"Explores the art of John Singer Sargent in the context of nineteenth-century botany, gynecology, literature, and visual culture. Argues that the artist was elaborating both a period poetics of homosexuality and a new sense of subjectivity, anticipating certain aspects of artistic modernism"--Provided by publisher.

An affectionate travelogue that conveys not only impressions of everyday life and descriptions of unique Tibetan customs and traditions but brings us Tibetan history, politics, and religion from a fresh, unstudied perspective Despite the determined efforts of the Dalai Lama to publicize the Tibetan cause, for many the people, culture, history, and traditions of this country remain mysterious. Niema Ash was one of the first Westerners to enter the country when its borders were briefly opened, and in this highly absorbing and personal account, she relates with wit, compassion, and sensitivity her encounters with people whose humor, spirituality, and sheer enthusiasm for life have carried them through years of oppression and suffering. This journey into a forbidden kingdom gives a fresh insight into the real heart of Tibet.

The Magic Touch House of Stratus

This wild, magic-realist ride of a novel, originally published in

1994, is funny, sexy, satirical, linguistically exuberant, and utterly unique. Written as a fictional biography, it tells the life story of a woman with magical sexual powers that she uses to heal people. The story follows our heroine from her miraculous birth through her childhood in a magical orphanage to adulthood, when she uncovers sinister conspiracies among political and well-hidden foes. Woven into *The Magic Touch* is that of her grandmother, whose mysterious background propels the story forward in ways that begin as Faustian and end up as spiritual. The story culminates in a spectacular—and hilarious—showdown between the forces of good and evil. This ebook re-release of *The Magic Touch* includes a new introduction that should be a must-read for fans of this book and aspiring writers everywhere. It reveals how Rachel stumbled on the idea for the heart of the story, the long journey she took in producing the book, and the kind words given by a respected professor that inspired her, at her lowest moment, to pick herself up and keep going. *The Magic Touch* was Rachel Simon's second book and first novel. It was a 1994 selection of the Barnes & Noble Discover Great New Writers program, which highlights books of exceptional literary quality from authors at the starts of their careers.

Touch: A Novel London : J. Lane

The great novel of the Philippines In more than a century since its appearance, José Rizal's *Noli Me Tangere* has become widely known as the great novel of the Philippines. A passionate love story set against the ugly political backdrop of repression, torture, and murder, "The Noli," as it is called in the Philippines, was the first major artistic manifestation of Asian resistance to European colonialism, and Rizal became a guiding conscience—and martyr—for the revolution that would subsequently rise up in the Spanish province. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This book is a reflection on what it was like to grow up in a traditional Chinese family in Malaya and Singapore in the 1930's and 1940's and the cultural differences between that environment and life in Australia after moving there in 1954 for further education and employment, especially as Australia had then the White Australia policy, and was not the multicultural society it is today. It also comments on life and experiences working as an Australian Trade Commissioner in China in the 1980's and early 1990's when the People Republic of China began to open up to the West. His knowledge of the Chinese language and of the differences between Chinese and Australian cultures allowed him to have a more intimate insight into the so-called inscrutable Chinese thinking.

Little Mouse loves paper lanterns with their impossible delicate beauty, and the way Old Chen's hands seem to effortlessly cut, paste, and paint his masterful creations. Little Mouse watches and learns until, when Old Chen can no longer make the lanterns, he finds his inner strength and his hidden talent. But more important than Little Mouse's achievement is the bond of friendship between him and Old Chen. The traditions of a culture and the magic of an art form are carefully preserved as they are passed from one generation to the next. Exquisite, bright illustrations, as delicately rendered as the Chinese paper lanterns themselves, draw readers of all ages into this simple story of the power of friendship, patience, and perseverance.

Touch Me Not (1887) is a novel by José Rizal. Published in Berlin, the novel was originally conceived as a collaborative project to be written by a group of Filipino nationalist writers living in Madrid. Disappointed in his comrades' lack of engagement, however, Rizal wrote the novel alone, blending aspects of his own life story with his critique of Spanish imperialism in the Philippines. Banned by Spanish authorities, the novel was smuggled into his home country, where it quickly galvanized Rizal's fellow nationalists in opposition to the Spanish Empire. Returning home to Laguna province after seven years in Europe, Crisóstomo Ibarra, a young

mestizo man, attempts to pick up the pieces following the death of his father. Noticing some hostility from Padre Dámaso, a local curate who had long been a friend of his family, Crisóstomo soon learns that his father's death may not have been an accident after all. Focusing on his goal of building a school for the local children, Crisóstomo longs to do justice to Don Rafael Ibarra's legacy. When he goes to visit his grave, however, he is told by the groundskeeper that his father's body was moved to a local Chinese burial ground following an order by Padre Dámaso. As the story unfolds, a vast web of conspiracy involving Spanish authorities and Filipino revolutionaries threatens Crisóstomo's life while testing the limits of his loyalty to family and nation alike. With a beautifully designed cover and professionally typeset manuscript, this edition of José Rizal's *Touch Me Not* is a classic work of Filipino literature reimagined for modern readers.

Still life painting is an exciting genre, which allows the artist to explore colour, shape and form using as many or as few objects as they like. A still life can be quiet, tranquil and contemplative in mood, or be a celebration of pure colour and expression. This book introduces the genre using the medium of oil paint as a step-by-step process, from painting simple compositions of one object to complex arrangements of more unusual subject matter. Each chapter focuses on a different aspect of preparing for a painting: from studying a still life using a variety of drawing techniques to basic colour theory; from painting with a limited tonal range to using the full impressionist palette. The compositions studied include traditional still life subjects and more unusual objects, and advice is given on materials, including how to stretch your own canvas. The work of notable still life painters is used as inspiration for your work, and the book introduces painting still life within the genre of portraiture. Aimed at beginners and the more experienced; untutored groups and individual artists and beautifully illustrated with 190 colour illustrations.
