The #1 national

bestseller, now a major
motion picture, 21—the

amazing inside story
about a gambling ring

of M.I.T. students who

beat the system in

Vegas—and lived to tell

how. Robin Hood
meets the Rat Pack
when the best and the
brightest of M.I.T.'s
math students and
engineers take up
blackjack under the
guidance of an
eccentric mastermind.
Their small blackjack
club develops from an
experiment in counting
cards on M.I.T.'s
campus into a ring of
card savants with a
system for playing
large and winning big.
In less than two years
they take some of the
world's most

sophisticated casinos for more than three million dollars. But their success also brings with it the formidable ire of casino owners and launches them into the seedy underworld of corporate Vegas with its private investigators and other violent heavies.
