Take control of your health with herbal antivirals. As traditional medications become less effective against today's potent and aggressive viruses, natural alternatives are proving capable of fighting off many common viral threats. Stephen Harrod Buhner offers in-depth

instructions on how to prepare and use herbal formulations to prevent and treat infections such as SARS, influenza, and encephalitis. These natural remedies will fight off disease and strengthen your immune system, keeping your family healthy and happy.

Alternative Medicine (2 Books in 1) Storey Publishing

Boost Your Immune System with Nature's Bounty! Herbal antibiotics have been used throughout the centuries as natural treatments for hundreds of diseases and ailments, including wisdom teeth

extraction, broken bones and even surgery--and like 98% of Americans, you've probably taken a course of synthetic antibiotics to help you recover. While there's nothing wrong with synthetic antibiotics, BIG Pharma's running scared of the natural alternative to their expensive drugs (and profits) --while you can utilize natural remedies that leave less impact on the environment and your internal body chemistry. Herbal Antibiotics is the most in-depth introduction to natural healing and herbal medicine available today, giving you the explanations on why certain

herbs work as herbal antivirals and herbal antibiotics and how you can use them to fight your next infection--or simply boost your immunity to nasties in your area! Organic antibiotics aren't hokum, they are a legitimate way to treat some of the most prevalent infections and sicknesses that we get today. What's covered in Herbal Antibiotics? Here's a brief overview: * Learn to pick, prepare and use the Top 45 Most Valuable Herbs that you can easily find growing in your area, or even in your local grocery store or health food shop with our in-depth profiles, featuring illustrations. * Discover how to fight bad bacteria with herbal treatments--and how they compare to traditional treatments available from your pharmacist. * Find out what are the 5 Key Essential Oils with Natural Antibiotic properties. * Consult a "cheat sheet" for fighting infections naturally with the right herbal medicine. * Get the low-down on natural antibiotics with a FAQ that addresses the 14 most common questions people ask about natural remedies. * Discover little known Herbal remedy recipes and solutions for the most common ailments (from pain to the common cold), as an added BONUS! BIG Pharma hates books like these coming out because it dents their profits while educating you about the potential dangers of synthetic medicine. The truth is simple: You can treat your common ailments and boost your immune system today with herbal remedies that provide your body with much-needed natural antibiotic and antiviral medicine! Would You Like To Know More? Add Herbal Antibiotics to your shopping cart now to download and start learning how traditional natural healing methods can not only boost your immune system but help you to live a more natural, happy life. Scroll to the top of the page and select the buy button. Don't forget to claim a FREE Kindle version with your purchase of Paperback copy! Check Out What Others Are Saying... "I've already gotten a lot out of this book and am happy to have the information in my healing repertoire. I would recommend this book for anyone. I believe it's really important to go natural whenever possible. Especially now that I have seen first hand what synthetic medications can do to harm a body." - Jamie, Health advisor in Chicago, LA, Miami, Vegas. "It has been a life changer for me. I never really knew that these natural remedies were out there and this book really takes you step by step and educates you on each of the herbs you can use and how they can treat any ailment you could come across." - Emily Vogt.

BOOK #1: Herbal Antibiotics: Top 20 Natural Remedies That Will Help Boost Your Immune System! invite you to read, "Top 20 Natural Remedies that will help boost your immune system". What's so special about it? You are right. Why should you buy another book on the natural remedies? You can search for the information on the internet. You can read the tips in your Encyclopedia. BOOK #2: Herbal Antibiotics: 33 Herbal Antibacterial Alternatives for Long-Term Disease Resistance There are so many different things that herbs can do. All were chosen because of their ability to fight inflammation and diseases. In addition, many do other jobs. Some herbs help stop the effects of important diseases that may be crippling your life like diabetes, high blood pressure, high cholesterol. Others can help you with female problems. Other herbs are recommended for their calming effect. Others help you reach peak performance while still others help you digest food easier. Still others help solve minor problems in your life like dandruff. BOOK #3: Herbal Antibiotics: 23 Herbs and Herbal Mixes to Help You Prevent and Heal Infections No one wants to spend all of their time feeling sick and down. Many times they will have developed an infection of some kind and will have to either live through it or stay at home sick and hope that it will pass. Often they will go into the doctor's office and be told there is nothing they can do or that they have to take some vile medication that probably will not work. BOOK #4: Natural Antibiotics: 14 Essential Things You Should Do to Mend and Revive Your Immune System and Rebuild Your Gut Flora after Antibiotics This book contains amazing steps and strategies on how to choose and decorate your small house to make more attractive and cherry. There are 5 chapters in this book present as 'Guide' that clearly shows and guide you about it. You need to read all chapters to make out the secrets and to apply as well. BOOK #5: Herbal Antibiotics: Top 20 Natural Herbal Medicines and Home Remedies as Alternative Therapies for Long-Term Disease Resistance If you want to improve your health, and use herbal supplements to help you recover from a wide variety of conditions, then 'Herbal Antibiotics: 19 Herbal Antibacterial Alternatives for Long-Term Disease Resistance' is the book you need. BOOK #6: Herbal Antibiotics: 15 Effective Natural Remedies for Chronic Colds, Flus and Throat Bacterial Infection Treatment You Can Buy In Herbal Stores If you want to recover from or alleviate these

uncomfortable and occasionally unrelenting illnesses, then this is the ebook for you. Amazingly, not many people are aware of how effective herbal antibiotics are, and how they can make you feel so much better, in a very short space of time. BOOK #7: Natural Antibiotics: 30 of the Most Effective Home Remedies to Treat and Prevent Urinary Tract Infections Do you constantly suffer from urinary tract infections (UTI), but medications seem to make things worse? Are you ready to do anything to stop the burning sensation and the awful pain in your genitals, but you still do not want to do harm to your immune system and your organism in general? Do you refuse to be part of the statistic that indicates that UTIs are the second most common infections in humans, especially in females aged up to 50 years? Then you should try the 30 most effective home remedies against UTI listed in this book. Getting Your FREE Bonus Read this book, and find "BONUS: Your FREE Gift" chapter right after the introduction or after the conclusion.

Homemade Natural Herbal Remedies - no more antibiotics! When one of your family members falls ill, what is the first thing you do? You probably pay a visit to your family doctor and, depending on the nature of the ailment, your doctor may prescribe a round of antibiotics. What you may not realize is that the very medicine your doctor gives you feel better may actually have a negative impact on your health. The same antibiotics that are designed to kill harmful bacteria can also come with nasty side effects including upset stomach, diarrhea, vomiting, or skin rash. Are you willing to take the risk that something designed to make you feel better could actually make you feel worse? If you are concerned about the risks associated with antibiotics, you may be

interested to learn that there are a number of natural antibiotic remedies out there. Certain herbs and other natural ingredients have powerful antibiotic properties that can relieve your symptoms quickly and naturally - without a prescription. In this book you will learn the basics about natural herbal antibiotics and receive a collection of recipes to get you started in making your own herbal antibiotics at home. Recipes included in this book: *Flu Fighting Tea *Diaper Rash Cream *Cough Syrup *Earache Treatment *Fever Reducing Infusion *Wound healing clay And MANY more... REVIEW from Carrie on Amazon.com.au "I gave this book five stars because it is exactly what every person should read. Healing common ailments through natural remedies is safe, easy to do and reduces the amount of antibiotics people take for conditions that can be cured naturally. The writer describes the top twelve natural antibiotics and gives recipes to help clear common conditions. The body's own immune system can learn to heal naturally through these well-chosen remedies. I have been taking the cinnamon and lemon cough syrup for a niggling cough that has been plaguing me at night and it is far tastier and healthier than the over-the-counter variety. It has also successfully lessened my symptoms. This a must have book for your library!" Scroll up and click 'Buy now' to start your natural remedy journey!

Herbal Antibiotics Llewellyn Worldwide Uncover Nature's Powerful Healing Secrets, Learn How to Naturally Get Rid of Resistant Bacterial Infections And Boost Your Immune System Without Pills! If you've always wanted to learn how to use natural alternatives to help you rid yourself of bacterial infections, as well as strengthen the immune system without relying on drugs, then keep reading... Are you tired of having to take unpleasant medications that makes you feel terrible, just to get relief from minor illnesses? Have you discovered that your use of antibiotic prescriptions is making your body resistant to antibiotics, needing larger doses to get the healing your body needs? If you answered yes to any of the questions, then you've come to the right place. You see, learning how to get rid of bacterial infections safely and naturally doesn't have to be difficult. In fact, it's easier than you think. An editorial published in the Cellular and Molecular Biology Journal has observed that the use of herbal antibiotics to get rid of superbugs is steadily increasing and how bacteria can't build resistance against natural substances. Which means you can

achieve healing without the harsh side-effects of conventional drugs. Here's a small fraction of what you're going to discover in *Herbal Antibiotics: Everything you need to know about antibiotics - types, purposes and how they work* (page 10) The shocking threat of antibiotic resistance as well as the signs that you or someone you know is dealing with it (page 14) 4 proven ways to avoid passing on antibiotic-resistant bacteria (page 15) The truth about herbal antibiotics and herbal medicine (page 35) Eight 100% natural herbal antibiotics that work like magic (page 61) The simple and powerful herbs that can help you strengthen your immune system (page 86) How to use the right precautions to ensure you use herbal medicine the right way (page 104) ...and tons more! Take a minute to imagine how you'll feel once you're able control and dramatically improve your body's immune system and response to bacterial infections.
