Costs For Municipal Waste Management
Therefore, recycling might impose an incremental cost of at least \$10 per ton in the short run,

but it might provide an incremental benefit of up to \$20 per ton in the long run. You can compare the replacement cost per ton for land disposal to your current net cost per ton for other MSW paths in Exhibit 5-5. Full Cost Accounting for Municipal Solid Waste Management ... In comparing the costs of various solid waste management options (e.g., recycling vs. disposal), it is important that governments distinguish between "fixed" or "sunk" costs (i.e., costs that cannot immediately be avoided by selecting an alternative method of solid waste management) and "variable" costs. Municipal Solid Waste Management and Full-Cost Accounting
Based on projected waste export costs of \$94 per ton (\$0.05 per pound) in fiscal year 2014, the cost of waste export and disposal for an average household is \$80 per year and \$7 per month. [56] Hypothetically, the City could charge \$1.50 for each 30-gallon bag and \$0.75 for each 15-gallon bag. A Better Way to Pay for Solid Waste Management | CBCNY
