Cambridge Companion to the Irish Novel

The dual biography of Moses Louis

Annenberg and his son, Walter, details

their colorful, entrepreneurial lives and

careers, from the father's racketeering

fortune building and tax-evasion

prosecution to the son's current

publishing and political ventures

Pattern Makers' Journal; Mad Magazine

To predict our future, we must look to

the extremes. So argues the economist

Richard Davies, who takes readers to the

margins of the modern economy and

beyond. These extreme economies

illustrate the forces that test human

resilience, drive societies to failure, and

promise to shape our collective future.

Reviving a foundational idea from the

medical sciences, *Extreme Economies*

turns the logic of modern economics on

its head by arguing that these outlier

societies can teach us more about our

own than we might imagine. By adapting

to circumstances unimaginable to most

of us, the people in these societies are

pioneering the economic infrastructure

of the future.

In *Healing Herbal Teas*, you'll find profiles of forty-five common herbs with extraordinary therapeutic potential, along with advice on obtaining, storing, and brewing teas from them. Have a specific health concern you'd like to address? Author Brigitte Mars offers more than 100 simple formulas for a vast range of health concerns, from relieving allergy symptoms to clearing up the skin to nourishing a growing baby in utero. Want to customize your own herbal blends? Mars, who is often applauded for her ability to bring together the wisdom of disparate healing traditions, shows you how, offering basic guidelines as well as theories from different cultures and eras. And, as Mars explains, teas are not just for sipping!

For treating everything from wounds and rashes to sore muscles, colds and flu, and dandruff, try topical applications of tea.
