Modernity, globalization, and nationalism. The idea that nationalist conflicts erupted as a consequence of social changes brought about by modernity has remained an incontrovertible paradigm in the study of ethnic conflict and nationalism.

However, many also argue that nations as such could not exist before the modern age.

Part III provides a political analysis of the relationship between class, state, and nation, and lays out the class nature of nationalism and the role of the state in ethnonational conflicts that are the political manifestations of deeper class struggles that have been the driving force of nationalism and ethnic conflict in the era of globalization.
