Making music doesn't have to be about dropping big bucks in the guitar shop or endlessly fiddling with expensive software. You can make good noise out of bits of wood and wire, plastic and steel. When you build your own instruments, creating your own sound comes naturally. Junkyard Jam Band is a step-by-step guide to making a full array of complete musical projects—no previous carpentry or electronics experience required. Each build includes tips on how to coax the best sounds out of the instrument and encourages you to mod the project to fit your own style. Learn how to: -Bust up your old tape decks for a handheld old-skool Scratchbox -Give your voice a robotic makeover with the Droid Voicebox -Circuit-bend unsuspecting childhood toys into mutant glitching jazz-punk machines -Transform cigar boxes into thumb pianos and electric ukuleles -Build a crackling, multifunction Mud-n-Sizzle Preamp to attach to any electric music machine Along the way, you'll explore the physics behind wind instruments, discover how harmonics work, and get your feet wet with some music theory. To top it all off, the back of the book includes a soldering primer for total beginners, along with extra circuits to customize your instruments even further. Build your own band your way!

Help newly independent readers ages 6 to 9 think more critically Foster a lifelong love of thinking outside the box with activities that show just how fun critical thinking for kids can be. Whether it's using deduction to figure out what ride everyone would enjoy going on at an amusement park or solving math problems with balls instead of numbers, this book of critical thinking for kids is packed with puzzles to exercise their brains. Expand on what new readers are learning in school and give them the tools they need to build thinking skills early. These activities teach them to identify, analyze, reason, evaluate, solve problems, and make decisions. Boost critical thinking for kids with: Guided learning--Puzzles have clear directions and gradually grow in difficulty, helping kids complete challenges and build their abilities without getting frustrated. A variety of activities--Kids will stay engaged as they switch between matching puzzles, logic grids, fill-in-the-blanks, word scrambles, and more. Real-world examples--Keep critical thinking for kids relatable with exercises that are based on fun activities, like visiting the zoo or going to a party. Build critical thinking for kids with an activity book that helps new readers learn to solve problems independently.

In this beautifully compiled book, Charlie Whinney, the UK's leading expert on the topic, shares the secrets of the unique and magical craft of steam-bending. Although his creations look quite impossible, the reader will soon discover that wood can be made to behave in remarkable ways with the application of a little heat and steam. Charlie guides you through the ecological sourcing of wood for your projects and then, with practical instructions, reveals how to create 16 steam-bent masterpieces. Form a wooden coat hanger in the embers of a campfire, create perfectly round wooden hoops using just a saucepan and a mug, or use the steam from a kettle to shape a beautiful fruit bowl.

This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful

and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness

it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...
