 Neste novo século e milênio, os valores sólidos da moral e da ética judaico-cristã têm sido sistematicamente substituídos por um relativismo cultural cuja consequência é o esfacelamento das relações humanas. Venha nesta jornada com o pastor Douglas Baptista estudar e defender os valores cristãos nas questões dos Direitos Humanos, Aborto, Pena de

Morte, Suicídio, Doação de Órgãos, sexualidade, finanças, etc., e juntos, enfrentar as questões morais de nosso tempo. Um Produto CPAD.

Robert E. Picirilli, in *Grace, Faith, Free Will*, renews the discussion of issues that have divided Calvinism and Arminianism since the Reformation, Jacobus Arminius, a Dutch theologian of the 16th century, contested the dominant theological ideas advanced by the well-known Protestant

reformer John Calvin and his disciples. Historically, Arminius has been frequently misunderstood and often interpreted by friend and foe alike. Even today, one who calls himself "Arminian" does so with considerable risk, as the name means different things to different people and comes in various flavors. Many automatically think of Arminians as liberal, differing little from Universalists, at least holding to salvation by works, and possibly espousing heretical views of the Trinity or the goodness of man. In truth, some "Arminians" have held and even now hold such beliefs. No so of Arminius himself, his original followers, or able contemporary theologians such as Picirilli. Though he presents both classics Calvinism and Arminianism in order to help readers intelligently decide for themselves, Dr. Picirilli unashamedly

advocates a very specific form of Arminianism as the best resolution of the tensions between the two doctrinal positions.

With a strong emphasis on the scriptural basis for each doctrine—what the whole Bible teaches us today about a particular topic; clear writing, with technical terms kept to a minimum; and a contemporary approach, emphasizing how each doctrine should be understood and applied by present-day Christians, *Making Sense of the Bible* is required reading for understanding the relevant passages of Scripture. Topics include Canon of Scripture: the list of all books that belong in the Bible; Authority of Scripture: all words in Scripture are God's words because that is what the Bible claims for itself; Clarity of Scripture: the Bible is written so that its teachings are able to be understood by all who read it; Necessity of Scripture: the Bible is necessary for knowledge of the gospel; and Sufficiency of Scripture: Scripture contains all the words of God he intended his people to have. Written in a friendly tone, appealing to the emotions and the spirit as well as the intellect, *Making Sense of the Bible* helps readers overcome wrong ideas, make better decisions on new questions, and grow as Christians.

From the pen of John Bartleman, an early leader of the Pentecostal movement, we have an eyewitness account of the "latter rain" when Pentecost moved from California to Maine and back.

The truth of God is rich and multifaceted. Though a coherent body of revelation, the Bible comes to us through a variety of inspired authors, metaphors, and themes highlighting the many facets of God's truth. Likewise, our theological formulations capture manifold emphases--distinct perspectives on the whole--which collectively enable us to gain a fuller understanding of the truth. Poythress explains, We use what we have gained from one perspective to reinforce, correct, or improve what we understood through another. I call this procedure 'symphonic theology' because it is analogous to a blending of various musical instruments to express the variation of a symphonic theme. The implications of this approach are far-reaching for theology and praxis.

The Message of Romans Thomas Nelson
Many sermons preached today lack the divine knowledge and spiritual understanding available only through dynamic expository preaching. In *Preaching: How to Preach Biblically*, John MacArthur's well-known passion for the Bible combines with the expertise of faculty members at The Master's Seminary to inspire and equip preachers in effective biblical preaching. *Preaching: How to Preach Biblically* flows from biblical foundations for expository preaching through a detailed process of developing expositions and creating sermons to the actual delivery of expository messages, connecting what pastors learn in seminary with the sermons preached in a local church. This volume shows how to progress purposefully from one phase to the next in preparing to minister to God's people through preaching. This book answers these questions and more: What is expository, biblical preaching? What are the theological and historical foundations for insisting on expository preaching? What are the steps involved in preparation for and participation in biblical preaching? What models exist for expository preaching today? The Master's Seminary faculty, with over thirty years' experience in preaching and seminary training of preachers, contributes a treasury of expertise alongside insights from expositor John MacArthur. While united on their commitment to exposition, the variety of individual expressions and methodological preferences discussed offers beneficial assistance for any preacher seeking a higher level of expository excellence.

The times have long passed when Pentecostals were viewed as Protestantism's untouchables. Today, the shock waves from Azusa Street have influenced countless Evangelicals worldwide. But if dialogue between Pentecostals and Evangelicals has awakened within the latter a thirst for the power of God's Spirit, it has challenged Pentecostals to examine their theology more deeply in the light of his Word. Just how firm is the biblical foundation on which they stand? *Spirit and Power* provides a cutting-edge look at Pentecostal theology. It addresses the concern expressed by its authors and echoed throughout charismatic churches today: "Although our Pentecostal forefathers intuitively grasped the correlation between the reality they experienced and the promise of Acts 1:8, they did not always articulate their theology in a manner that was convincing to other believers committed to the authority of Scripture." In response, theologians William and Robert Menzies explore Pentecostalism in a scholarly and current light. *Spirit and Power* is no mere paraphrase of dated approaches. It is a fresh and penetrating look at the whys and wherefores of Pentecostal doctrine that sets a new standard for Spirit-filled theology. Whatever your persuasion may be as a Christian, this book's thoughtfulness, balance, and biblical integrity will help you appreciate more fully the strengths of the Pentecostal stance. Laying the groundwork for an

accurate understanding of Luke's writings in particular, the authors help you grasp the foundations of Pentecostal theology from the standpoints of history, hermeneutics, and exegesis. Then, in Part Two, they give you an in-depth look at specific Pentecostal concerns: the baptism of the Holy Spirit as a blessing subsequent to salvation, evidential tongues, signs and wonders, healing in the atonement, and more. You'll deepen your understanding of the basis for Pentecostal beliefs. And you'll gain a feel for the mutually beneficial dialogue that continues between Pentecostals and Evangelicals today.

What the Bible Says about the Holy Spirit Houghton Mifflin Harcourt

Have you ever prayed for a sick friend? Does God heal today? If so, why are so many people in pain around us? We have all heard stories of miraculous healings. But can we believe them? Why are some people healed and some not? Does God give ordinary Christians the authority to heal? As Ken Blue explores these questions he found plenty of answers, but none that satisfied him. He wanted answers that were true to Scripture and true to a loving and just God. His search into the Bible and into the ministry of healing has produced a rich and very human book. Here is a book for everyone who has ever prayed for a sick friend.

The Seven Laws of Teaching Thomas Nelson Brasil

Written by a Presbyterian preacher in the 1800's this book is revered by some and considered heresy by others. The arguments given in Finney's various lectures will cause many to consider their own positions and seek to justify what they believe. Finney deals with many different subjects going from moral law, government, love, depravity and other

diverse but important subjects. Regardless of what your own position on these subjects are, this work is a good masterpiece of religious thought but the ideas and reasons for Finney's arguments may leave theologians wondering if such thinking is something we should be keeping around.

Our Destiny Thomas Nelson

How can the church be a healing force in the world? In this longtime bestseller, now revised and updated, authors Jerry Cook and Stanley C. Baldwin suggest that it is only when believers admit their own brokenness that they can love, accept, and forgive those who are hurting around them and put out the welcome mat to their community. They offer clear teaching about the church in a hurting world. As veteran leaders who practice these principles, they speak from experience, not theory. Through touching true stories and practical guidelines for connecting with fallen, sinful people, Cook and Baldwin announce the good news. The church is not broken, and it is the broken people who can change the world.

Gain a knowledge of counseling methods that are practical and consistent with Christian theological convictions. What do the Scriptures say about counseling? What is the biblical basis for using Scriptures in counseling? What does it mean to think biblically about counseling-related issues? At the root of this book is the confidence that Christ and his Word are not only sufficient for effectively handling the personal and interpersonal challenges of life but are superior to the resources found in the world. The practice of psychological counseling is a ministry and should not belong only to the realm of humanistic and secular theories of the mind. Written to pastors, elders, deacons, seminary students, and laypeople; well-known pastor John MacArthur and contributors present a system of biblical truth that brings together people, their problems, and the living God. This kind of counseling is based on the convictions that: God's Word should be our counseling authority. Counseling is a part of the basic discipling ministry of the local church. God's people can and should be trained to counsel effectively. Counseling: How to Counsel Biblically provides biblical guidelines to counsel people who are struggling. The contributors represent some of America's leading biblical teachers and counselors, including: Ken L. Sarles, David Powlison,

Douglas Bookman, David B. Maddox, Robert Smith, William W. Goode, and Dennis M. Swanson.

Knowing the Doctrines of the Bible Zondervan Academic

In Strange Fire, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern Charismatic movement. What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? The charismatic movement has always been a breeding-ground for scandal, greed, bad doctrine, and all kinds of spiritual chicanery. As a movement, it is clearly headed the wrong direction. And it is growing at an unprecedented rate. From the Word of Faith to the New Apostolic Reformation, the Charismatic movement is being consumed by the empty promises of the prosperity gospel. Too many charismatic celebrities promote a "Christianity" without Christ, a Holy Spirit without holiness. And their teaching is having a disastrous influence on a grand scale, as large television networks broadcast their heresies to every part of the world. In Strange Fire, MacArthur lays out a chilling case against the modern Charismatic movement that includes: Rejecting its false prophets. Speaking out against their errors. Showing true reverence to the Holy Spirit. Clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.
