Joan Crawford and the Golden Age of Hollywood Good Press
"Born under a cloud,

Jack London in his early twenties was tramp, sailor, follower of Kelly's Industrial Army, oyster pirate, member of the coast patrol, gold-seeker in Alaska, socialist agitator. This was a prelude to a

career as one of the greatest writer's of his time. But for all his adventures, London was far more than a romantic vagabond. His turbulent spirit was in constant inner conflict between the positive realist in him, the quality that led him to write pot-boilers, and the streak of pure idealism, which led him to seek a better world for all mankind. Merely as a story of action and adventure, this book makes magnificent reading. As a study of a strange and tortured personality, written with amazing detachment and deep understanding, this biography is one of the really important books of the year. For it is not only that very rare achievement, a biography which gives the reader an intimate

understanding of the mind and character of a man of genius, it is also a clear picture of the times which were the crucible of his career."--Book jacket.

2017 A moving story about transition between illness and recovery, childhood and maturity, life and death. Thirteen-year-old Frank Gold's family escaped from Hungary and the perils of WW2 to the safety of Australia, but not long after their arrival Frank is diagnosed with polio. Sent to a sprawling children's hospital called The Golden Age, he meets Elsa, the most beautiful girl he has ever seen, and a vocation for poetry. Frank and Elsa fall in love, fuelling one another's rehabilitation and facing the perils of polio and adolescence hand in hand. Meanwhile Frank and Elsa's parents must cope with their changing realities. Margaret, who has sacrificed everything to

be a perfect mother, must reconcile her hopes and dreams with her daughter's illness. Frank's parents are isolated newcomers in a country they don't love. Ida, a renowned pianist in Hungary, refuses to allow the western deserts of Australia to become her home, while her husband Meyer slowly begins to free himself from the past and find his place in the Perth of the early 1950s.

This volume of essays derives from a memorable interdisciplinary symposium. At issue were various fundamental questions about the nature of Dutch sixteenth-and seventeenth-century society that fall under three broad categories:

civic culture, art, and religion. The fourteen papers presented in this volume offer a number of fascinating insights into these and other questions that, taken together, greatly enrich our perception and understanding of this rich and varied society.

Mission v Market

Vendome Press

A New York Times Notable Book from the author of *The Golden Age*. "A remarkable study of a young woman's most literal rite of passage" (Baltimore Sun).

Gilgamesh is a rich, spare, and evocative novel of encounters and escapes, of friendship and love, of loss and acceptance, a debut that marked the emergence of a world-class talent. It is 1937, and the modern world is waiting to erupt. On a farm in rural Australia, seventeen-year-old Edith lives with her mother and her sister, Frances. One afternoon two men, her English cousin Leopold and his Armenian friend Aram,

arrive—taking the long way home from an archaeological dig in Iraq—to captivate Edith with tales of a world far beyond the narrow horizon of her small town of Nunderup. One such story is the epic of Gilgamesh, the ancient Mesopotamian king who traveled the world in search of eternal life. Two years later, in 1939, Edith and her young son, Jim, set off on their own journey, to Soviet Armenia, where they are trapped by the outbreak of war. Rich, spare, and evocative, *Gilgamesh* won The Age Book of the Year Award for Fiction and was shortlisted for the Miles Franklin Literary Award. “Bold and beautiful . . . [An] astonishing saga . . . A woman as epic hero? It’s high time.”

A one-of-a-kind anthology of American essays on a wide range of subjects by a dazzling array of mid-century writers at the top of their form. The three decades that followed World War II were an exceptionally fertile period for American essays. The explosion of journals and magazines, the rise of public intellectuals, and breakthroughs in the arts inspired a flowering of literary culture. At the same time, the many problems that confronted mid-century America--racism, sexism, nuclear threat, war, poverty, and environmental degradation among them--proved fruitful

topics for America's best minds. In *The Golden Age of the American Essay*, Phillip Lopate assembles a dazzling array of famous writers, critics, sociologists, theologians, historians, activists, theorists, humorists, poets, and novelists. Here are writers like James Agee, E. B. White, A. J. Liebling, Randall Jarrell, and Mary McCarthy, pivoting from the comic indignities of daily life to world peace, consumerism, and restaurants in Paris. Here is Norman Mailer on Jackie Kennedy, Vladimir Nabokov on *Lolita*, Martin Luther King, Jr.'s Letter from Birmingham Jail, and Richard Hofstadter's *The Paranoid Style in American Politics*. Here are Gore Vidal, Rachel

Carson, James Baldwin, Susan Sontag, John Updike, Joan Didion, and many more, in a treasury of brilliant writing that has stood the test of time.

Bette, Joan and the others Howell Books

This book is an appreciation of selected authors who make extensive use of humor in English detective/crime fiction. Works using humor as an amelioration of the serious have their heyday in the Golden Age of crime writing but they belong also to a long tradition. There

is an identifiable lineage of humorous writing in crime fiction that ranges from mild wit to outright farce, burlesque, even slapstick. A mix of entertainment with instruction is a tradition in English letters. English crime fiction writers of the era circa 1913 to 1940 were raised in the mainstream literary tradition but turned their skills to detective fiction. And they are the humorists of the genre. This book is not an exhaustive study but an introduction into the best produced by the most capable and enjoyable authors. What the humorists seek is to surprise the reader by overturning their expectations using a repertoire of stylistic conceits and motifs (recurring

incidents, devices, references). Humor has a liberating effect but is concerned too with "comic contrast" through ugliness and caricature. In crime fiction one effect is intellectual pleasure at solving (or attempting to solve) a puzzle.

Another is entertainment but with serious undertones.

A star-studded follow-up to *Stories My Father Told Me*, with hundreds

of new anecdotes about celebrities from Garbo to Gore Vidal. This remarkable collection of stories, hand-picked from the archive of legendary New York Post columnist Leonard Lyons by his son, film critic Jeffrey Lyons, will transport readers back to the sparkling peak of New York City nightlife. This was the time when notables of every sort--film producers and stars, writers, politicians, comedians, athletes, and artists--gathered nightly at such famed restaurants and nightclubs as Sardi's, the Stork Club, and the Copacabana. From 1934 to 1974, Leonard Lyons was a fixture at these clubs, befriending celebrities of all stripes and gathering exclusive

tidbits for his syndicated newspaper column, *The Lyons Den*. *What a Time It Was!* offers candid portraits of stars and statesmen at work and at play--especially at play--but still, effortlessly, larger than life. Illustrated with snapshots and glamour shots, it offers a unique window onto the lives of iconic figures from Ethel Barrymore and Muhammad Ali to Tennessee Williams and Jackie Kennedy, as well as their favorite haunts. Here are four decades of popular culture seen from the front row, by a man who said, "Give me lights and sound and people, and music into the night." If you thought you knew everything about Woody Allen, Joan Rivers, the

Roosevelts, and some of New York's most famous nightclubs, hotels, and gin joints, guess again. No one knew these people and places better than Leonard Lyons.

A girl's disappearance in Australia induces a family reckoning in this "dark and lovely work . . . full of elegance and mystery" (The New York Times Book Review). A two-time winner of Australia's prestigious The Age Book of the Year

Award, Joan London's debut novel, *Gilgamesh*, a New York Times Notable Book, was published to rapturous acclaim both in her native Australia and in the United States. Now, London delivers *The Good Parents*, a "completely absorbing" tale of mother love and the harrowing moment when a daughter spreads her wings and vanishes from her parents' orbit (The Boston Globe). Maya de Jong is a shy, sweet, eighteen-year-old country girl who moves to Melbourne and begins an affair with her older, married boss. When Maya's parents, Toni and Jacob, arrive for a visit, Maya is gone, and no one knows where. Maya, for reasons of her own, leaves

haunting clues in late-night calls to her brother at home, carefully—and puzzlingly—avoiding detection by the two people who love her most. Ultimately, to find her daughter Toni will have to revisit a part of her own past that she thought she had shut off forever—the closest she ever came to being a lost girl herself. *The Good Parents* is a stunning portrait of familial love, delusions and compromises, and how far we can drift apart in the moments between the words we speak. Enthralling, unsettling, and riveting, this “arresting novel . . . explains the attraction of bad love for young women attempting to break free” (*The Independent*).

Classic Golden Age Comic 1945 Europa Editions
The Golden Age of Probation is the first book on probation by those practitioners who became its leaders. A comprehensive account exploring culture, values and tensions. It looks at the dynamics of probation supervision and political dimensions, including the shift to a market-driven form of public service. A lively and challenging collection of writings by those at the very heart of the Probation Service for 50-years. Complete with descriptions of life at all levels of what has been described as the ‘jewel in the crown’ of criminal justice. Moral and other challenges are presented alongside those of

standing-up to government Ministers whose aspirations for 'political immortality' have led to profound tensions. The book describes how tough talk and market-strategies have undermined 100-years of devoted public service and ideas about how best to help change the lives of some of the most marginalised people in society. Equality, race and social deprivation are amongst the issues explored as the ethos of probation and its deeply-rooted values are laid bare in a book that deals with highs and lows, hazards, innovation, hopes, aims and the international influence of an organization whose original mission (not always popular) was to 'advise, assist

and befriend' those otherwise heading for prison and a life of crime. Colourful and highly readable, *The Golden Age of Probation* takes the reader on a journey through England and Wales exposing social disadvantage, unrest and increasingly London-centric policies. It records first-hand what life was like for those at the sharp end during an era of extensive progress, development and change. From the book 'The price of the semi-privatised probation estate ... is that probation has lost its umbilical cord with the courts, the police, the prosecution service and our partners in local authorities. It will be difficult for the courts, in particular, to understand the

transforming rehabilitation agenda when services for low and medium risk offenders will be carried out by an origami of commissioned enterprises, whose experience, for the most part, is in the private sector of running prisons, mostly in the USA, and whose staff may not necessarily have the qualifications to properly assess and supervise known offenders.' John Harding CBE, Chapter 10. 'Although the restructure made the service vulnerable to later changes through the 2000 Act, it did achieve better consistency, reduced costs in due course, more women at the top and a national programme of

assessment and interventions that was internationally ground-breaking. The mistake in my view was to abandon this direction later that decade, combine with the Prison Service under the banner of offender management and sacrifice the national probation influence that had been gained. Because of the nature of the caseload with most offenders on community orders, we have always had more joint work with police and local authorities than with the Prison Service. Personalities and some bad judgements however got in the way.' Mary Anne McFarlane, Chapter 14. 'For the last three decades, probation just like health and education has been caught up in

the dynamics and mechanisms of creating pseudo pseudo-markets to deliver public services. The underlying philosophy might appear to be simply to get the cost of these things off the government's balance sheet but the structures created to do this are not transparent enough for a real assessment to be made of the true financial costs. At the same time organizational targets and protocols have helped stifle initiative and even the capacity to care.' Roger Statham, Chapter 18. *From the Golden Age to Predictions for the 21st Century* Empire State Editions

It starts in a suburban backyard with Darren Keefe and his older

brother, sons of a fierce and gutsy single mother. The endless glow of summer, the bottomless fury of contest. All the love and hatred in two small bodies poured into the rules of a made-up game. Darren has two big talents: cricket and trouble. No surprise that he becomes an Australian sporting star of the bad-boy variety—one of those men who's always got away with things and just keeps getting. Until the day we meet him, middle aged, in the boot of a car. Gagged, cable-tied, a bullet in his knee. Everything pointing towards a shallow grave. *The Rules of Backyard Cricket* is a novel of suspense in the tradition of Peter Temple's *Truth*. With glorious writing

harnessed to a gripping narrative, it observes celebrity, masculinity—humanity—with clear-eyed lyricism and exhilarating narrative drive. Jock Serong's first novel, *Quota*, won the 2015 Ned Kelly Award for Best First Fiction. *The Rules of Backyard Cricket* was shortlisted for the 2017 Victorian Premier's Award for Fiction, and was a finalist in the 2017 Mystery Writers of America Edgar Awards and the 2017 Indie Book Awards. On the Java Ridge won the Colin Roderick Award and the international Staunch Book Prize in 2018. Jock lives with his family on Victoria's far west coast. *The Rules of Backyard Cricket* by Jock Serong, while classified as 'crime', is a compelling

literary novel dissecting toxic sporting culture and its fallout.' Paddy O'Reilly, Australian Book Review, 2016 Books of the Year 'The Rules of Backyard Cricket got the thumbs up from everyone.' Favourite Fiction for 2016, Avenue Bookstore 'My favourite reading experience of the year (and I don't even like cricket).' Heather Taylor Johnson, Sydney Morning Herald's Year in Reading 'Blow me down if I didn't hang on every word.' Clare Wright, Best Books of 2016, Australian 'One of the great novels written about sport...Delicious. It's the top read of the summer.' Stuff NZ 'A deeply interesting novel about sibling rivalry, family, masculinity, and the

game of cricket...Serong is a talented storyteller, and he brings this unusual world to life.' Booklist 'Merges my childhood dreamscape of hot days and sporting ambition with a page-turning thriller set within the rot of professional sport. Beautifully Melbourne. Get on it!' Tony Wilson 'Readers who have fallen in love with Australian mysteries, thrillers and crime novels have a whole world to discover with fantastic authors bringing the southern hemisphere to life...As in the UK, cricket is a national passion in Australia and Jock Serong delves into the murky world of professional sportsmen.' A Novel New York : Doubleday, Doran
 In New York's Golden Age of Bridges, artist Antonio Masi teams up with writer and New York City historian Joan Marans Dim to offer a multidimensional exploration of New York City's nine major bridges, their artistic and cultural underpinnings, and their impact worldwide. The tale of New York City's bridges begins in 1883, when the Brooklyn Bridge rose majestically over the East River, signaling the start of America's "Golden Age" of bridge building. The Williamsburg followed in 1903, the Queensboro (renamed the Ed Koch Queensboro Bridge) and the Manhattan in 1909, the George Washington in 1931,

the Triborough (renamed the Robert F. Kennedy Bridge) in 1936, the Bronx-Whitestone in 1939, the Throgs Neck in 1961, and the Verrazano-Narrows in 1964. Each of these classic bridges has its own story, and the book's paintings show the majesty and artistry, while the essays fill in the fascinating details of its social, cultural, economic, political, and environmental history. America's great bridges, built almost entirely by immigrant engineers, architects, and laborers, have come to symbolize not only labor and ingenuity but also bravery and sacrifice. The building of each bridge took a human toll. The Brooklyn Bridge's

designer and chief engineer, John A. Roebling, himself died in the service of bridge building. But beyond those stories is another narrative—one that encompasses the dreams and ambitions of a city, and eventually a nation. At this moment in Asia and Europe many modern, largescale, long-span suspension bridges are being built. They are the progeny of New York City's Golden Age bridges. This book comes along at the perfect moment

to place these great public projects into their historical and artistic contexts and to inform and delight artists, engineers, historians, architects, and city planners. In addition to the historical and artistic perspectives, New York's Golden Age of Bridges explores the inestimable connections that bridges foster, and reveals the extraordinary impact of the nine Golden Age bridges on the city, the nation, and the world.
