The author's purpose for writing this book is to bring confidence to those who are in the cleaning services. It is the "How To's" in cleaning. This is a guide in being effective in cleaning. It confirms the uses of a "task list" and "scope of work" when performing cleaning services. It brings clarity and the ways of labeling chemical bottles and the use of colored cleaning rags for restrooms, kitchens, and offices and changing your gloves after they are torn and after cleaning restroom and moving forward, applying the methods of cleaning tables and counter tops, bottle chair legs, baseboards, changing rags before moving toward to other areas (change rags as you clean low areas and change rags to clean high areas), and when cleaning floors, carpets, and windows. The author provides step-by-step methods to assure the high quality of work to be taken. Lastly, with almost thirty years of experience, the author has taken the time and efforts in the detailed preparation of this manual in the hope that it will assist anyone. It is not to overshadow other businesses or a company's scope of work but to enhance those who are interested in being successful in cleaning.

The Three Signs of a Miserable Job Gale Cengage

The production of this manual is a joint activity between the Climate, Energy and Tenure Division (NRC) and the Technologies and practices for smallholder farmers (TECA) Team from the Research and Extension Division (DDNR) of FAO Headquarters in Rome, Italy. The realization of this manual has been possible thanks to the hard review, compilation and edition work of Nadia Scialabba, Natural Resources officer (NRC) and Ilka Gomez and Lisa Thivant, members of the TECA Team. Special thanks are due to the International Federation of Organic Agriculture Movements (IFOAM), the Research Institute of Organic Agriculture (FiBL) and

the International Institute for Rural Reconstruction (IIRR) for their valuable documents and publications on organic farming for smallholder farmers.

Many people don't like to be called cleaners, but then many

people don't get paid to scrub floors and wash carpets and clean

windows. The commercial cleaning business can be profitable,

flexible, and can grow quickly, making it a great home business preference, if you key into the right path. Professional Cleaning Business has the tendency of lower up-front costs than other businesses, and this is one of the few businesses you can begin working on immediately with little capital investment and start making profit. Formal training or certifications are not necessarily required for typical home and office cleaning. For those that have a high level of work ethic and customer demeanor, the cleaning business can be a lucrative and rewarding experience. The following are the reasons why you should try your hand in commercial cleaning business;

- i. Constant Market: Businesses need their offices cleaned whether in a good economy or bad one if it wants to keep a professional and clean environment. Commercial cleaning maintains a steady market with steady demand.
- ii. Simple Service Offering: Whether an entrepreneur decides to tap from an existing franchise model or build it from the scratch, what businesses need is fairly similar across the board such as emptying wastebaskets, cleaning bathrooms, dusting tables and chairs, washing toilets, and the typical sweeping and mopping.
- iii. Business Is Stable: Commercial cleaning is a continuing service business. This means that companies and other businesses need the service regularly, which brings in steady business for you as well as a secure, regular income.
- iv. Entry-Level Workforce: The good thing about it is that your employees don't need formal education or training, so you don't have to spend money on expensive training or recruiting costs.
- v. Overhead is low: Outside of cleaning supplies and other essentials, someone interested in a commercial cleaning franchise doesn't have to commit a lot of cash to buy cleaning equipment such as vehicles or inventory. This book is a complete guide for starting a cleaning business with unpopular strategies for maximizing profit with minimum cost. It also provides tips on determining the right location for a successful and flourishing business. More facts and strategies are explained in this book to help you start your own commercial cleaning business without sweat!
