Harness the power of your subconscious to create a life you desire! The Power of Your Subconscious Mind teaches us how to remove the subconscious obstacles that prevent us from achieving the success we wish for. In this book, bestselling author Joseph Murphy asserts that life events are actually the result of the workings of our conscious and subconscious minds. He suggests practical techniques through which one can change one's destiny, principally by focusing and redirecting this miraculous energy. In these pages are the ways in which one can unleash the extraordinary mental powers to acquire self-confidence, attain professional success, create wealth, build

harmonious relationships, overcome fears, get rid of bad habits and promote overall well-being and happiness. Covering a variety of topics from healing to academia to riches, the author cites numerous compelling examples of the power of our thoughts and beliefs in influencing our reality. When we change our thinking and prepare our subconscious mind, we change our destiny. Joseph Murphy was an American author and New Thought minister, ordained in Divine Science and Religious Science. A popular speaker, Murphy lectured on both American coasts and in Europe, Asia, and South Africa. Murphy is considered one of the pioneering voices of affirmative-thinking philosophy.

Sit Yourself In Heaven At Once! is a positive affirmation of Black self-image psychology designed to eradicate the effects of the teachings of Willie Lynch. Many people, including some Blacks tend to trivialize this negative effect because of the time elapsed

since slavery, or because of the shame of this history. Yet, when we look at the facts, Blacks lead in every negative statistic measured on the existence of humans. When you look at the senseless crime, health issues, and the apparant inability to build sustainable community institutions it is obvious to those that are truthful that something is woefully wrong. The exceptions only confirm that capability is not the issue. The issue is that too many are plagued by poor self-images, a lack of positive culture that encourages growth and development, poor food habits and the confusion of living in a world where one is bombarded with too many negative images of self on a daily and consistant basis. This negative sense of self tend to begat negative behavior patterns. This is a direct manifestation of undiagnosed and untreated post-slavery syndrome. This is a direct product of Willie Lynch's teachings which in general was to break the male, create a negative imbalance between the male and female by destroying the Black males ability to provide and protect. Instill the female with fear for the safety of her children, especially her sons, which intern limits the range of their vision, activity and reach. This fear would serve as a debilitating governor that would freeze the confidence of generations, and render those affected in "their place". This system was designed to be self-imposed from one generation to the next. This book is designed to reverse at the root the thinking that binds too many Blacks in "their place". Many would choose to condemn this work because of some of the content and it's source, but they don't know the history, and they don't realize the psychological damage done to Blacks living under racism.

Money and financial independence; zestful living and happiness; glowing health and an abundance of energy...all this can be yours, and 'Your Subconscious Power' shows you how to attain it. This book is based on the premise that all results are mental in origin, in other words, we get what we think about. Once we truly accept an idea or a belief, the powerful subconscious mind takes over and brings about our reality according to what our program dictates. Unfortunately, this also means that our unhelpful and negative beliefs are also made manifest by our subconscious mind, so it is imperative that we become aware and guide our subconscious mind to create what we really want, not what we don't want. 'Your Subconscious Power' will help make you aware, and show you how to create seeming miracles in your life. All you have to do is read and apply.

Activate the raw power of your subconscious to create the life you've always wanted, using six essential lessons from one of the world's most renowned hypnotherapists in this "nourishing and healing book" (Michael Bernard Beckwith, author of *Spiritual Liberation*). Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it's your inner child, your authentic self. It is the honest compass that will

lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we're taught to stop daydreaming and to follow society's rules, which makes us disconnect from our subconscious, often with tragic results. In *Subconscious Power*, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights. Featuring inspiring success stories and the practical tools you need to make meaningful change, *Subconscious Power* gives "you a pathway to achieve your goals and dreams in an effective and easily understandable manner. This book will improve your life in ways you never thought of" (David Zelon, producer of *Soul Surfer*).
