E. B. Lewis give readers a fascinating glimpse into the boyhood of Civil Rights leader John Lewis. John wants to be a preacher when he grows up—a leader whose words stir hearts to change, minds to think, and bodies to take action. But why wait? When John is put in charge of the family farm’s flock of chickens, he discovers that they make a wonderful congregation! So he preaches to his flock, and they listen, content under

his watchful care, riveted by the rhythm of his voice. Celebrating ingenuity and dreaming big, this inspirational story, featuring Jabari Asim’s stirring prose and E. B. Lewis’s stunning, light-filled impressionistic watercolor paintings, includes an author’s note about John Lewis, who grew up to be a member of the Freedom Riders, chairman of the Student Nonviolent Coordinating Committee, and demonstrator on the Edmund Pettus Bridge in Selma, Alabama. John

Lewis is now a Georgia congressman, who is still an activist today, recently holding a sit-in on the House floor of the U.S. Capitol to try to force a vote on gun violence. His March: Book Three recently won the National Book Award, as well as the American Library Association's Coretta Scott King Author Award, Printz Award, and Sibert Award.

Legend: The Graphic Novel Princeton

NOW A MAJOR MOTION PICTURE, STARRING JASON SEGAL AND JESSE EISENBERG, DIRECTED BY JAMES PONSOLDT An indelible portrait of David Foster Wallace, by turns funny and inspiring, based on a five-day trip with award-winning writer David Lipsky during Wallace's Infinite Jest tour In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for

the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming.” Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for *Infinite Jest*, the novel that made him internationally famous. They lose to each other at chess. They get iced-in at an airport. They dash to Chicago to catch a make-

up flight. They endure a terrible reader’s escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an “orgy of spectation”). They fly back to Illinois, drive home, walk Wallace’s dogs. Amid these everyday events, Wallace tells Lipsky remarkable things—everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds

him—in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him—that grateful, awake feeling—the same way he felt about *Infinite Jest*. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days, *Although Of Course You End Up Becoming Yourself* is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace’s own

story, and his astonishing, humane, alert way of looking at the world; here are stories of being a young writer—of being young generally—trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with and—as he tells it—what it was like to become David Foster Wallace. "If you can think of times in your life that you've treated people with extraordinary decency and love, and

pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious." —David Foster Wallace

The Grail Legend Dell From veteran food writer, recipe developer, and creator of the James Beard Award-winning Jarry magazine comes an innovative approach to vegetarian cooking. What have I got to eat? It's a question we ask every time we open up the

refrigerator or pantry door. It might be eggs, some cheese, and half a loaf of bread, or a box of wilting greens, garlic, and some sweet potatoes. Though these ingredients may not seem like much to make a delicious meal, recipe developer and author Lukas Volger knows it's all you need. In Start Simple he offers a radically new, uncomplicated, and creative approach to cooking that allows you to use what you already have on hand to make great meals you didn't

think were possible. Magic can happen with just a few ingredients: sweet potatoes, tortillas, eggs, cabbage, hearty greens, beans, winter squash, mushrooms, tofu, summer squash, and cauliflower. Volger advises readers to stock up on these eleven building blocks instead of shopping for a single recipe. A protein (tofu, beans, eggs) is a foundation. A crunchy garnish (cabbage, greens) is a finishing touch. Once these structural components of a meal are established, home chefs

can throw in their own variations and favorite flavors—mixing, matching, and adding ingredients to customize their dishes. While *Start Simple* is a vegetarian cookbook—none of the recipes include meat—Volger’s approach transcends categories. His methods aren’t about subscribing to a specific dietary regimen; they are about simply recognizing and embracing the way people cook and eat today. Creating weekly meal plans based on intricate recipes sounds

good, but it can be difficult to execute. Having a well-stocked pantry paired with a choose-you-own adventure guide to creating simple yet inventive meals is more practical for your average home cook.

The Last Wolf Houghton Mifflin Harcourt Marie-Antoinette, *Daughter of the Caesars* is about the life, death and legacy of Louis XVI’s tragic Queen, based upon the author’s thirty years of research. Whenever possible the historical

persons speak for themselves out of memoirs and letters. Marie-Antoinette is seen in light of her Imperial heritage as a child of the Habsburg dynasty. Having assumed the crown of the Holy Roman Empire in the 1400's, the crown which had originated with Charlemagne in the year 800, they were seen as the continuation of the Roman Empire of the West. The Habsburgs and their allies kept the Muslims from overrunning Europe at both the Battle of Lepanto in 1571 and at

the battle of Vienna in 1683. The fall of Marie-Antoinette, as both Queen of France and the youngest daughter of the Imperial Family, is indicative of the end of Christian civilization and the birth of the secular state, which was the object of the French Revolution. Through her death, Marie-Antoinette has been dubbed "Martyred Queen of Christian Europe" for in killing her the revolutionaries also symbolically killed all that she represented, the

ancient heritage of Christendom. *The Young Elites* Penguin MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of

answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is

shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than

complete control of the very fabric of both worlds in their hands. . . . Look for all of Karen Marie Moning's sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG

Hey, Who Made This Mess? Penguin

In this major theoretical statement, the author offers a new and provocative interpretation of the institutional transformations associated with modernity. We do not as

yet, he argues, live in a post-modern world. Rather the distinctive characteristics of our major social institutions in the closing period of the twentieth century express the emergence of a period of 'high modernity,' in which prior trends are radicalised rather than undermined. A post-modern social universe may eventually come into being, but this as yet lies 'on the other side' of the forms of social and cultural organization which currently dominate world history. In

developing an account of the nature of modernity, Giddens concentrates upon analyzing the intersections between trust and risk, and security and danger, in the modern world. Both the trust mechanisms associated with modernity and the distinctive 'risk profile' it produces, he argues, are distinctively different from those characteristic of pre-

modern social orders. This book build upon the author's previous theoretical writings, and will be of fundamental interest to anyone concerned with Giddens's overall project. However, the work covers issues which the author has not previously analyzed and extends the scope of his work into areas of pressing practical concern. This book will be essential reading for

second year undergraduates and above in sociology, politics, philosophy, and cultural studies.
