*Greek and Roman Mythology in
Renaissance Europe* Wiley-Blackwell
Professor Roger Woodard brings
together a group of the world's most
authoritative scholars of classical myth
to present a thorough treatment of all
aspects of Greek mythology. Sixteen

original articles guide the reader through
all aspects of the ancient mythic
tradition and its influence around the
world and in later years. The articles
examine the forms and uses of myth in
Greek oral and written literature, from
the epic poetry of 8th century BC to the
mythographic catalogues of the early
centuries AD. They examine the
relationship between myth, art, religion
and politics among the ancient Greeks

and its reception and influence on later society from the Middle Ages to present day literature, feminism and cinema. This Companion volume's comprehensive coverage makes it ideal reading for students of Greek mythology and for anyone interested in the myths of the ancient Greeks and their impact on western tradition.

Bulfinch's Mythology Routledge Presents an introduction to ancient Greek and Roman myths, gods, goddesses, monsters, and magical beasts. Accompanied by an Interpretative and Illustrative Commentary Classical Mythology in Literature, Art, and Music Contemporary art is deeply engaged with the subject of classical myth. Yet within the literature on contemporary

art, little has been said about this provocative relationship. Composed of fourteen original essays, *Contemporary Art and Classical Myth* addresses this scholarly gap, exploring, and in large part establishing, the multifaceted intersection of contemporary art and classical myth. Moving beyond the notion of art as illustration, the essays assembled here adopt a range of methodological frameworks, from iconography to deconstruction, and do so across an impressive range of artists and objects: Francis Al?s, Ghada Amer, Wim Delvoye, Luciano Fabro, Joanna Frueh, Felix Gonzales-Torres, Duane Hanson, Yayoi Kusama, Roy Lichtenstein, Kara Walker, and an iconic photograph by Richard Drew subsequently entitled *The Falling Man*.? Arranged so as to

highlight both thematic and structural affinities, these essays manifest various aspects of the link between contemporary art and classical myth, while offering novel insights into the artists and myths under consideration. Some essays concentrate on single works as they relate to specific myths, while others take a broader approach, calling on myth as a means of grappling with dominant trends in contemporary art.

The Everything Classical Mythology Book

Univ of North Carolina Press

The Dictionary of Classical Mythology is a unique companion to the ancient Greek and Roman myths and legends.

Centaurs in Classical Mythology,

Literature and Art Penguin UK

This richly illustrated book examines the

legacy of Greek mythology in Western art from the classical era to the present. Tracing the emergence, survival, and transformation of key mythological figures and motifs from ancient Greece through the modern era, it explores the enduring importance of such myths for artists and viewers in their own time and over the millennia that followed.

Olympian Visions Focus

The figures and events of classical myths underpin our culture and the constellations named after them fill the night sky. Whether it's the raging Minotaur trapped in the Cretan labyrinth or the twelve labours of Hercules, Aphrodite's birth from the waves or Zeus visiting Danae as a shower of gold, the mythology of Greece and Rome is full of unforgettable stories. All the stories of

the Greek tragedies – Oedipus, Medea, Antigone – are there; all the events of the Trojan wars and of Odysseus and Aeneas’ epic journeys; the founding of Athens and of Rome... These are the strangest tales of love, war, betrayal and heroism ever told and, while brilliantly retelling them, this book shows how they echo through the works of much later writers from Chaucer and Shakespeare to Camus and Ted Hughes. Full of attractive illustrations and laid out in eighteen clear chapters (the titles include ‘Dangerous Women’ and ‘Heroes’), Dr Jennifer March has written a fascinating guide to the myths of classical civilization that is as readable as a novel.

A Dictionary of Classical Antiquities, Mythology, Religion, Literature &

Art Routledge

In June 2012, scholars from a number of disciplines and countries gathered in Stockholm to discuss the representation of ancient mythology in Renaissance Europe. This symposium was an opportunity for the participants to cross disciplinary borders and to problematize a well-researched field. The aim was to move beyond a view of mythology as mere propaganda in order to promote an understanding of ancient tales and fables as contemporary means to explain and comprehend the Early Modern world. W ...

Art and Myth in Ancient Greece Oxbow Books

Classical Mythology in English Literature brings together a range of English versions of three classical myths. It

allows students to explore the ways in which they have been reinterpreted and reinvented by writers throughout history. Beginning with a concise introduction to the principle Greco-Roman gods and heroes, the anthology then focuses on three stories: * Orpheus, the great musician and his quest to free his wife Eurydice from death * Venus and Adonis, the love goddess and the beautiful youth she loved * Pygmalion, the master sculptor who fell in love with his creation. Each section begins with the classical sources and ends with contemporary versions, showing how each myth has been used/abused or appropriated since its origins

Circe McGraw-Hill Education
An encyclopedia of the classical world, from the ancient gods and legendary

heroes to the social institutions and customs of the ancient Greeks and Romans.

Flying Too Close to the Sun Routledge
On museum visits, we pass by beautiful, well-preserved vases from ancient Greece—but how often do we understand what the images on them depict? In *Image and Myth*, Luca Giuliani tells the stories behind the pictures, exploring how artists of antiquity had to determine which motifs or historical and mythic events to use to tell an underlying story while also keeping in mind the tastes and expectations of paying clients. Covering the range of Greek style and its growth between the early Archaic and Hellenistic periods, Giuliani describes the intellectual, social, and artistic contexts in which the images

were created. He reveals that developments in Greek vase painting were driven as much by the times as they were by tradition—the better-known the story, the less leeway the artists had in interpreting it. As literary culture transformed from an oral tradition, in which stories were always in flux, to the stability of written texts, the images produced by artists eventually became nothing more than illustrations of canonical works. At once a work of cultural and art history, *Image and Myth* builds a new way of understanding the visual culture of ancient Greece.

Who's Who in Classical Mythology

Routledge

Bulfinch's *Mythology* is a thorough overview of three major groups of mythology, and has long been cited as

one of its definitive reference texts. It is broken up into three sections, covering classical mythology (primarily Greek and Roman, though Bulfinch also touches on eastern, Norse, and druidic myth), the legends of King Arthur, and the romances of the middle ages. It is both thorough and detailed, but is presented in a way that makes it accessible to all readers. Penguin Random House Canada is proud to bring you classic works of literature in e-book form, with the highest quality production values. Classical Mythology in Renaissance Art

Cambridge Scholars Publishing

Perhaps the single most revolutionary aspect of the Renaissance was the re-emergence of the gods and goddesses of

antiquity. In the midst of Christian Europe, artists began to decorate luxury goods with scandalous stories from classical mythology, and rulers to identify themselves with the deities of ancient religion. The resulting fusion of erotic fantasy and political power changed the course of Western art and produced many of its most magical and subversive works. The first book ever to survey this extraordinary phenomenon in its entirety, *The Mirror of the Gods* takes the story from the Renaissance to the Baroque. Each chapter focuses on a particular god (Diana, Apollo, Hercules, Venus, Bacchus, Jupiter) and recounts the tales about that deity, not as they appear in classical literature but as they were re-created by artists such as Botticelli, Titian, Bernini and Rembrandt.

And yet this is not a book simply about painting and sculpture. It is an attempt to re-imagine the entire designed world of the Renaissance, where the gods also appeared in carnival floats and in banquet displays, and entertained the public in the form of snow men and fireworks. This rich and original new portrait of the Renaissance will ensure that readers never see the period in quite the same way again.

The Classic Myths in English Literature and in Art, Based Originally on Bulfinch's "Age of Fable" (1855) OUP Oxford
Who's Who in Classical Mythology is the most complete and detailed reference book of its kind. It offers scholarly, yet accessible accounts of those mythological tales surrounding such gods as Apollo, Zeus, Athena and

Dionysus, and mortals such as Achilles, Odysseus, Jason, Aeneas, Romulus and Remus and Tarquin. It contains over 1200 extensive entries, covering both Greek and Roman characters, providing detailed biographical information, together with historical and geographical background. In addition there are comprehensive genealogical trees of important mythological families and a detailed list of all Greek and Latin writers referred to in the text.

A Critical Anthology Routledge
Classical Mythology in English Literature brings together a range of English versions of three classical myths. It allows students to explore the ways in which they have been reinterpreted and reinvented by writers throughout history. Beginning with a concise introduction to

the principle Greco-Roman gods and heroes, the anthology then focuses on three stories: * Orpheus, the great musician and his quest to free his wife Eurydice from death * Venus and Adonis, the love goddess and the beautiful youth she loved * Pygmalion, the master sculptor who fell in love with his creation. The Oxford Guide to Classical Mythology in the Arts, 1300-1990s

Britannica Educational Publishing
Myth into Art is a comparative study of mythological narrative in Greek poetry and the visual arts. Thirty of the major myths are surveyed, focusing on Homer,

lyric poetry and Attic tragedy. On the artistic side, the emphasis is on Athenian and South Italian vases. The book offers undergraduate students an introduction both to mythology and to the use of visual sources in the study of Greek myth.

Greek Myth and Western Art Forgotten Books

An essential visual handbook for anyone interested in Greek myth written by T. H. Carpenter, one of the world's leading experts on myth in ancient art.

A History of Pictorial Narration in Greek Art University of Chicago Press

An encyclopedic catalog of artworks dating from the early Renaissance to the present that treat subjects in Greek and Roman mythology ; organized into entries on mythological figures or

themes ; artworks are drawn from the five arts, music, dance, and literature of the past seven centuries.

Helps to the Study of Classical Mythology Little, Brown

An illustrated anthology of classical myths, based on Bulfinch's nineteenth-century "Age of Fable," examining myths of divinities and heroes, and including commentary.

Classical Mythology in English Literature Penguin UK

Originally published in the 1960s, this standard illustrated work covers the gods and heroes of the Classical world, with special emphasis on the influence Classical mythology has had on literature, art and music in Western civilization. Designed for high school and college level courses in departments of

Classics and humanities.

Greek Mythology in Byzantine Art

Princeton University Press

Classical Mythology, Sixth Edition, continues to build on its best-selling tradition of focusing on the literary tradition of Greek and Roman mythology through extensive translations of original mythological sources. Its coverage of comparative and interpretative approaches as well as evidence from art and archeology is expanded in this

edition. Morford and Lenardon's insightful and accessible discussion of classical myths in their historical and cultural settings, as well as their survival in literature, art, music, and film, remains unparalleled: This comprehensive introduction to classical mythology features new translations, expanded critical coverage, an expanded art program, and a new web site.
