transvestite who could eat dog shit in one scene and break your heart in the next. In "Hairspray," a "pleasantly plump" teenager, played by Ricki Lake, and her big-hearted hairdresser mother, played by Divine, teach 1962 Baltimore about race relations by integrating a local TV dance show. "Female Trouble" is a coming-of-age story gone terribly awry: Dawn Davenport (again, Divine), progresses from loving

schoolgirl to crazed mass murderer destined for the electric chair — all because her parents wouldn't buy her cha-cha heels for Christmas. In "Multiple Maniacs," dubbed by Waters a "celluloid atrocity," the traveling sideshow "Lady Divine's Cavalcade of Perversions" is actually a front for a group of psychotic kidnapers, with Lady Divine herself the most vicious and depraved of all — but her life changes after she gets raped by a fifteen-foot lobster.

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for

the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names — not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has

taken, at great personal risk, against drug cartels." Abigail's Party University of Chicago Press

Between Parker’s 1961

debut and his return in the late 1990s, the whole world of crime changed. Now fake IDs and credit cards had to be purchased from specialists; increasingly sophisticated policing made escape and evasion tougher; and, worst of all, money had gone digital—the days of cash-stuffed payroll trucks were long gone. But cash isn’t everything: Flashfire and Firebreak find Parker going after, respectively, a fortune in jewels and a collection of priceless paintings. In Flashfire, Parker’s in West Palm Beach, competing with a crew that has an unhealthy love of explosions. When things go sour, Parker finds himself shot and trapped—and forced to rely on a civilian to survive. Firebreak takes Parker to a palatial Montana "hunting lodge" where a dot-com millionaire hides a gallery of stolen old masters—which will fetch Parker a pretty penny if his team can just get it past the mansion’s tight security. The forests of Montana are an inhospitable place for a heister when well-laid plans fall apart, but no matter how untamed the wilderness, Parker’s

guaranteed to be the most dangerous predator around.

40th anniversary edition with a new introduction by Mike Leigh. Forty years on from its first performance at the Hampstead Theatre

and original screening on BBC1 soon after, Mike Leigh's *Abigail's Party* - telling of two marriages spectacularly unravelling at an awkward neighbourhood drinks party - remains a pinnacle of British theatre. Here is the original script, complete with a new introduction by Mike Leigh describing the play's unlikely genesis, how it came to be made and where he believes it fits within his oeuvre as one of the country's leading writers and directors. 'The play came from my

intuitive sense of the spirit and the flavour of the times, and from a growing personal fear of, and frustration with the suburban existence' Mike Leigh, from his new introduction 'Leigh's play isn't simply about marriage and Essex, but also about the unhappy state of the realm' Guardian
