MARSHALL BRYCE

The Umbrella Conspiracy Simon and Schuster
 Beautiful white butterfly atop white flowers on the cover of this 8.5 x 11-inch journal with a big 200-page interior. The larger size makes the journal easier to write in while it lies flat. This journal is larger than many others on the market making it a stand-out. Blank journals are great for keeping track of to-do lists at work or home, recording your thoughts or studies. Great gift for back-to-school, or a stocking stuffer. Exterior features the name "Lara."
Dying Light - Nightmare Row Morgan Rice
 For most of us, traveling means visiting the most beautiful places on Earth—Paris, the Taj Mahal, the Grand Canyon. It's rare to book a plane ticket to visit the lifeless moonscape of Canada's oil sand strip mines, or to seek out the Chinese city of Linfen, legendary as the most polluted in the world. But in *Visit Sunny Chernobyl*, Andrew Blackwell embraces a different kind of travel, taking a jaunt through the most gruesomely polluted places on Earth. From the hidden bars and convenience stores of a radioactive wilderness to the sacred but reeking waters of India,

Visit Sunny Chernobyl fuses immersive first-person reporting with satire and analysis, making the case that it's time to start appreciating our planet as it is—not as we wish it would be. Irreverent and reflective, the book is a love letter to our biosphere's most tainted, most degraded ecosystems, and a measured consideration of what they mean for us. Equal parts travelogue, expose, environmental memoir, and faux guidebook, Blackwell careens through a rogue's gallery of environmental disaster areas in search of the worst the world has to offer—and approaches a deeper understanding of what's really happening to our planet in the process.

Islamization of Modern Science and Its Philosophy Clarkson Potter
 The *Contract Specialist Passbook(R)* prepares you for your test by allowing you to take practice exams in the subjects you need to study.

An Indie Game Developer's Roadmap to the Dark Side of Marketing Victor Gollancz

Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his

friend Kirill go into the Zone together to pick up a "full empty," something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, "Roadside Picnic" is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.

To the Dead City Gollancz

This guide covers every aspect of prostate cancer, from potential causes including diet to tests for diagnosis, curative treatment, and innovative means of controlling advanced stages of cancer.

METRO 2033. English Hardcover Edition. Fantasy Flight Games

New York City is a decaying fortress where serial killings are so commonplace they barely raise an eyebrow. A designer-drug culture where everything is legal - except for those substances so dangerous even knowledge of their existence is controlled. Substances like Dagametoxamine, or Dagger. Then comes a series of murders that turn even the hardest of stomachs, their signature so grisly it seems impossible the perpetrator is human. But these killings foreshadow a greater threat: the possibility that Dagger, capable of turning angels into demons, is working its way into the ecosystem. Praise for dagger dark "...A snappy whodunit..." Who Weekly "...Well paced..." Ralph Magazine "...A pleasing debut that marks Millership as an author to watch out for..." Canberra Times "...Damn fine reading..." 3D World

Caverns of the Snow Witch Dorling Kindersley Ltd

At the edge of the world, unknown and unseen, he endures and survives even in our digital era... ★★★★★ "This was an incredible book! The characters are well-described, the action is consistent, and the imagery, specifically the personification, is wonderful! There were moments I could feel the forest around me, breathing down my neck. Remarkable!" [Lana Mowdy] A young man leaves his backdoor Russian town and heads to Moscow, never to be poor again. With each day, he grows more and more desperate until he meets an old geologist with an intriguing and surprisingly profitable offer: to join him on his trip to the depths of Siberia, the largest forest on the planet, and become a "black digger" - one of those who find and excavate mammoth tusks with the purpose of selling them as ivory to the highest bidder. With nothing much to lose, our hero agrees, venturing to the edge of the Earth, beyond the borders of civilization and into the untouched wilderness. There, thousands of miles from home, in a race against the clock before the cold seals the ground, he has to face nature, other diggers, his inner demons and, most importantly, the enigmatic "Master of the Forest" - a prehistoric creature and the origin of all local legends, who ferociously protects his domain.

Windows PowerShell Scripting Guide Chicago Review Press World War Three wiped out the humankind. The planet is empty now. Huge cities became dust and ashes. Railroads are being eaten by rust. Abandoned satellites hang lonely on the orbit. Radio is mute on all the frequencies. The only survivors of the last war were those who made it into the gates of the Metro, the subway system of Moscow city. It's there, hundreds of feet below the ground, in the vaults of what was constructed as the world's largest air-raids shelter that people try to outlive the end of the days. It's there that they created a new world for themselves. The stations of Metro became city-states, and its citizens, torn apart by religions and ideologies are fighting for the now scarce commodities: air, water, and space. This tiny underground world

can only remind humans of an immense world they once were the masters of. It's been twenty years past Doomsday, and yet the survivors refuse to give up. The most stubborn of them keep cherishing a dream: when the radiation level from nuclear bombings subsides, they will be able to return to the surface and have the life their parents once had. But the most stubborn of the stubborn continues to search for other survivors in this huge emptiness that once was called Earth. His name is Artyom. He would give anything to lead his own people from the underground onto the surface. And he will. *** METRO 2035 continues and terminates the story of Artyom, the hero of the original Metro 2033 book and the Metro video games. Millions of readers across the world have been waiting for this novel for the long ten years. For those who have been following Artyom's adventures from the very beginning, Metro 2035 will deliver the concluding powerful part of the saga, with the ultimate part of the puzzle that can't be found anywhere else. For the new readers, Metro 2035 will become an excellent introduction into this unique fiction universe that has millions of fans across the world. *** Dmitry Glukhovsky's METRO novels have already sold millions of copies in 37 languages. They have also become a basis of cult video games 'Metro 2033' and 'Metro Last Light', and the film rights were optioned by a Hollywood studio. *** Behind the tense plot and the dark ambience of Metro 2035, there's yet another level: that of social dystopia and political satire. Metro metaphorically paints a pitiless picture of today's Russia, that is being overcast again by the dark shadows of its gruesome past. Do Russians need freedom? Do they want a war? Can they survive without an enemy? Who's to blame and can anything be done about it? Eternal questions. Fresh answers.

Zombie Apocalypse RPG Metro 2033

The novelization of the highly anticipated God of War game. His vengeance against the Gods of Olympus years behind him, Kratos now lives as a man in the realm of Norse gods and monsters. It is in this harsh, unforgiving world that he must fight to survive... and teach his son to do the same. This startling reimagining of God of War deconstructs the core elements that defined the series--satisfying combat; breathtaking scale; and a powerful narrative--and fuses them anew.

Dagger Dark Createspace Independent Publishing Platform Entrepreneurship is a cycle of failures and recoveries--hopefully with more successes than not. Mona Bijoor has created a guidebook for navigating the process. This book is about resilience. How do the best entrepreneurs think about failure--as it's happening and in hindsight--and ultimately win? James Joyce, Marcel Duchamp, Erik Satie Independently Published First English U.S. PREMIUM HARDCOVER Edition of the cult dystopia "METRO 2033". *** Metro 2033 tells the story of a young man named Artyom who goes a long way to save his world from mortal danger. The book describes the consequences of an atomic war. Its only survivors strive for existence in the mazes of the Moscow subway (Metro) some two decades after the nuclear Holocaust. Formally a sci-fi novel, Metro 2033 describes a dystopia, in which Russia's present-day society is superficially analyzed and described. It also critically examines communism in the former Soviet Union and the rise of fascism in modern Russia. Over 2,000,000 copies of Metro 2033 have been sold worldwide. Foreign book rights have been sold to more than 37 countries. The franchise gave birth to two cult video games, Metro 2033 and Metro Last Light. Film rights were optioned by MGM Studios in Hollywood.

The Witcher 3: Wild Hunt Collector's Edition Lulu.com
From Morgan Rice, #1 Bestselling author of THE VAMPIRE JOURNALS, comes the first book in a new trilogy of dystopian fiction. New York. 2120. American has been decimated, wiped out from the second Civil War. In this post-apocalyptic world, survivors are far and few between. And most of those who do survive are members of the violent gangs, predators who live in the big cities. They patrol the countryside looking for slaves, for fresh victims to bring back into the city for their favorite death sport: Arena One. The death stadium where opponents are made to fight to the death, in the most barbaric of ways. There is only one rule to the arena: no one survives. Ever. Deep in the wilderness, high up in the Catskill Mountains, 17 year old Brooke Moore manages to survive, hiding out with her younger sister, Bree. They are careful to avoid the gangs of slaverunners who patrol the countryside. But one day, Brooke is not as careful as she can be, and Bree is captured. The slaverunners take her away, heading to the city, and to what will be a certain death. Brooke, a Marine's daughter, was raised to be tough, to never back down from a fight. When her sister is taken, Brooke mobilizes, uses everything at her disposal to chase down the slaverunners and get her sister back. Along the way she runs into Ben, 17, another survivor like her, whose brother was taken. Together, they team up on their rescue mission. What follows is a post-apocalyptic, action-packed thriller, as the two of them pursue the slaverunners on the most dangerous ride of their lives, following them deep into the heart of New York. Along the way, if they are to survive, they will have to make some of the hardest choices and sacrifices of their lives, encountering obstacles neither of them had expected—including their unexpected feelings for each other. Will they rescue their siblings? Will they make it back? And will they, themselves, have to fight in the arena? ARENA ONE is Book #1 in the Survival Trilogy, and is 85,000 words.

Metro Exodus Guide & Walkthrough and MORE ! Scholastic Inc.
One of the best New York restaurants, a culinary landmark that has been changing the face of American dining for decades, now shares its beloved recipes, stories, and pioneering philosophy. Opened in 1994, Gramercy Tavern is more than just a restaurant. It has become a New York institution earning dozens of accolades, including six James Beard awards. Its impeccable, fiercely seasonal cooking, welcoming and convivial atmosphere,

and steadfast commitment to hospitality are unparalleled. The restaurant has its own magic—a sense of community and generosity—that's captured in these pages for everyone to bring home and savor through 125 recipes. Restaurateur Danny Meyer's intimate story of how Gramercy was born sets the stage for executive chef-partner Michael Anthony's appealing approach to American cooking and recipes that highlight the bounty of the farmer's market. With 200 sumptuous photographs and personal stories, The Gramercy Tavern Cookbook also gives an insider look into the things that make this establishment unique, from the artists who have shaped its décor and ambience, to the staff members who share what it is like to be a part of this close-knit restaurant family. Above all, food lovers will be inspired to make memorable meals and bring the warmth of Gramercy into their homes.

Titan Books
