**Vampire Apocalypse: A World Torn Asunder** Gollancz  
Circa 2100 A scourge of sex and death from an alien spaceship WHEN CAPTAIN CARLSEN ENTERED THE VAST DERELICT SPACESHIP, he was shaken by the discovery of its immobilized humanoid passengers. Later, after three of the

strange aliens had been transported to Earth, his foreboding was more than justified. The creatures were energy vampires whose seductive embraces were fatal, whose lust for vitality was boundless. As they took over the willing bodies of their victims and sexual murders spread terror throughout the land, Carlsen worked toward their destruction-even while he was erotically drawn to the most beautiful vampire of all! "Thoroughly intriguing" - Chicago Sun-Times (1976) "New slant on horror...unique rendering of the age-old enigma of the kiss of death" -Chicago Tribune (1976) COLIN WILSON is the author of more than 100 fiction and

nonfiction books. The Outsider (1956), published at the age of 24, earned him worldwide critical acclaim. The Space Vampires, his fifty-first book, was translated into Spanish, Japanese, French, Dutch and Swedish and was later adapted for screen in the movie LIFEFORCE, directed by Tobe Hooper (SALEM'S LOT, POLTERGEIST, THE TEXAS CHAIN SAW MASSACRE). The movie failed however to capture the true spirit of the cult classic reprinted here by popular demand.

**Vampire High** HarperCollins UK

From #1 New York Times bestselling author Anne Rice, this sensuously written spellbinding classic remains 'the most successful vampire story since Bram Stoker's *Dracula*' (The Times) In a darkened room a young man sits telling the macabre and eerie story of his life - the story of a vampire, gifted with eternal life, cursed with an exquisite craving for human blood. Anne Rice's compulsively readable novel is arguably the most celebrated work of vampire fiction since Bram Stoker's *Dracula* was published in 1897. When *Interview with the Vampire* was originally published the Washington Post said it was: called *Interview with the Vampire* a 'thrilling, strikingly original work of the imagination . . . sometimes horrible, sometimes beautiful, always unforgettable'. Now, more than forty years since its release, Anne Rice's masterpiece is more beloved than ever.

*Blood of the Earth* Seven Stories Press

*Book One Of The Vampire Earth* It doesn't take long for Cody Elliot to realize that his new high school is a little different. The other students are supernaturally strong, don't like the sunlight, and are always placing orders at the local blood bank. When his new friend shows him his fangs, Cody doesn't need any more clues—these kids are vampires!

As Cody struggles to fit into this secretive community, he disrupts centuries of human-vampire segregation, with some serious—and some seriously funny—consequences. In sharp, humorous, and insightful prose, Douglas Rees creates a world of vampires where the real issue for humans is not the fear of being bitten, but the need to get along.

Enter the dark, magical world of the House of Night series by bestselling authors P.C. Cast and Kristin Cast, a world very much like our own, except here vampyres have always existed. One minute, sixteen-year-old Zoey Redbird is a normal teenager dealing with everyday high school stress: her cute boyfriend Heath, the school's star quarterback who suddenly seems more interested in partying than playing ball; her nosy frenemy Kayla, who's way too concerned with how things are going with Heath; her uber-tough geometry test tomorrow. The next, she's Marked as a fledgling vampyre, forcing her to leave her ordinary life behind and join the House of Night, a boarding school where she will train to become an adult vampyre. That is, if she makes it through the Change—and not all of those who are Marked do. It sucks to begin a new life, especially away from her friends, and on top of that, Zoey is no average fledgling. She has been chosen as special by the vampyre Goddess, Nyx. Zoey discovers she has amazing powers, but along with her powers come bloodlust and an unfortunate ability to Imprint with Heath, who just doesn't know how to take "no" for an answer. To add to her stress, she is not the only fledgling at the House of Night with special powers: when she discovers that the leader of the Dark Daughters, the school's most elite group, is misusing her Goddess-given gifts, Zoey must look deep within herself for the courage to embrace her destiny—with a little help from her

new vampyre friends.

Choice of the Cat Alfred a Knopf Incorporated

*Fledgling*, Octavia Butler's last novel, is the story of an apparently young, amnesiac girl whose alarmingly un-human needs and abilities lead her to a startling conclusion: she is in fact a genetically modified, 53-year-old vampire. Forced to discover what she can about her stolen former life, she must at the same time learn who wanted—and still wants—to destroy her and those she cares for, and how she can save herself. *Fledgling* is a captivating novel that tests the limits of "otherness" and questions what it means to be truly human.
