Beginning with Timur, Sultan Ghazni who invaded India seventeen times at the head of a large army, plundering the country of its great wealth, to the last Mughal Emperor Bahadur Shah, banished from the country by the British - details and descriptions of every incident and each king astonish and exhilarate us. The approach is direct, simple and unambiguous. From Timur to Bahadur Shah it is one engaging account. The book should find a place in every household, as an authentic account of ourselves. A flawless portrait. -THE HINDU Madhan while explaining historical events uses modern similes... In spite of being a cartoonist in his previous avatar Madhan did not caricature the Moghul Emperors and their subjects. I am so pleased he did not sit on judgement as a south Indian non-Muslim writer. -KAMAL HAASAN

What is the one quality that all successful people have in common? They have mastered the art of dealing with people! Let this book show you how to: Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more! Skill with people is the one essential ingredient for success and happiness at home and in business. "The Art of Dealing With People" gives you the skills to take your people skills to a level that you never thought possible! Skill in human relations is similar to skill in any other field, in that success depends on understanding and mastering certain basic general principles. You must not only know what to do, but why you're doing it. As far as basic principles are concerned, people are all the same. Yet each individual person you meet is different. If you attempted to learn some gimmick to deal successfully with each separate individual you met, you would be face with a hopeless task. Influencing people is an art, not a gimmick. When you apply gimmicks in a superficial, mechanical manner, you go through the same motions as the person who "has a way," but it doesn't work for you. The purpose of this book is to give you knowledge based upon an understanding of human nature: why people act the way they do. The methods presented in this book have been tested on thousands of people who have attended my human relations seminars. They are not just my pet ideas of how you should deal with people, but ideas that have stood the test of how you must deal with people. That is, if you want to get along with them and get what you want at the same time. Yes, we all want success and happiness. And the day is long past, if it ever existed, when you could achieve these goals by forcing people to give you what you want. And begging is no better, for no one has respect for, or any desire to help, the person who constantly kowtows and literally goes around with his hand out, begging other people to like him. The one successful way to get the things you want from life is to acquire skill in dealing with people. Download now and you will learn how.

This book details the potential of computer mediated technologies, particularly the internet, in creating and nurturing political and cultural identities among the widely dispersed "conflict-generated" Sri Lankan Tamil diaspora and traces the engagement of the diaspora in Australia with the online media in the struggle for a homeland. Taking the ethnic issue in Sri Lanka as a given, the book explores the way in which new media has added dimensions to the issue. Although the theoretical framework of the book overflows into the areas of political communication, journalism, media theories and studies, nationalism, and social psychology, it draws heavily from the theories of Ellul's "social propaganda" and Anderson's concept of nation as an "imagined community." Divided into three parts, the first part explores the potential of the internet to lead to the "imagination" of the nation by the Sri Lankan Tamil diaspora; the second part traces the online engagement of the diaspora in the making of the homeland; and the third part contrasts it with the experiences and expectations of the homeland of the second generation of migrants in Australia and the Sri Lankan refugees in India. With the focus shifting to the diaspora after the announcement of the decimation of the Liberation Tigers of Tamil Eelam in Sri Lanka in May 2009, the book aims to contribute to an understanding of the dynamics to underscore the increasingly significant role that communication technologies play in deciding the weave and warp of the fabric of a nation.

In Karachi, a writer house-sits for her father and his cat, while keeping track of his - the cat's - list of obsessions: ironed white sheets, kheer, KFC fries, warm custard, finely chopped sausages, and the flaky tops of chicken patties. In San Francisco, a couple adopt a cat, without anticipating what it will do to their relationship. In Noida, a cat and two dogs line up peacefully every morning for their daily dose of vitamin syrup. In Bombay, a lyricist and screenwriter roots through the litter tray first thing in the morning, to investigate if his cat's UTI is better. In wintry London, a young millennial wonders if she is actually a cat. Capturing the many moods of felines and their humans, in many forms and voices, *Cat People*, is a timely celebration of the most memed creature today: the cat. This collection of short stories, personal essays, lists, original art and photographs is a treat, not just for cat lovers everywhere, but for all who love a story well-told - and, on occasion, a theory well-spun.
