Do you lack confidence, grit, endurance, fortitude, self-esteem and all the other things that don't just make someone great, but successful in everything they do? What if you could completely transform yourself into someone who could do anything? I'm not talking about the change that happens for a week or a month or a year...but for your whole life?

What would that legitimately and realistically be worth to you? Everybody tries to tell themselves that they are "special" or "great"...but it's just talk. It's not reality. This book tells you how to do that. It doesn't cost anything to execute this program...but it ain't free. I guarantee if you do exactly as I tell you to do it with no compromises and zero substitutions...you and your life will never be the same.-Andy Frisella

Lean in 15 The Bikini Body Training Company Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los

Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the

nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside

you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

something I hadn't been able to do in years... lose those last, stubborn few kilos that annoyed and frustrated me. She gave me a healthy plan to stick to, with no tiresome calories counting, just good food. And the best thing was, it could be changed here and there as my days suddenly got busy. It was like having a little friend in my phone, with the perfect eating plan and then the back-ups in case life got in the way. I can't recommend her highly enough.' Natalie Barr, journalist and TV presenter. 'I want you to know that with Sarah's help, you WILL reach your goal weight. But more than that - you WILL keep it off. Plus, your mind WILL be clear, and you WILL have energy in abundance. Put simply, you WILL feel amazing.' Monique Wright, journalist and TV presenter 'Over

the years I've bought every health-kick book there is - macrobiotic, vegan, 'eating right for my blood type' - some I barely made past the first day, others the first... page! Now, thanks to Sarah, I've finally found what works for me! Her detox approach is a celebration of food and feeling your best. No punishment, restriction or radical plans. Instead, a clear roadmap to restoring your best health, based on actual science (thanks to the countless medical studies Sarah loves to read). The most surprising result - I'm still following its principles long after my 10 weeks are done. The other books are binned; Sarah's plan has become a way of life.' Squeaky Clean Keto marries the principles of clean eating with the ketogenic diet, resulting in reduced inflammation, faster weight loss, and better overall health. It provides readers

with the methods and principles of squeaky clean keto (no grains, dairy, alcohol, sweeteners, or nuts), 30 days of easy-to-follow meal plans, and over 130 delicious recipes that are big on flavor and will appeal to even the pickiest of eaters. This book will help readers lose weight, feel healthier, and identify whether or not certain common allergens are hindering their progress—all while eating an abundance of delicious foods that the entire family can enjoy. Squeaky Clean Keto makes weight loss on keto almost effortless, even for people who are self-proclaimed “slow losers.” Food intolerances and inflammation caused by common keto foods like dairy, nuts, and sweeteners can slow weight loss, so when those things are completely removed from the

diet, many see rapid results that they weren't getting on “regular” keto. After 30 days of squeaky clean keto, slowly reintroducing the potentially offending foods can shine a light on which foods may have been stalling weight loss. With this information in hand, readers can decide to limit or omit those foods completely moving forward for a fully customized approach to the keto diet.

We would all love to eat less carbohydrates and switch to a low-carb diet, but many of us think we just do not have the time. We believe that low-carb cooking and baking are time consuming,

because you have to start from scratch, and it involves specialised ingredients which may be expensive or hard to find. Not so, says Vickie de Beer, who believes the problem lies in the fact that we have become afraid of the kitchen and lost the knowhow of basic cooking techniques. The truth is that you can still cook nutritional and flavourful meals without refined carbohydrates even when you are pressed for time. In Low-Carb Express, Vickie shows that with a little planning and better time management, you can cook healthy meals in a cinch that will not only benefit you and your family's overall health, but might also benefit your budget.
