Catch Me When I Fall Simon and Schuster

A fun, flirty teen debut from Wattpad phenom Alex Light about a fake relationship and real love. Perfect for Jenny Han fans. It's been years since seventeen-year-old Becca Hart believed in true love. But when her former best friend teases her for not having had a boyfriend, Becca impulsively pretends she's been secretly seeing someone. Brett Wells has it all. As captain of the football team and one of the most popular guys in his school, he should have no problem finding someone to date, but he's always been more focused on his future than who to bring to prom. When he overhears Becca's lie, Brett decides to step in and be the mystery guy. It's the perfect solution: he gets people off his back for not having a meaningful relationship and she can keep up the ruse that she's got a boyfriend. Acting like the perfect couple isn't easy, though, especially when you barely know the other person. But with Becca still picking up the pieces from when her world was blown apart years ago and Brett just barely holding his together now, they begin to realize they have more in common than they ever could have imagined. When the line between what is pretend and what is real begins to blur, they're forced to answer the question: Is this fake romance the realest thing in either of their lives?

Growing up in privileged, Manhattan social circles, Caggie's life should be perfect, and it almost was until the day that her younger sister drowned when Caggie was supposed to be watching her. Stricken by grief, Caggie pulls away from her friends and family, only to have everyone misinterpret a crucial moment when she supposedly saves a fellow classmate from suicide. Now she's famous for something she didn't do and everyone lauds her as a hero. But inside she still blames herself for the death of her sister and continues to pull away from everything in her life, best friend and perfect boyfriend included. Then Caggie meets Astor, the new boy at school, about whom rumours are swirling and known facts are few. In Astor she finds someone who just might understand her pain, because he has an inner pain of his own. But the more Caggie pulls away from her former life to be with Astor, the more she realises that his pain might be darker, and deeper, than anything she's ever felt. His pain might be enough to end his life...and Caggie's as well.

Can't Help Falling Random House

Violence. I'm addicted to it. It's how I feel alive. It's the only thing that's real any more. And now I have to sit around and discuss it like it's physics or calculus. I can't do it. I can't pretend that it's some sterile academic topic. Violence isn't sterile. It isn't calm. It's pulsing. It's alive. It's my drug. Until I met Abby, I never wanted anything beyond the next fight. Never considered that I might finally find a way back to the land of the living. Now? Now I find myself dreaming of a woman with golden eyes. But I can never be with her. Because I am not whole. And I never will be again. But I cannot stay away. And loving her might finally be what breaks me.

I thought I could do this. I thought I could leave the war behind. I was wrong. I can't do this. I can't go to class and pretend like everything is normal. That I'm normal. I'm not. I've lost everything that matters to me. But I made a promise. And if I'm going to keep that promise, I have to focus. I have to pretend that I belong on this southern campus that drips with old money. And I have to pass stats. That's where Beth comes in. I'm terrified she'll see through me. That the careful lies and easy smile won't be enough to convince her that everything is fine. That she'll see how broken I really am. But there's something about her that draws me closer. A sadness in her eyes that am powerless to resist. I should walk away. Protect her from the broken, darkness in me. Before we both fall into something neither of us can control Stay focused. Get a job. Save her father's life. Beth Lamont knows far too much about the harsh realities of life her gilded classmates have only read about in class. She'll do whatever it takes to take care of her father, even if that means tutoring a guy like Noah - a guy who represents everything she hates about the war, soldiers and what the Army has done to her family. Noah Warren doesn't know how to be a student. All he knows is war. But he's going to college now to fulfill a promise and he doesn't break his promises. Except he doesn't count on his tutor being drop dead gorgeous and distracting as hell. One look at Beth threatens to unravel the careful lies Noah has constructed around him. A simple arrangement turns into something neither of them can deny. And a war that neither of them can forget could destroy them both.

In fact, Sam lives the last day of her life seven times, until she realizes that by making even the slightest changes, she may hold more power than she ever imagined. *Before I Fall* is now a major motion picture Zoey Deutch, Halston Sage, and Kian Lawley. With Josh still attending the wedding, Neil needs to find a new date to bring along. And, almost against his will, roommate Wyatt is drafted. At first, Wyatt (correctly) thinks Neil is acting like a jerk. But when they get to LA, Wyatt sees a little more of where it's coming from. Slowly, Neil and Wyatt begin to understand one another... and maybe, just maybe, fall in love for the first time.

[The Art of Falling](#) Penguin

Two girls embark on a summer of montage-worthy dates (with a few strings attached) in this hilarious and heartfelt lesbian rom-com that's perfect for fans of Becky Albertalli and Jenny Han. Seventeen-year-old cynic Saoirse Clarke isn't looking for a relationship. But when she meets mischievous Ruby, that rule goes right out the window. Sort of. Because Ruby has a loophole in mind: a summer of all the best cliché movie montage dates, with a definite ending come fall—no broken hearts, no messy breakup. It would be the perfect plan, if they weren't forgetting one thing about the *Falling in Love Montage*: when it's over, the characters have fallen in love...for real. Ciara Smyth's debut is a delightful, multilayered YA rom-com that will make you laugh, cry, and absolutely fall in love.
