What would
you do if,
upon arriving

home from a
hard day's
work, you
found out that
your wife had
been brutally
raped by
someone you
knew? What
would you do?
"He put a gun
to my head
and dragged
me into a dark
room. He
pushed me
down on the
bed and said,
'If you make a
sound, I will
kill you.' He
then pulled
down my
pants and
raped me."
Rape is a
horrible crime.
It is a crime

that often leaves the victim psychologically scarred for life. Daniel Cummings is the husband of a rape survivor. The heinous crime of rape has been perpetrated upon his man's wife, and the culprit is identified by the victim. When the criminal's identity is made known to the agents of law enforcement, it is reasonably expected that justice will be served. When the culprit has

been positively identified as the rapist and those agencies empowered with the authority to arrest the culprit and thereby mete out justice consciously refuse to perform the duties they have been sworn to uphold, citing their own lack of confidence in the process of the justice system as the reason they will not perform their sworn duty, they have, by their own inaction,

aligned themselves with the rapist and closed the doors to even a semblance of justice. What would you do? What would you do if you discovered that a knife and gun were used to force your wife into submission? What would you do? What would you do if, after doing everything that the law dictated a law-abiding citizen should do, all the right things that a traumatized man and wife could possibly endure by

reporting the rape, you get slapped in the face with endless contrived humiliation? What would you do? Daniel Cummings hasn't been able to sleep. All he can think about is the knife put to his wife's throat, the gun put to her head, and the bloodstains on her pants from vaginal hemorrhaging. He knows he has to do something.

I Cry for Help! Orbit This is a true story about what my twin boys went

through with their biological father in the court system. My boys did not have any rights or anyone to speak for them. As a mother you cannot speak for your children in court. The judges and lawyers assume every case is the same. There are a lot of parents out there who just want to keep the other parent away from the children just because they don't want them in their lives anymore.

Well because of that my boys suffered a lot. When you enter into the court system with your children they become just a number. Then it becomes a money game with the lawyers, no one really cares about the best interest of the children. Throughout my story you will see how everyone turned their head the other way, no one wanted to help my boys. All the signs were there that there was

something terribly wrong, but no one wanted to get involved. Everyone was afraid to speak up for the boys. I know that there are a lot of parents out there that are going through custody battles, the courts are backed up with them. There is a message in this book that I need to get out.

 The world tilted for Elodee this year, and now it's impossible for her to be the same as she was before. Not when her feelings have such a strong grip on her heart. Not when she and her twin sister, Naomi,

seem to be drifting apart. So when Elodee's mom gets a new job in Eventown, moving seems like it might just fix everything. Indeed, life in Eventown is comforting and exciting all at once. Their kitchen comes with a box of recipes for Elodee to try. Everyone takes the scenic way to school or work—past rows of rosebushes and unexpected waterfalls. On blueberry-picking field trips, every

berry is perfectly ripe. Sure, there are a few odd rules, and the houses all look exactly alike, but it's easy enough to explain—until Elodee realizes that there are only three ice cream flavors in Eventown. Ever. And they play only one song in music class. Everything may be “even” in Eventown, but is there a price to pay for perfection—and pretending? “Engrossing.” —New York Times Book

 Considered a poor but blessed family, I remember living in a one

bedroom house with no bathroom and no running water, in a small town called White Plains in Alabama; later we moved to Valley, Alabama. As a teenager I began lip syncing and participating in a number of skits at the skating rink and disco clubs. After being converted from worldliness to righteousness and transformed by the renewing of my mind, I no longer thought

or saw things the same. I realized that writing songs, poems and performing arts were gifts from God. Once I gave the gifts that God had given me back to Him and allowed Him to use me for His glory and not mine, I saw how God began to give me more of His wisdom, knowledge, and understanding of how to minister to His people according to what I'd been through and the words of my testimony.

My constant prayer every day is, "if you can use anything Lord, you can use me".

 It was years

later, and they were still grieving, mourning, crying, and weeping over the loss of their loved ones. The hurt, pain, brokenness, sorrow, heartache, and heartbreak they felt in the beginning never subsided; and it never ended. Unknowingly, they had stepped into the process, but never entered into the journey.

 I Cry for You, I

Cry for Me is a memoir of author Wayne Tozier Seames struggle since the loss of his cherished partner. It represents a compendium of his thoughts reflecting the overwhelming despair that has come into his life. Grieving the loss of a spouse or partner is a heartrending confrontation that must be undertaken by the surviving partner. As a guide, I Cry for You, I Cry for Me seeks to help those

suffering the agony of their loss. Seames explores the commonality of grief all survivors must confront and offers help in coping with the agony of such a profound loss. Additionally, he has developed a plan of self-recovery in the face of the anguish that anyone who has lost a loved one must deal with after their loss. While he has begun to make the steps necessary to heal, there remain many

more critical steps to be taken. For many months he has cried daily over the loss of his partner. The cries are not volumes of tears but tears of emotional distress of the loss of the earthly presence of true love.

As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to

continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's

capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's

book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half, Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing*

"No tears for
Carol" is the
story of a
courageous
woman and
her struggle to
survive in a
world she did
not
understand or
feel she
belonged in.
Borne into a
world of the
occult, she
escaped only
to endure an

incestuous
childhood
marked by
terror, and
physical and
emotional
abuse, which
locked her
away in a
traumatic fog
until she was
seventeen
years of age.
How much
pain and
abuse can one
person
endure? The
answer is
"endless" as
long as she is
walking in the
arms of her
Heavenly
Father. This is
my story. It is
a lifetime of
memories,
pain, terror
and finally
freedom. It is
a story of a

shaky faith in
a 'daddy' God
who never
condemned
the times I fell
but rewarded
me endlessly
for the times I
allowed Him
to gently pick
me up and try
once more!
My life is like a
movie, as if I
am walking
this journey
with you. I see
no faces in my
childhood and
I disassociate
as though I
were merely a
spectator
looking on. I
believe that
life is an
illusion, a
conglomerate
of facts we tell
ourselves to
make it
through the

day and night. I was a chameleon, taking on the persona of those around me, flowing from one dictator to the next. In retrospect it was the knowledge that I was "invisible," that even the dead dry hay, fed to the cattle, had more value than I did. That was my legacy from my mother! I ask you not to focus on Carol but on Jesus Christ, who walked this journey with me. It was His love and

strength that got me through it. God did not want puppets to follow Him around so He gave man free will. The people in my life chose to abuse me. I also chose to abuse myself. But Jesus told me He would, "Restore the years the locust have eaten," and my friend He has done just that. I believe my book will give hope, courage and compassion to understand individuals who have such unfortunate

afflictions. **Don't Cry for Me** Fulton Books, Inc. But his presence in the camp threatens to fracture the group, putting him on a collision course with their enigmatic

For five short years women in American cinema were modern! They took lovers,

had babies out of wedlock, got rid of cheating husbands, enjoyed their sexuality, led unapologetic careers and, in general, acted the way many think women only acted after 1968. Before then, women on screen had come in two varieties - good or bad - sweet ingenue or vamp. Then two stars came along to blast away these common stereotypes. Garbo turned the femme fatale into a woman whose

capacity for love and sacrifice made all other human emotions seem pale. Meanwhile, Norma Shearer succeeded in taking the ingenue to a place she'd never been: the bedroom. Garbo and Shearer took the stereotypes and made them complicated. In the wake of these complicated women came others, a deluge of indelible stars - Constance Bennett, Ruth

Chatterton, Mae Clarke, Claudette Colbert, Marlene Dietrich, Kay Francis, Ann Harding, Jean Harlow, Miriam Hopkins, Dorothy Mackaill, Barbara Stanywyck, Mae West and Loretta Young all came into their own during the pre-Code era. These women pushed the limits and shaped their images along modern lines. Then, in July 1934, the draconian Production Code became

the law in Hollywood and these modern women of the screen were banished, not to be seen again until the code was repealed three decades later. Mick LaSalle, film critic for the San Francisco Chronicle, takes readers on a tour of pre-Code films and reveals how this was the true golden age of women's films and how the movies of the pre-Code are still worth watching. The bold, pioneering and

complicated women of the pre-Code era are about to take their place in the pantheon of film history, and America is about to reclaim a rich legacy.
