Fiftieth anniversary reissue of the founding media studies book that helped establish media art as a cultural category. First published in 1970, Gene Youngblood's influential Expanded Cinema was the first serious treatment of video, computers, and holography as cinematic technologies. Long considered the bible for media artists, Youngblood's insider account of

1960s counterculture and the birth of cybernetics remains a mainstay reference in today's hypermediated digital world. This fiftieth anniversary edition includes a new Introduction by the author that offers conceptual tools for understanding the sociocultural and sociopolitical realities of our present world. A unique eyewitness account of burgeoning experimental film and the birth of video art in the late 1960s, this far-ranging study traces the evolution of cinematic language to the end of fiction, drama, and realism. Vast in scope, its prescient formulations include "the paleocybernetic age," "intermedia,"

the "artist as design scientist," the "artist as ecologist," "synaesthetics and kinesthetics," and "the technosphere: man/machine symbiosis." Outstanding works are analyzed in detail. Methods of production are meticulously described, including interviews with artists and technologists of the period, such as Nam June Paik, Jordan Belson, Andy Warhol, Stan Brakhage, Carolee Schneemann, Stan VanDerBeek, Les Levine, and Frank Gillette. An inspiring Introduction by the celebrated polymath and designer R. Buckminster Fuller—a perfectly cut gem of countercultural thinking in itself—places

Youngblood's radical observations in comprehensive perspective. Providing an unparalleled historical documentation, Expanded Cinema clarifies a chapter of countercultural history that is still not fully represented in the arthistorical record half a century later. The book will also inspire the current generation of artists working in ever-newer expansions of the cinematic environment and will prove invaluable to all who are concerned with the technologies that are reshaping the nature of human communication.

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been

shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human

divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Good Morning, Holy Spirit Harper Collins

An award-winning historian of religion examines the role a “messiah” plays in Western culture, from its pre-Christian roots to modern interpretations of a savior. Over the centuries, people have longed for a messiah, whether a religious figure such as Jesus, a political leader, or even in popular culture. The messianic quest emerges most acutely during difficult times when people experience a sense of powerlessness and desperation. But the concept of a messiah—a savior—has its root in the writings of ancient Judaism and early Christianity, evolving from an anointed leader to universal savior. Wilson turns to a little understood pre-Christian text, “The Psalms of Solomon,” which set the stage for messianic expectation just prior to the birth of Jesus. Known today only to a

handful of scholars—in marked contrast to the “Song of Solomon”—these important psalms were composed not by a King, but by a devout 1st century BCE Jew who witnessed terrible atrocities under brutal Roman rule. This crucial work encourages us to ask: what is a messiah? Who is a messiah? How would we recognize one should he or she appear? And what is a messiah supposed to do? In his own lifetime, Jesus directed his followers to search for “the messiah within” in his parables. Later, Paul changed the concept of “the messiah,” to “the Christ,” when presenting his message to Gentiles instead of Jews. Jesus was no longer a Jewish messiah but a Hellenistic divine avatar. In *Searching for the Messiah*, Wilson reveals how this collective search for messiahs throughout modern human history has been fundamentally flawed. Jesus himself rejected the idea of an external fixer, instead formulating his teachings to focus on the role of the individual, their choices, and their actions. *Searching for the Messiah* is revelatory and illuminating work of scholarship that will challenge and inspire.

Resurrection of the Dead Zondervan

Is there life after death? After a tragic accident, doctors pronounced Richard Sigmund legally dead. Eight hours later, God miraculously brought him back to life on the way to the morgue. During those hours, God allowed him to experience the glorious beauty, heavenly sounds, sweet aromas, and boundless joys of heaven that await every believer. God then returned him back to earth with a mission to tell the world what he saw. You will thrill to Sigmund's eyewitness accounts of strolling down heaven's streets of gold, seeing angels playing with children, talking with Jesus, meeting with people from the Bible, as well as departed family and friends, seeing the mansions, and much more! Through Sigmund's testimony, God restored sight to the blind, hearing to the

deaf, and even raised several people from the dead. Also, glimpse into the horrifying reality of "the other place"—a place where no one wants to go.

How did one man's unshakable faith shape the future of thousands struggling to break free from the grip of addiction, poverty, and sin? Join Gary Wilkerson as he shares a never-before-seen look at the incredible life and legacy of his father, bestselling author and evangelist David Wilkerson. This book tells the story of David Wilkerson, a man who refused to give up on those on the streets even when they had given up on themselves, and who saw in the eyes of drug addicts and gang members what others failed to see--the unconditional love of Jesus Christ. But who was David Wilkerson? When Wilkerson moved to New York from rural Pennsylvania in 1958 to confront the gangs who ran the streets, he was a

skinny, 120-pound man. After the initial publicity that brought him face to face with some of the most dangerous young men in the city, he largely flew under the radar of the media, using the Word of God and a bit of tough love to help men and women of the street escape the destructive spiral of drugs and violence. Wilkerson was always the real deal, full of passion and conviction, not interested in what others said was the "right" thing to do. An evangelist both in America and overseas, David authored books that inspired people to be serious about their relationship with Christ. His financial generosity reached around the globe, providing homes for the destitute and feeding programs for the hungry. When he founded the Times Square Church in 1987, his ministry impacted more lives than he ever dreamed possible. Throughout David Wilkerson, you'll be inspired by: The life-changing power of faith What it means to trust God wholeheartedly The importance of following your true, God-given calling David was a man of faith who trusted God would give him what he needed to enter a cruel world; a man of conviction who took the dream God gave him and marched

forward without ever looking back. As you come to know David's story, you'll learn to see the world the way he did--through the lens of eternity.

Founder of Teen Challenge Shows How to Overcome Persistent Sins This is David Wilkerson's capstone teaching, poured out from a heart that discovered the power God has given his people to triumph over sin. Through Wilkerson's expert ability to blend teaching with personal application, he shows that the key to defeating life-controlling habits is found in one thing: the new covenant God enacted with his people. In today's era of pop psychology, most Christians battle temptation and sin through self-help techniques or gritty self-will. Even Wilkerson, through decades of ministry that led hundreds of thousands to salvation and deliverance, struggled to know true peace as he battled his own "besetting sins." Determined to find victory, Wilkerson came to grasp the stunning reality that the vast love of God provides the spiritual resources believers need to obey his every command. Gathered from some of his most

prominent sermons, this is one of Wilkerson's most powerful teachings--one that will redeem countless lives into the life-giving experience of purity.

Set the Trumpet to Thy Mouth John Wiley & Sons

In the Old Testament, God's people saw Him in a cloud by day and a pillar of fire by night. In the New Testament, the religious world thought they had God in a box behind the veil. When Jesus died, the veil was rent and God went public. In an ever changing world where the darkness prides itself by proclaiming they have psychic insights for every person, the church has become anemic, without as much as a sign, a miracle or a wonder. Where do we go from here? Faith is at a level the church has never known before. It is a faith being seen in the "here and now." We must understand what Jesus meant when He said, "I only do what I hear and what I see My Father do and say." You are about to enter that eternal zone, where time is losing its grip on the earth. Eternity is Invading Time.
