Charles Dickens, who was born in 1812, is considered one of the greatest of English novelists. Certainly he is the most popular. Not only did he have an important place in nineteenth-century literature, but he was also an outspoken and influential critic of society. He wrote fifteen novels as well as a number of stories and Christmas books. In lots of these children were important characters. In his day, no one understood children better than Dickens, and he was the first writer to describe what children thought and felt and to capture the way they spoke. And he was not afraid to write about the hard and sad lives that many children led. In the stories in this book, which have been retold by Charles Dickens's granddaughter, Mary Angela Dickens, you will meet some of the children who appear in the works of Charles Dickens. There is Oliver Twist, who had many misadventures after he escaped from the terrible workhouse where he was born, and David Copperfield, the hero of Dickens's most popular novel, much of which records his own experiences. Little Paul Dombey is the young son of Dombey and Son, and Amy is the heroine of Little Dorrit. On these pages, you'll also make the acquaintance of Tiny Tim, from A Christmas Carol, the fat boy from The Pickwick Papers, Jenny Wren from Our Mutual Friend, and the blind little toymaker from The Cricket on the Hearth, and Little Nell and the marchioness from The Old Curiosity Shop. Howard Copping's wonderful

paintings and drawings bring Dickens's fascinating characters, both young and old, to life.

As evidenced by much unrest and a great many Kurdish revolts in all these states since the 1920s, however, the Kurds manifested strong resistance towards ethnic chauvinism. What sorts of authoritarian state policies have Turkey, Iraq, Iran and Syria relied on to contain the Kurds over the years? Can meaningful democratization and liberalization in any of these states occur without a fundamental change vis-à-vis their Kurdish minorities? To what extent does the Kurdish issue function as both a barrier and key to democratization in four of the most important states of the Middle East? While many commentators on the Middle East stress the importance of resolving the Arab-Israeli dispute for achieving 'peace in the Middle East,' this book asks whether or not the often overlooked Kurdish issue may constitute

a more important fulcrum for change in the region, especially in light of the 'Arab Spring' and recent changes in Turkey, Iraq, Iran and Syria.

Dalit literature particularly fiction, autobiography and poetry has emerged as a vital modern literary force in India. The scope and richness of this literature is brilliantly exemplified by novels like *Fakira* which is the landmark novel in the foundation of Dalit literature in India. Authors like Anna Bhau Sathe illustrate experiences of caste discrimination, untouchability, and Dalit subjugation. The undaunted and ceaseless battle of the protagonist *Fakira* for the collective welfare of his community forms the core of the narrative. He revolts against the rural orthodox caste system and the British Raj to save his village from utter starvation, humiliation and death.
