SKYLAR CHANEL

Revelation Routledge

A New York Times Notable Book A biography of venture capitalist and entrepreneur Peter Thiel, the enigmatic, controversial, and hugely influential power broker who sits at the dynamic intersection of tech, business, and politics “Max Chafkin’s *The Contrarian* is much more than a consistently shocking biography of Peter Thiel, the most important investor in tech and a key supporter of the Donald Trump presidency. It’s also a disturbing history of Silicon Valley that will make you reconsider the ideological foundations of America’s relentless engine of creative destruction.”—Brad Stone, author of *The Everything Store* and *Amazon Unbound* Since the days of the dot-com bubble in the late 1990s, no industry has made a greater impact on the world than Silicon Valley. And few individuals have done more to shape Silicon Valley than Peter Thiel. The billionaire venture capitalist and entrepreneur has been a behind-the-scenes operator influencing countless aspects of our contemporary way of life, from the technologies we use every day to the delicate power balance between Silicon Valley, Wall Street, and Washington. But despite his power and the ubiquity of his projects, no public figure is quite so mysterious. In the first major biography of Thiel, Max Chafkin traces the trajectory of the innovator’s singular life and worldview, from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to his founding of

PayPal and Palantir, early investment in Facebook and SpaceX, and relationships with fellow tech titans Mark Zuckerberg, Elon Musk, and Eric Schmidt. *The Contrarian* illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley, including funding the lawsuit that destroyed the blog Gawker and strenuously backing far-right political candidates, notably Donald Trump for president in 2016. Eye-opening and deeply reported, *The Contrarian* is a revelatory biography of a one-of-a-kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy.

Be You! (Digital Read Along Edition) HarperCollins Publishers

Living with his little brother, Fudge, makes Peter feel like a fourth grade nothing. Fudge is never far from trouble. He’s a two-year-old terror who gets away with everything—and Peter’s had enough. When Fudge walks off with Dribble, Peter’s pet turtle, it’s the last straw.

Nothing Is True and Everything Is Possible Scholastic Inc.

C. S. Lewis was a British author, lay theologian, and contemporary of J.R.R. Tolkien. *The Lion, the Witch, and the Wardrobe* is the first book in *The Chronicles of Narnia*.

And Tango Makes Three Penguin Group USA

The heartwarming true story of two penguins who create a nontraditional family. At the penguin house at the Central Park Zoo, two penguins named Roy and Silo were a little bit different from the others. But their desire for a family was the same. And with the help of a kindly zookeeper, Roy and

Silo got the chance to welcome a baby penguin of their very own.

Fudge-a-Mania Penguin

A TELL IS AN ACTION THAT TELLS YOU WHAT SOMEONE IS THINKING, EVEN IF THAT PERSON DOESN'T KNOW IT THEMSELVES. AND TELLS ARE HIGHLY INFORMATIVEa The way you stand when you're talking to others, how you move your feet, your hands, your eyes - even your eyebrows - says a lot about your commitment to a conversation and your underlying attitude. Your actions and stance can also affect how long you get to talk and how often you get interrupted. Even when you're seated, the position of your arms and legs provides a wealth of information about your mood and intentions, showing whether you feel dominant or submissive, preoccupied or bored. But Tells aren't confined merely to conversations; when you are alone you are constantly shifting your body - and each movement, each gesture provides clues about your state of mind. In this illuminating book, Peter Collett, social psychologist, former Oxford don and Big Brother's resident psychologist, introduces us to the fascinating concept of Tells, showing how they work, where they come from and how to identify and interpret them. Whilst sentizing readers to the motives and actions of other people, this invaluable guide also focuses on the messages that we unwittingly send, and the impact that these might have on those around us. Comprehensive and accessible in its approach, and written in the tradition of the international bestseller, Manwatching, THE BOOK OF TELLS offers a new, unifying vocabulary for understanding human communication and social influence - and a unique opportunity to read yourself, and others.

Always and Forever, Lara Jean Simon and Schuster

Sunday Times Bestseller 'A paradigm-smashing chronicle of joyous entanglement' Charles Foster Waterstones Non-Fiction Book of the Month (September) Are trees social beings? How do trees live? Do they feel pain or have awareness of their surroundings?

The Acts of the Apostles HarperCollins UK

A group biography of seven enduring and beloved games, and the story of why—and how—we play them. Checkers, backgammon, chess, and Go. Poker, Scrabble, and bridge. These seven games, ancient and modern, fascinate millions of people worldwide. In *Seven Games*, Oliver Roeder charts their origins and historical importance, the delightful arcana of their rules, and the ways their design makes them pleasurable. Roeder introduces thrilling competitors, such as evangelical minister Marion Tinsley, who across forty years lost only three games of checkers; Shusai, the Master, the last Go champion of imperial Japan, defending tradition against “modern rationalism”; and an IBM engineer who created a backgammon program so capable at self-learning that NASA used it on the space shuttle. He delves into the history and lore of each game: backgammon boards in ancient Egypt, the Indian origins of chess, how certain shells from a particular beach in Japan make the finest white Go stones. Beyond the cultural and personal stories, Roeder explores why games, seemingly trivial pastimes, speak so deeply to the human soul. He introduces an early philosopher of games, the aptly named Bernard Suits, and visits an Oxford cosmologist who has perfected a computer that can effectively play bridge, a game as complicated as human language itself. Throughout, Roeder tells the compelling story of how humans, pursuing scientific glory and competitive advantage, have invented AI programs better than any human player, and what that means for the games—and for us. Funny, fascinating, and profound, *Seven Games* is a story of obsession, psychology, history, and how play makes us human.

The Contrarian Canongate Books

A monumental, genre-defying novel that David Mitchell calls “Michel Faber’s second masterpiece,” *The Book of Strange New Things* is a masterpiece from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter’s teachings—his Bible is their “book of strange new things.” But Peter is rattled when Bea’s letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea’s faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal* and *The White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

The True Story of Captain Hook Steerforth

Smilla's Sense of Snow presents one of the toughest heroines in modern fiction. Smilla Qaavigaaq Jaspersen is part Eskimo but she lives in Copenhagen and keeps to herself. When her six-year old neighbor is killed, Smilla doesn't believe it was an accident and begins her own investigation of a case that even the police don't want to get involved in.

Book 2 in The Infernal Aether Series Hachette UK

"On an island lives a boy called Peter and his band of merry lost boys, young forever. That is, unless they get sick or killed by pirates or eaten by crocodiles or unless--inexplicably--they grow old. For some of them do grow old, and nobody knows why. One of these boys is called Jamie, and he was the first boy that Peter ever brought to the island. Jamie's lived there for longer than he can remember, and it's not all fun and games. Peter thinks the boys are replaceable, that if one dies or grows up, he can swap in another from the Other Place, the place where he collects new playmates. Jamie looks out for the boys and takes care of them. He does everything Peter does not. Jamie tries to keep them alive because, to him, they matter. When Peter steals a boy who is too young, Jamie takes the boy under his wing. But Peter won't have that, for nobody will ever take Jamie from him. Ever"--

A Novel W. W. Norton & Company

In *The Go-Getter*, Bill Peck, a war veteran, persuades Cappy Ricks, the influential founder of the Rick's Logging & Lumbering Company, to let him

prove himself by selling skunk wood in odd lengths—a job that everyone knows can only lead to failure. When Peck goes on to beat his quota, Rick hands Peck the ultimate opportunity and the ultimate test: the quest for an elusive blue vase. Drawing on such classic values as honesty, determination, passion, and responsibility, Peck overcomes nearly insurmountable obstacles to find the vase and launch his career as a successful manager. In a time when jobs are tight and managers are too busy for mentoring, how can you maintain positive energy, take control of your career, and prepare yourself to ace the tests that come your way? By applying the timeless lessons in this compulsively readable parable, employees at all levels can learn to rekindle the go-getter in themselves.

A Novel Henry Altemus Company

NATIONAL BESTSELLER • In this witty and warm-hearted account, Peter Mayle tells what it is like to realize a long-cherished dream and actually move into a 200-year-old stone farmhouse in the remote country of the Lubéron with his wife and two large dogs. He endures January's frosty mistral as it comes howling down the Rhône Valley, discovers the secrets of goat racing through the middle of town, and delights in the glorious regional cuisine. A Year in Provence transports us into all the earthy pleasures of Provençal life and lets us live vicariously at a tempo governed by seasons, not by days.

The Book of Tells Random House

Social psychology has much to offer real world problems, especially in industrial and organizational settings. Originally published in 1995, in *Social Psychology at Work* leading researchers in their respective fields discuss recent findings and their implications for the commercial world of work. All the contributors have been greatly influenced by the late Michael Argyle, to whom this book is dedicated. They examine aspects of the workplace from the perspectives of personality and individual difference, social psychology and organizational psychology. Subjects covered include the effects of age on work, leadership, productivity, how we are socialized for work, stress and anxiety, and the effect of the physical environment on working behaviour. *Social Psychology at Work* is a rich source book of ideas, research findings and reviews at the interface of pure and applied psychology. It will be important and rewarding reading for all those such as students, consultants and managers and trainers who are interested in psychology at work.

A Novel Houghton Mifflin

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Lost Boy Penguin

Be curious...Be adventurous...Be brave...BE YOU! Discover a joyful reminder of the ways that every child is unique and special, from the beloved creator of *The Dot*, *Happy Dreamer*, and *New York Times* bestseller, *The Word Collector*. Here, Reynolds reminds readers to "be your own work of art." To be patient, persistent, and true. Because there is one, and only one, YOU. In the tradition of books like *Oh, the Places You'll Go!* and *I Wish You More* comes a wholly original, inspirational celebration of individuality as only Peter H. Reynolds can create!

The Lion, the Witch, and the Wardrobe Wyatt North Publishing, LLC

The Law of Dreams tells the story of a young man's epic passage from innocence to experience during The Great Famine in Ireland of 1847. On his odyssey through Ireland and Britain, and across the Atlantic to “the Boston states,” Fergus is initiated to violence, sexual heat, and the glories and dangers of the industrial revolution. Along the way, he meets an unforgettable generation of boy soldiers, brigands, street toughs and charming, willful girls – all struggling for survival in the aftermath of natural catastrophe magnified by political callousness and brutal neglect. Peter Behrens transports the reader to another time and place for a deeply-moving and resonant experience. *The Law of Dreams* is gorgeously written in incandescent language that unleashes the sexual and psychological energies of a lost world while plunging the reader directly into a vein of history that haunts the ancestral memory of millions in a new millennium.

Why Defending Scripture Has Made Us Unable to Read It PublicAffairs

Features an audio read-along! A creative spirit learns that thinking “ish-ly” is far more wonderful than “getting it right” in this gentle new fable from the creator of the award-winning picture book *The Dot*. Ramon loved to draw. Anytime. Anything. Anywhere. Drawing is what Ramon does. It's what makes him happy. But in one split second, all that changes. A single reckless remark by Ramon's older brother, Leon, turns Ramon's carefree sketches into joyless struggles. Luckily for Ramon, though, his little sister, Marisol, sees the world differently. She opens his eyes to something a lot more valuable than getting things just "right." Combining the spareness of fable with the potency of parable, Peter Reynolds shines a bright beam of light on the need to kindle and tend our creative flames with care.

The Demon Inside Candlewick Press

The controversial Bible scholar and author of *The Evolution of Adam* recounts his transformative spiritual journey in which he discovered a new, more honest way to love and appreciate God's Word. Trained as an evangelical Bible scholar, Peter Enns loved the Scriptures and shared his devotion, teaching at Westminster Theological Seminary. But the further he studied the Bible, the more he found himself confronted by questions that could neither be answered within the rigid framework of his religious instruction or accepted among the conservative evangelical community. Rejecting the increasingly complicated intellectual games used by conservative Christians to “protect” the Bible, Enns was conflicted. Is this what God really requires? How could God's plan for divine inspiration mean ignoring what is really written in the Bible? These questions eventually cost Enns his job—but they also opened a new spiritual path for him to follow. *The Bible Tells Me So* chronicles Enns's spiritual odyssey, how he came to see beyond restrictive doctrine and learned to embrace God's Word as it is actually written. As he explores questions progressive evangelical readers of Scripture commonly face yet fear voicing, Enns reveals that they are the very questions that God wants us to consider—the essence of our spiritual study.
