DL/T 1338-2014 Translated English of Chinese Standard. (DLT 1338-2014, DL/T1338-2014, DLT1338-2014)

<https://www.chinesestandard.net>

This Standard stipulates the safety requirements for the installation, operation and maintenance of household and similar electrical appliances. This Standard is applicable to household and similar electrical appliances. In terms of appliances operated under special environment, additional requirements might be needed.

[GB/T 37669-2019 Translated English of Chinese Standard. \(GBT37669-2019\)](https://www.chinesestandard.net) <https://www.chinesestandard.net>

This document specifies the safety requirements for the fuel cell power systems for industrial electric trucks. This document applies to industrial electric trucks using gaseous hydrogen fuel cell power systems and direct methanol fuel cell power systems. This document applies to fuel cell-driven industrial trucks used for handling, ejecting, pulling, lifting, stacking or piling up various goods, such as: forklifts and single-bucket loaders, etc.

[GB/T 24347-2009 Translated English of Chinese Standard. \(GBT 24347-2009, GB/T24347-2009, GBT24347-2009\)](https://www.chinesestandard.net)

<https://www.chinesestandard.net>

This Part of GB/T 20042 specifies the basic requirements for safety and performance, type inspection and routine inspection items, test methods, marking and documentation of proton exchange membrane fuel cell stacks.

[GB/T 18384.3-2015 Translated English of Chinese Standard. \(GBT](https://www.chinesestandard.net)

18384.3-2015, GB/T18384.3-2015, GBT18384.3-2015) GB/T 3906-2020 Translated English of Chinese Standard (GB/T 3906-2020, GBT3906-2020)

This Standard specified the major technical requirements and corresponding test methods for the complete bicycle safety, mechanical safety, electrical safety, fire resistance property, radio disturbance characteristics and instructions for use of electric bicycles. This Standard applies to electric bicycles.

TB/T 3338-2013 Translated English of Chinese Standard. (TBT 3338-2013, TB/T3338-2013, TBT3338-2013)

<https://www.chinesestandard.net>

This Standard specifies terms and definitions, classification, protection degree, general requirements, test, inspection rules, marking and operation instruction of fire emergency lighting and evacuate indicating system. This Standard is applicable to fire emergency lighting and evacuate indicating system installed and used in general industrial and civil buildings and to the system installed in other environment and with specific requirements.

<https://www.chinesestandard.net>

This Part of GB/T 11918 defines the technical requirements for plugs, socket-outlets and couplers for industrial purposes, such as structures, mechanical properties and electric properties.

GB 16916.1-2014 Translated English of Chinese Standard.

GB16916.1-2014 <https://www.chinesestandard.net>

This Part of GB 10395 specifies the safety requirements, the verification for the design and manufacture of center pivot and moving lateral types irrigation machines that are electrically powered. It also specifies that the manufacturer shall provide safety operation information.

GB/T 2423.23-2013 Translated English of Chinese Standard. (GBT2423.23-2013) <https://www.chinesestandard.net>

This standard specifies the product classification, technical requirements, test methods, inspection rules and markings, packaging and storage of pressure type SF6 gas density monitor. This standard is applicable to pressure type SF6 gas density monitor that use spring tubes as measuring elements, temperature compensation devices, and has the indicating and controlling the on/off function of electrical signals.

GB 29303-2012 Translated English of Chinese Standard.

GB29303-2012 <https://www.chinesestandard.net>

This part specifies the performance requirements and test methods for SPDs installed on the DC side of a photovoltaic system. This type of SPD is used to reduce the impact of lightning induction or direct lightning on the DC side of photovoltaic power generation equipment. These appliances will be connected to the DC power circuit of a photovoltaic power generation equipment which has a rated voltage not exceeding 1500 V.

GB/T 16842-2016 Translated English of Chinese Standard (GB/T 16842-2016, GBT16842-2016) <https://www.chinesestandard.net>

This Standard specifies the technical requirements, test methods, inspection rules, marking, packaging, transportation and storage of relevant products of equipment for electric heating turnout snow-melting system.

GB/T 3797-2005 Translated English of Chinese Standard. (GBT 3797-2005, GB/T3797-2005, GBT3797-2005)

<https://www.chinesestandard.net>

This Part of GB/T 18384 specifies the requirements for the electric vehicle electric drive system and auxiliary system of

conduction connection (if any), so as to protect the persons in car and out of the car from electric shock.

JB/T 7688.1-2008 Translated English of Chinese Standard (JB/T 7688.1-2008, JBT7688.1-2008)

<https://www.chinesestandard.net>

This Standard specifies the terms, performance requirements and test methods for alarm systems for commercial vehicles (VAS) of maximum authorized total mass greater than 3.5t. This Standard applies to vehicle alarm systems that test/detect and warn of abnormal opening of doors, trunk lids, engine hoods, panic situations, cab tilting and trailer decoupling or power failure, including the vehicle alarm system of original vehicle equipment and the vehicle alarm system that is subsequently installed.

GB/T 26776-2011 Translated English of Chinese Standard.

(GBT26776-2011) <https://www.chinesestandard.net>

This Part applies, when required by the relevant product standard, to switchgear and controlgear hereinafter referred to as.

GB/T 41134.1-2021 Translated English of Chinese Standard.

(GBT41134.1-2021) <https://www.chinesestandard.net>

This standard specifies the terms and definitions, usage conditions, ratings, design and structure, type testing, exit-factory testing and other technical requirements for alternating-current metal-enclosed switchgear and controlgear for rated voltages 3.6 kV~ 40.5 kV.

GB 10395.19-2010 Translated English of Chinese Standard.

GB10395.19-2010 <https://www.chinesestandard.net>

This Standard is applicable to equipment for charging electric vehicles at standard a.c. supply voltages (as per GB 156-1993) up

to 690 V and at d.c. voltages up to 1 000 V. This Standard is applicable to equipment for charging electric road vehicles.

GB/T 8196-2003 Translated English of Chinese Standard. (GBT 8196-2003, GB/T8196-2003, GBT8196-2003)

<https://www.chinesestandard.net>

This is standard applies to portable devices performing simultaneously the functions of detection of the residual current, of comparison of the value of this current with the residual operating value and of opening of the protected circuit when the residual current exceeds this value.

GB/T 30427-2013 Translated English of Chinese Standard (GB/T 30427-2013, GBT30427-2013)

<https://www.chinesestandard.net>

This standard is applicable to newly-constructed escalators and pedal or belt moving walks (see Chapter 3). This standard considers all the significant hazards, hazardous conditions and events related to escalators and moving walks under use according to the expected purpose and under reasonably foreseeable misuse condition of the manufacturer (see Chapter 4).

GB 17761-2018 Translated English of Chinese Standard.

(GB17761-2018) <https://www.chinesestandard.net>

This Standard specifies the hardware and software configuration, applications, system security, documentation, acceptance and other technical requirements of realtime supervision and management information system for power generation enterprises.

GB 20044-2012 Translated English of Chinese Standard.

GB20044-2012 <https://www.chinesestandard.net>

This standard specifies the terms and definitions, usage conditions of electrical control assemblies, and the basic requirements of their design, manufacture and test. This standard is applicable to electrical control assemblies with frequency less than or equal to 1000Hz and rated voltage less than or equal to 1000(1140)V (AC) and 1500V (DC).

NB/T 42077-2016 Translated English of Chinese Standard.

(NBT 42077-2016, NB/T42077-2016, NBT42077-2016)

<https://www.chinesestandard.net>

This Standard specifies safety specifications for the application of automated guided vehicles (AGV) and their systems in hazardous production environments, including technical requirements, safe use management requirements, test methods, inspection rules, signs, signs and instructions, transportation and storage.
