The Anglicization of European Lexis John Benjamins Publishing

This volume focuses on how English, through false Anglicisms, influences several European languages, including Italian, Spanish, French, German, Danish and Norwegian. Studies on false Gallicisms are also included, thus showing how English may be affected by false borrowings.

Mom & Me Knits Interweave

This volume explores the lexical influence of English on European languages, a topical theme with linguistic and cultural implications. It provides an extensive introductory background to a cross-national view of English-induced lexical borrowing, posing crucial analytical questions such as what counts as an Anglicism. It also offers a typology of borrowings with examples from the languages represented: Armenian, Danish, French, German, Italian, Norwegian, Polish, Serbian, Spanish, and Swedish. The articles in this volume address general and language-specific issues related to the analysis and collection of Anglicisms, extending the scope to the largely unexplored area of phraseology and bringing new insights into corpus-based and corpus-driven methodologies. This volume fits into a well-established and constantly developing research field and will appeal to scholars interested in the spread of English as an international language, contact and contrastive linguistics, lexicology and lexicography, and computer corpus lexicography.

Pseudo-English Intellect Books

A new angle on knitting. Emerging knitwear designer Mathew Gnagy presents a fresh collection of fifteen projects for women and men with "Knitting Off the Axis." The projects are both classic and stylish, incorporating clever combinations of textured stitches and design details. Each of the fifteen patterns is designed in a one-of-a-kind way, focusing on knitting sideways or in an untraditional direction rather than the usual top-down or bottom-up construction. Knitting at different angles gives the projects unique shaping and fashion-forward silhouettes. Learn new techniques for knitting sideways and every-which-way and make fifteen contemporary, wearable patterns with "Knitting Off the Axis."

A Dictionary of European Anglicisms Chronicle Books

A Dictionary of European Anglicisms documents the spread of English in Europe. It provides the first exhaustive and up-to-date account of British and American English words that have been imported into the main languages of Europe. English, which imported thousands of words from French and

Latin (mainly after 1066), is now by far the world's biggest lexical exporter, and the trade is growing as English continues to dominate various fields ranging from pop music to electronic communication. Several countries have monitored the inflow of anglicisms and some have tried to block it. But language, as lexicographers have always found and as this book demonstrates once more, respects neither boundary nor law. The dictionary not only shows which words have been exported where, but how the process of importation can change a word's form and function, sometimes subtly, at others remarkably as in the transformation of painkiller to Bulgarian 'jack of all trades'. The book provides a systematic description of the lexical input of English into Icelandic, Norwegian, Dutch, German, Russian, Polish, Croatian, Bulgarian, French, Spanish, Italian, Romanian, Finnish, Hungarian, Albanian, and Greek. Each entry has a brief definition of the loan word, followed by information on its history and distribution; variations in its spelling, meaning, and pronunciation; its route of transmission if not direct from English; its degree of acceptance and usage restrictions; and its native equivalents and derivatives. Grids showing distribution patterns across Europe accompany many of the entries. The Dictionary of European Anglicisms is a scholarly tour de force [French: imported early nineteenth century] and the result of a prodigious research effort across Europe masterminded and directed by Manfred Gorch. It is a unique resource for comparative analysis and the study of linguistic variation and change. It will fascinate linguists and word-watchers of all persuasions.

The English Language in Europe Walter de Gruyter GmbH & Co KG

An overview of the current state and the future directions of the English language in Europe. The book examines the development of English from a Germanic tongue into an international language, and considers bilingualism among Europeans.

Knitting Off the Axis OUP Oxford

Mother-and-daughter designs that aren't too matchy-matchy: "A clever concept . . . the cute factor is off the charts." —Publishers Weekly Mom & Me Knits offers everything a knitter needs to stitch up fashionable coordinated pieces for herself and her little one. Stefanie Japel, celebrated knit designer and mother of two little girls, has created smart, sophisticated pieces for mothers and more whimsical, youthful interpretations for daughters. From an elegant Lace Cardigan and a casual Halter Top to a cozy Shawlette and a fun Surfer Tee, this book has something for everyone, and the patterns can be adapted for a wide range of baby, child, and adult sizes. With a glossary of important techniques and terms, step-by-step instructions, and gorgeous color photographs, Mom & Me Knits makes it a cinch to whip up sweet and stylish knitted apparel for mothers and their little girls. "Flattering, appealing garments for adults and adorable, age-appropriate garments for children." —Library Journal "The garments . . . are very clever in their use of hand-knit details." —Teva Durham, author of Loop-d-Loop
