Fully revised and updated for the third edition, the Oxford Handbook of Public Health Practice remains the first resort for all those working in this broad field. Structured to assist with practical tasks, translating evidence into policy, and providing concise summaries and real-world issues from across the globe, this literally provides a world of experience at your fingertips. Easy-to-use, concise and practical, it is structured into seven parts that focus on the vital areas of assessment, data and information, direct action, policy, health-care systems, personal effectiveness and organisational development. Reflecting recent advances, the most promising developments in practical public health are presented, as well as maintaining essential summaries of core disciplines. This handbook is designed to assist students and practitioners around the world, for improved management of disasters, epidemics, health behaviour, acute and chronic disease prevention, community and government action, environmental health, vulnerable

populations, and more.

A story of queer love and working-class families, *Young Mungo* is the brilliant second novel from the Booker Prize-winning author of *Shuggie Bain*

Douglas Stuart's first novel *Shuggie Bain*, winner of the 2020 Booker Prize, is one of the most successful literary debuts of the century so far.

Published or forthcoming in forty territories, it has sold more than one million copies worldwide. Now Stuart returns with *Young Mungo*, his extraordinary second novel. Both a page-turner and literary tour de force, it is a vivid portrayal of working-class life and a deeply moving and highly suspenseful story of the dangerous first love of two young men. Growing up in a housing estate in Glasgow, Mungo and James are born under different stars—Mungo a Protestant and James a Catholic—and they should be sworn enemies if they're to be seen as men at all. Yet against all odds, they become best friends as they find a sanctuary in the pigeon dovecote that James has built for his prize racing birds. As they fall in love, they dream of finding somewhere they belong, while Mungo works hard to hide his true self from all those around him, especially from his big brother Hamish, a local gang leader with a brutal reputation to uphold. And when several months later Mungo's mother sends him on a fishing trip to a loch in

Western Scotland with two strange men whose drunken banter belies murky pasts, he will need to summon all his inner strength and courage to try to get back to a place of safety, a place where he and James might still have a future. Imbuing the everyday world of its characters with rich lyricism and giving full voice to people rarely acknowledged in the literary world, Young Mungo is a gripping and revealing story about the bounds of masculinity, the divisions of sectarianism, the violence faced by many queer people, and the dangers of loving someone too much.

Bringing Security Home Clarkson Potter

The "Autodesk(r) Revit(r) Architecture 2015 Review for Certification" guide is intended for users of the Autodesk Revit Architecture software who are preparing to complete the Autodesk Revit Architecture 2015 Certified Professional exam. This guide contains a collection of relevant instructional topics, practices, and review questions from the Autodesk Official Training Guides (AOTG) training guides created by ASCENT - Center for Technical Knowledge(r) and pertaining specifically to the Certified Professional exam topics and objectives. Prerequisites: This training guide is intended for experienced users of the Autodesk Revit Architecture software in preparation for certification. New users of the software should refer to the AOTG training guides from ASCENT, such as Autodesk Revit 2015 Architecture Fundamentals, for more comprehensive instruction. Autodesk recommends 400 hours of hands-on software experience before taking the Autodesk Revit Architecture 2015 Certified Professional exam.

Discrimination Law Hart Pub

An instant New York Times bestseller! From the bestselling author of *But What if We're Wrong*, a wise and funny reckoning with the decade that gave us slacker/grunge irony about the sin of trying too hard, during the greatest shift in human consciousness of any decade in American history. It was long ago, but not as long as it seems: The Berlin Wall fell and the Twin Towers collapsed. In between, one presidential election was allegedly decided by Ross Perot while another was plausibly decided by Ralph Nader. In the beginning, almost every name and address was listed in a phone book, and everyone answered their landlines because you didn't know who it was. By the end, exposing someone's address was an act of emotional violence, and nobody picked up their new cell phone if they didn't know who it was. The 90s brought about a revolution in the human condition we're still groping to understand. Happily, Chuck Klosterman is more than up to the job. Beyond epiphenomena like "Cop Killer" and Titanic and Zima, there were wholesale shifts in how society was perceived: the rise of the internet, pre-9/11 politics, and the paradoxical belief that nothing was more humiliating than trying too hard. Pop culture accelerated without the aid of a machine that remembered everything, generating an odd comfort in never being certain about anything. On a 90's Thursday night, more people watched any random episode of Seinfeld than the finale of Game of Thrones. But nobody thought that was important; if you missed it, you simply missed it. It was the last era that held to the idea of a true, hegemonic mainstream before it all began to fracture, whether you found a home in it or defined yourself against it. In The Nineties, Chuck Klosterman makes a home in all of it: the film, the music, the sports, the TV, the politics, the changes regarding race and class and sexuality, the yin/yang of Oprah and Alan Greenspan. In perhaps no other book ever written would a sentence like, "The video for 'Smells Like Teen Spirit' was not more consequential than the reunification of Germany" make complete sense. Chuck Klosterman has written a multi-dimensional masterpiece, a work of synthesis so smart and delightful that future historians might well refer to this entire period as Klostermanian.

Ten Speed Press

This study contains elementary introductions to properties of the Radon transform plus coverage of more advanced topics.

Problems in Pediatric Emergency Medicine Jason Aronson

A highly readable introduction to equality law and how it has adjusted to new and complex problems. Including an historical overview and comparative analysis, it thematically illuminates and discusses the major issues in discrimination law. This edition incorporates recent changes to the law, most importantly the Equality Act 2010.

Combating Violence Against Women in the OSCE Region Knopf

Summary/review i

Manometric Techniques and Related Methods for the Study of Tissue Metabolism Penguin

A book which examines the problems of patient management in paediatric emergency medicine. It concentrates on the presenting symptoms of common diseases accounting for the majority of morbidity and mortality cases in children, and takes a problem-orientated approach for these disease entities.

Written by two experts in diving physiology and medicine, this comprehensive resource will help you manage each stage of a dive more safely and successfully. Whether you're on the surface or bottom, in the descent or ascent, you'll know exactly what to do and when to do it. With information on everything from on-gassing and off-gassing to first response interventions for medical problems, *Diving Science* is as essential as a wetsuit for your next dive.

Managing in the Legal Environment Grove Press

A practical book which teaches the reader how to approach and identify images and what can be determined from this examination, directing the reader towards the diagnostically significant features. The text is image - rather than disease - orientated.

Diving Science Springer

This book is basic starting point for students and practitioners of law and anyone else who wishes to learn more about the elaborate system of international norms and accompanying mechanisms that have been developed to protect individuals' human rights. It is written so as to benefit the seasoned professional as well as the casual lay reader.

Introduction to Clinical Medicine Transaction Publishers

The story of a group of scientists who set out to conquer hepatitis B, focusing on the International Task Force's encounters with opposition from economic and political forces. Draws on classified and confidential documents and on interviews with Task Force members, government representatives, and institutional officials to dramatize the turf wars, international politics, and internal tensions the Task Force overcame to lower prices of the vaccine against the disease and make universal immunization a priority. Annotation copyright by Book News, Inc., Portland, OR

Helping Troubled Kids Hamish Hamilton

Discover the untold story of African surf culture in this glorious and colorful collection of profiles, essays, photographs, and illustrations. AFROSURF is the first book to capture and celebrate the surfing culture of Africa. This unprecedented collection is compiled by Mami Wata, a Cape Town surf company that fiercely believes in the power of African surf. Mami Wata brings together its co-founder Selema Masekela and some of Africa's finest photographers, thinkers, writers, and surfers to explore the unique culture of eighteen coastal countries, from Morocco to Somalia, Mozambique, South Africa, and beyond. Packed with over fifty essays, AFROSURF features surfer and skater profiles, thought pieces, poems, photos, illustrations, ephemera, recipes, and a mini comic, all wrapped in an astounding design that captures the diversity and character of Africa. A creative force of good in their continent, Mami Wata sources and manufactures all their wares in Africa and works with communities to strengthen local economies through surf tourism. With this mission in mind, Mami Wata is donating 100% of their proceeds to support two African surf therapy organizations, Waves for Change and Surfers Not Street Children.
