Friendship and
the Moral Life
is not simply a
theoretical
argument
about how
moral
theology
might be done
if it took
friendship
more
seriously.
Rather, the
book exhibits
how without
friendship, our
lives are

morally not
worth living.
The book
begins with a
consideration
of why a new
model of the
moral life is
needed.
Wadell then
examines the
ethics of
Aristotle, who
viewed the
moral life as
based on a
specific
understanding
of the purpose
of being
human, with
friendship
being an
important
factor in
enabling
people to
acquire
virtues
necessary for
achieving this
purpose.

Through the
thought of
Augustine,
Aelred of
Reivaulx, and
Karl Barth, the
question is
raised
whether
friendship is at
odds with
Christian love
or whether
their relation
depends on
one's
narrative
account of
friendship.
Thomas
Aquinas'
understanding
of charity as
friendship with
God is
examined to
clarify this
relationship.
*Happiness and
Wisdom*
Anselm
Academic

What is true Christian morality? How does God want us to live our lives? Why does God care how we live our lives and why should I care about God's law? Is God real and is His law universal and objective? In this clear guide to understanding Christian morality, James Boardman explains the importance of virtue and ethics. With a Thomistic and Aristotelian basis, he guides the reader

through a journey in morality. By examining the sin of Adam and Eve, vices and virtues, the effects of the Sacraments, the true definition of grace, and much more, the reader will develop an understanding of and a deep appreciation for Christian morality.

Faithful Discipleship for a Global Society Wipf and Stock Publishers
Life, liberty, and the pursuit of happiness are prescribed

ideals in America of 2050. The Moral Authority, the nation's newest branch of government, has virtually eliminated crime, poverty, and most social ills, but it also rules the land with a tyrannical fist, championing ignorance and brandishing fear. Mark Bryan is a gay man whose existence brands him an outlaw; Isaac Montoya is a charming stranger, who entices Mark to defy moral

law; and Samuel Pleasant runs the Moral Authority and plans to punish moral offenders and a rebellious uprising-no matter the cost. Will liberty and justice return for all?
Happiness and the Christian Moral Life
Createspace Independent Publishing Platform
Thomas Aquinas was a man with a strategy -- not a strategy to assist us in good decision-making or a strategy to help us

resolve our problems of conscience, but a strategy to work toward our personal transformation in light of God's love for us. Aquinas has traditionally been represented as a man whose ethics are overly rational, excessively formal, and too scholarly to be of much use in contemporary society. The Primacy of Love gives us a fresh look at his ethical thought and invites us to

become part of his vision of the moral life as partners in God's perfect love. Author Paul Wadell gives special attention to the role of the passions, affections, and emotions in our moral life and creates a richly humane and compelling study written in a clear and accessible style. The Primacy of Love is a modern map for our own moral journey that is not so much something to study, but a way of life in

which to participate. To follow this journey is to take up an adventure that will involve you from the center of your being and will change you forever.

Brazos Press
In this volume,
William C.
Mattison, III
demonstrates
that virtue
ethics
provides a
helpful key for
unlocking the
moral wisdom
of the Sermon
on the Mount.
Showing how
familiar texts
such as the

Beatitudes
and Petitions
of the Lord's
Prayer are
more richly
understood,
and can even
be aligned
with the
theological
and cardinal
virtues, he
also locates in
the Sermon
classic topics
in morality,
such as the
nature of
happiness,
intentionality,
the
intelligibility of
human action,
and the
development
of virtue. Yet
far from
merely placing
the teaching
of Aristotle in
the mouth of
Jesus, he

demonstrates
how the
Sermon
presents an
account of
happiness and
virtue
transformed in
the light of
Christian faith.
The happiness
portrayed is
that of the
Kingdom of
heaven, and
the habits
needed to
participate in
it in the next
life, but even
initially in this
one, are
possible only
by God's
grace through
Jesus Christ,
and lived in
the
community
that is the
Church.

Most of us
think we are

happy-- but could be happier. Kelly takes a look at why we sabotage our own happiness-- and what to do about it. If you hold back from God because you want to be in control, what are you gaining in life? If you make yourself available to God, incredible things will happen. *To Give a Beautiful Witness* Blue Sparrow
A collection of poetry and sketches revealing a

journey of the soul, to find truth and healing. [The Healing Companion](#) Sagwan Press
In his much quoted, seminal work, *On Liberty*, John Stuart Mill attempts to establish standards for the relationship between authority and liberty. He emphasizes the importance of individuality which he conceived as a prerequisite to the higher pleasures--the summum bonum of Utilitarianism.

Published in 1859, *On Liberty* presents one of the most eloquent defenses of individual freedom and is perhaps the most widely-read liberal argument in support of the value of liberty. **From the Companion Series**
Penguin
An introduction to Christian ethics explores ethics as a path to happiness as opposed to a set of strict rules, addressing

the topics of
friendship,
community,
conscience,
prudence,
virtue, and
love.

of keeping this knowledge alive and relevant. *Nicomachean Ethics* Random House In its two-thousand-year history, the Catholic Church remains an unchanging yet developing entity. Since the church's infancy, Catholic theologians have referenced the "deposit of faith," which in early years referred to the written or orally revealed doctrines that formed the backbone of church teaching. Through the centuries, the definition came to be understood as the word of God, delivered through Jesus Christ and passed on to his apostles. Still, the deposit included both oral and written traditions and provided moral direction. The Second Vatican Council brought about many changes in the church, and once again, bishops and theologians addressed the deposit of faith. This invaluable concept came to be seen, not as mere dogma, but the expression of faith embodied in the words and deeds of Christ. The deposit is relevant to all elements of Catholic life: prayer, sacraments, and moral living. While the deposit has always addressed divine revelation, the post-Vatican II definition directs the faithful to

think holistically. Hubert M. Sanders Jr.'s Deposit of Faith is intricate Catholic theology for the lay reader. It encourages Catholics to reach beyond dogma and written instructions to embrace the fullness of the Christian experience in all aspects of life.

An Introduction to World Religious Ethics Lulu Press, Inc
Christian morality is synonymous with life in

Christ. We are to love God with our whole being and to love others as Jesus loves us, because God created all of us in his image and wants us to love one another as he loves us. The Christian moral life is defined by being in loving relationships and by living our lives in response to the teachings of Jesus. The collection of readings in Christian Moral Life A Primary Source Reader aims to help you learn the

moral concepts and teachings that guide us to live our lives as disciples of Christ. Within this reader you will find writings from the following sources: Saint Thérèse of Lisieux Saint Basil the Great Blessed Teresa of Calcutta Saint Thomas More Saint Teresa of Ávila Richard M. Gula, SS Blessed John Paul II Saint John Vianney Saint Francis of Assisi Julian of Norwich Saint Patrick Cardinal Joseph

Bernardin This text is the perfect complement to courses on morality, especially those that correspond to the U.S. bishops' Curriculum Framework course titled "Life in Jesus Christ."

Christian Moral Life

CreateSpace The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself

branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and

elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in

all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.
The Moral Landscape

Courier Corporation Enduringly profound treatise, whose lasting effect on Western philosophy continues to resonate. Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth.
How the Prosperity Gospel Overshadows the Gospel of Christ Kregel Publications
After her dreams of a perfect life in marriage are

shattered by a divorce, Stephanie Petrie travels from an idyllic life in California to Sedona, Arizona, and eventually to the pyramids of Egypt as she embarks on a spiritual journey of self discovery. Along the way, she meets strangers and makes new friends as she learns to develop her spiritual intuition and trust the synchronistic moments in life. These moments occur while

driving through the Sonoran Desert, noticing a family of tarantulas scurrying through the parking lot, and following a boy into the King's Chamber in the Pyramid of Giza. In this memoir, Stephanie tells her story of how people, nature, and life choices are all connected in order to challenge her "expected" social role in life and allow herself to be transformed on her life

journey. This adventure continues to require profound courage, commitment, and faith in the beauty of life as she discovers a deeper purpose and source of happiness.

The Primacy of Love

Brazos Press *Happiness and the Christian Moral Life* introduces students to Christian ethics through the lens of happiness. The book suggests that the heart of ethics is not rules and

obligations but our deep desire for happiness and fulfillment. We achieve that happiness when we become people who love the good and seek it in everything we do. The third edition of this reader-friendly text has been revised and updated throughout. It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves. After an overview of

basic concepts and key thinkers such as Augustine and Thomas Aquinas, subsequent chapters explore the importance of narrative in Christian ethics, the place of friendship and community in Christian moral life, the role of virtues in our quest for fulfillment, a Christian understanding of the person, a Christian theology of freedom, and false steps on the path to happiness. Final chapters discuss the

role of conscience and prudence, love, and justice. The third edition has been re-structured to better meet teaching needs by moving the discussion of narrative earlier in the book. This edition features fresh, global examples; revised introductions to key thinkers; discussions of tough, contemporary topics such as hook-up culture; careful consideration

of the words of Pope Francis on themes ranging from consumerism and freedom to love and the environment; and more. *The Christian Moral Life* Createspace Independent Publishing Platform Be faithful in your giving and God will reward you financially. It's not always stated that blatantly but the promises of the Prosperity Gospel--or the name-it-and-claim-it gospel, the

health-and-wealth gospel, the word of faith movement, or positive confession theology--are false. Yet its message permeates the preaching of well-known Christian leaders: Joyce Meyer, T. D. Jakes, Joel Osteen, Creflo Dollar, Kenneth and Gloria Copeland, and many more. The appeal of this teaching crosses racial, gender, denomination al, and international boundaries. Why are otherwise faithful Christians so easily led astray? Because the Prosperity Gospel contains a grain of biblical truth, greatly distorted. For anyone who knows that Prosperity Gospel theology is wrong but has trouble articulating and refuting the finer points, this concise edition contains all the robust arguments of the hard-hitting original edition in a shorter, more accessible form.

An Introduction to Christian Ethics
Rowman & Littlefield
The cross of Christ is the greatest irony in the history of the universe. It is far too easy to lose track of the paradoxical details of Christ's death. Familiarity replaces what should be shock as we read through the Passion narrative. The Irony of the Cross puts the shock back in the cross by

highlighting the ironies of Christ's death. Examining Mark 15:21-29, this book identifies eleven ironies of the cross that will deepen your understanding of the death of Christ and the gospel of grace. Each of these presents Jesus eschewing the prerogatives of his power for the salvation of his people.	There is no other point in time when Christ was more emptied and stripped of his divine dignity, and yet there is no other place where Christ's glory is more prominently displayed. <u>Augustine's Early Theology of Education</u> WestBow Press Happiness and Wisdom contributes to ongoing debates about the nature of	Augustine's early development, and argues that Augustine's vision of the soul's ascent through the liberal arts is an attractive and basically coherent view of learning, which, while not wholly novel, surpasses both classical and earlier patristic renderings of the aims of education.
