BPP Learning Media  
 Although initially sparked by the collapse of MG Rover, this inquiry into the UK automotive industry was broadened to examine the following subjects: the principal reasons for the

different records of success by different companies; how companies arrive at investment and closure decisions; the role played by trade unions; the appropriate Government response to closure announcements and what the Government could do to help the supply chain and workforce if plants are closed. Overall it foresees mixed prospects for car manufacturing in this country and thinks it is important that the industry and Government put extra effort into improving skills, increasing R&D, adopting lean manufacturing techniques and strengthening the local supply chain.

The Defence Research and Development (DRDO) is an agency of the Government of India, with motto "Strength's Origin is in Science" charged with the military's research and development, its headquarters is in Delhi, India. It is under the administrative control of the Ministry of Defence, Government of India. DRDO is going to recruit eligible candidates for 41 trade apprentice vacancies at the Defence Research and Development Organisation (DRDO) centre at the Naval Physical and Oceanographic Laboratory (NPOL), Kerala. The trade

apprentices will be selected through a walk-in-interview. This is a good opportunity for the candidates who are seeking an apprenticeship (electronic mechanic) and 6 vacancies will be filled for this.

Moreover, this is a job for the candidates who have passed 10th/12th with two year ITI in electronic mechanic.

### **A Subject Bibliography from Highway Safety Literature**

New Asian companies are emerging with global ambitions, as old western brands disappear or are overtaken. In this book, seventeen Euro Asia experts present conceptual and empirical regional research that reflects the emerging multiplicity in Asia and comprehensively shows how the 'old world' must respond, and what will define success and failure.
