Gateways to the  
Otherworld Hay House,  
Inc

"This book is a fantastic and comprehensive introduction to shamanism by a leading expert and teacher on the subject. Shamanism is the oldest and most enduring spiritual wisdom tradition on Earth. It offers powerful practices for healing and finding wholeness, and is appealing to a whole new generation of spiritual seekers"--Amazon.com.

**Contemporary**

**Paganism** Rowman & Littlefield

A guide to worldwide shamanism and shamanistic practices, emphasizing historical and current cultural adaptations. This two-volume reference is the first international survey of shamanistic beliefs from prehistory to the present day. In nearly 200 detailed, readable entries, leading ethnographers,

psychologists, archaeologists, historians, and scholars of religion and folk literature explain the general principles of shamanism as well as the details of widely varied practices. What is it like to be a shaman? Entries describe, region by region, the traits, such as sicknesses and dreams, that mark a person as a shaman, as well as the training undertaken by initiates. They detail the costumes, music, rituals, artifacts, and drugs that shamans use to achieve altered states of consciousness, communicate with spirits, travel in the spirit world, and retrieve souls. Unlike most Western books on shamanism, which focus narrowly on the individual's experience of healing and trance, Shamanism also examines the function of shamanism in society from social, political, and historical perspectives and identifies the ancient, continuous thread that connects shamanistic beliefs and rituals across cultures and millennia.

**Historical Dictionary of Shamanism**

SteinerBooks

Roslyn Chapel has fuelled controversy and debate, both recently in several best-selling books as well as in past centuries. Revered by Freemasons as a vital part of their history, believed by some to hold evidence of pre-Columbian voyages to America, assumed by others to hold important relics, from the Holy Grail to the Head of Christ, the Scottish chapel is a place full of mystery. This book will guide you through the theories, showing and describing where and what is being discussed; what is impossible, what is likely... and what is fact. At the same time, the book will virtually guide you around all enigmatic and important aspects of the chapel. The history of the chapel, its relationship to freemasonry and the family behind the scenes, the Sinclairs, is brought to life, incorporating new, forgotten and often unknown evidence. Finally, the story is placed in the equally enigmatic landscape surrounding the chapel, from Templar commanderies to prehistoric markings, from an ancient kingly site to the South, to Arthur's Seat

directly north from the Chapel -- before its true significance and meaning is finally unveiled: that the Chapel was a medieval stone book of esoteric knowledge, 'written' by the Sinclair family, one of the most powerful and wealthy families in Scotland, chosen patrons of Freemasonry.

**The Living Temple of Witchcraft Volume Two**  
Reality Press

In the sixth installment of the award-winning Temple of Witchcraft series, popular author Christopher Penczak explores the quest of the God. In this volume, the twelve signs of the zodiac represent the God's symbolic journey through the sky. Each archetypal astrological force offers readers unique insight into the mysteries and the role of a high priest or high priestess. This manual of practical exercise, witchcraft theology, and ministerial advice also explores witchcraft and the modern world, discussing how contemporary issues can be approached from the perspective of witchcraft spirituality. A magickal education through the zodiac signs Learning tools for pagan ministers Earth stewardship and

working with ley lines Ancestor work Trance work through dance and plant substances Mediumship within witchcraft Communing with your own personal twelvefold pantheon The lessons in this advanced magickal book culminate in a powerful self-initiation ritual that combines the lessons of the Goddess's descent and the God's journey, to bring awareness, understanding, and personal power.

The Stone Puzzle of Rosslyn Chapel  
Bloomsbury Publishing  
The Encyclopedia of Pseudoscience is the first one-volume, A-to-Z reference that identifies, defines, and explains all of the terms and ideas dealing with the somewhat murky world of the "almost sciences". Truly interdisciplinary and multicultural in scope, the Encyclopedia examines how fringe or marginal sciences have affected people throughout history, as well as how they continue to exert an influence on our lives today. This comprehensive reference brings together: superstitions and fads that are part of popular culture, such as fortune telling; healing practices

once thought marginal that are now become increasingly accepted, such as homeopathy and acupuncture; frauds and hoaxes that have occurred throughout history, such as UFOs; mistaken theories first put forward as serious science, but later discarded as false, such as phrenology and racial typing, etc. More than 2000 extensively cross-referenced and illustrated entries cover prominent phenomena, major figures, events topics, places and associations. *Shamanism and the Mystery Lines* Foulsham We are living in a time of great change, explains Dr Christine Page. And this time presents a wonderful opportunity to reclaim our strength, adjust our focus and become spiritual alchemists, transforming ourselves and our world. In order to survive on Earth, we must reconnect with the divine side of existence. This task is not as daunting as it may seem, for we simply need to honour the wisdom inherent in traditions past and present - wisdom that is offered in this ground-breaking work. '... positively inspirational as she describes the untapped potential of the human spirit. Her book is

an invitation to explore the alchemist within and I highly encourage all to read this book who have an appetite for electric transformation' Caroline Myss, author of *Anatomy of the Spirit* '... a modern map of the journey we must all ultimately take to fulfil our cosmic yearning. This will become required reading by our students' C Norman Shealy, MD, PhD, Founding President, American Holistic Medical Association 'Dr Page combines ancient insights and modern science in a way that will help readers reach new depths of understanding and fulfilment' Larry Dossey, MD, author of *Healing Beyond the Body* 'Christine Page is a master teacher with worlds of knowledge, a spiritual healer of blessed gifts, and a brilliant intuitive with critically important insights to share with us all' Belleruth Naperstek, author of *Your Sixth Sense*

### **The Holy Order of**

**Water** Routledge  
Cate Bramble has devoted her career to highlighting the differences between 'feng shui-lite' as a fashionable pursuit in contrast to the original intentions of the Chinese masters. Here she presents the authentic

principles in a technical, no-nonsense pocket book specifically for architects. As clients become more demanding and the competition for projects heats up, the architect is well advised to have many strings to their bow. This practical guide includes line illustrations that present the principles of feng shui, the Chinese art or practice in which a structure or site is chosen or configured so as to harmonize with the spiritual forces that inhabit it, and their application in architecture through planning principles, services, building elements and materials, in an accessible, easy reference format. The feng shui-savvy architect can also benefit from feng shui's ability to match structures and land, and the peculiar capacity of authentic feng shui to forecast development-related concerns including cost overruns, quality issues - even worker injuries and trade disputes! The author explains feng shui from archaeological sources and evidence of practice in the east, contrasting it with what passes for feng shui in the west. She analyses the practice in terms of such concepts as western

systems theory, viewshed, space syntax and the 'pattern landscape' theory of urban planning. For the first time, the Sustainable implications of feng shui design are explained with reference to the latest developments in behavioural and cognitive sciences, evolutionary biology and other western viewpoints.

### The Secret Life of the

Universe NYU Press

Robert J. Wallis explores the interface between the 'new' and prehistoric shamans of popular culture and anthropology, drawing on interviews with a variety of practitioners, particularly contemporary pagans in Britain and north America. *Haunted Ground* Llewellyn Worldwide

Bestselling author of *Sacred Space* and feng shui expert Denise Linn demonstrates how to create environments of harmony, spiritual balance, and beauty at home—and in all areas of life. Part One explains how to develop your intuition to understand the deeper meaning of your home. This includes tips on dowsing, finding the hidden message of your surroundings, and how to deal with clutter. In Part Two, the author

presents little-known information on how to activate the dynamic forces of nature within your home in order to revitalize your physical and spiritual health. In Part Three, you gain an understanding of the ancient tradition of the Native American Medicine Wheel and teachings on the four cardinal directions, allowing you to bring energy and spirituality into your home—and your life. Going much further than conventional works on feng shui, this unusual and practical book is a comprehensive look at both centuries-old techniques and the latest research. It shows how to create a domestic and professional environment where your spirit is nurtured so that you can be “at home” wherever you are—and at home with the universe.

### **Ideas of Landscape**

iUniverse

What does it mean to bring indigenous wisdom to the postmodern world? How do divination and ritual fit into modern society? How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning? Notes from a Diviner in the Postmodern

World: A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition. In this book Dintino describes what she calls the landscape of the otherworld, revealed to her through spirits—ancestors, archangels, elemental and light beings—in her divinations. Whatever your spiritual tradition, there’s always a shared landscape of the otherworld.

Understanding the landscape will help you navigate your own spiritual terrain. Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live, which includes learning from all living things including mountains and water. This powerful handbook teaches you how to heal your world by exploring inter-dimensional realms and ultimately becoming a spiritual steward of the Earth. “When I became a diviner, I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily as I continued to divine. I am still exploring this landscape, but

wanted to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing. What I have included in this book is not meant to be rigid; it is a conversation and a guide.”

### Dark Light Consciousness

Hay House UK Limited

With their ability to enter trances, to change into the bodies of other creatures, and to fly through the northern skies, shamans are the subject of both popular and scholarly fascination. In *Shamans: Siberian Spirituality and the Western Imagination* Ronald Hutton looks at what is really known about both the shamans of Siberia and about others spread throughout the world. He traces the growth of knowledge of shamans in Imperial and Stalinist Russia, describes local variations and different types of shamanism, and explores more recent western influences on its history and modern practice. This is a challenging book by one of the world's leading authorities on Paganism. *Shamanism and the Mystery Lines* Routledge A remarkable array of people have been called

shamans, while the phenomena identified as shamanism continues to proliferate. This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today, and from Siberia (where the term "shaman" originated) to Amazonia, South Africa, Chicago and many other places. Many claims about shamans and shamanism are contentious and all are worthy of discussion. In the most widespread understandings, terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other-than-human persons, perhaps "spirits". But this says only a little about the artists, community leaders, spiritual healers or hucksters, travelers in alternative realities and so on to which the label "shaman" has been applied. This second edition contains a chronology, an introduction, and extensive bibliography. The dictionary contains over 500 cross-referenced dictionary entries on individuals, groups, practices and cultures that have been called "shamanic". This book is

an excellent access point for students, researchers, and anyone wanting to know more about Shamanism.

The A to Z of Shamanism

John Wiley & Sons  
Witchcraft and shamanism are merged together through the use of masks. The book describes how to make masks and to use them to awaken dormant spiritual states. Illustrated.

**Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 24pt Edition)**

Llewellyn Worldwide  
A modern-day shaman takes on the nation's most notorious serial killer. *I Am Called Shaman* Psychology Press  
Secrets of the Serpent: In Search of the Sacred Past - Special Revised Edition, Featuring Two New Appendices by Philip Gardiner. Across time and across the world, an ancient serpent cult once dominated mankind. Then a great battle ensued and Christianity stamped it's authority on the face of the planet. Now, after years of research, the real religious history of the world can be told. In *Secrets of the Serpent*, Philip Gardiner for the first time reveals the world's most mysterious places were once sacred to the

Serpent Cult. The history and mythology of the so-called reptilian agenda and alien visitation in ancient times now has a solid opponent - giving answers for the many symbols and myths often confused by those who believe in such things. In *Secrets of the Serpent*, the author reveals the real "bloodline" spoken of by Dan Brown in the *Da Vinci Code* - it was in fact a serpent bloodline. Philip Gardiner is the international best selling author of *The Shining Ones*, *The Serpent Grail*, *Gnosis: The Secret of Solomon's Temple Revealed and Proof - Does God Exist?* He has appeared on hundreds of radio and television programs worldwide speaking on religion and propaganda. He has infiltrated various secret societies and been initiated into Orders many people had thought were long forgotten. Committed to the constant struggle to uncover the real history of mankind and the unraveling of manipulative propaganda, he has come up against many obstacles and yet in his book, *The Serpent Grail* he reveals a truth about the Holy Grail that gained the backing of academia and scholars.

The truth shall be found in the Secrets of the Serpent.

*Opening the Ark of the Covenant* Rowman & Littlefield

How to awaken the Ureaus--the serpent power of spiritual transcendence within each of us--and connect to the superconscious of the universe • Reveals the biochemistry of how the body's melanin provides the template for the subtle energy body or light body • Shows how embracing the dark light consciousness of the awakened Ureaus opens a portal to the sacred darkness of the superconscious • Provides illustrated instructions for meditation practices, breathing exercises, and yoga postures to safely awaken Ureaus/Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious. Called "Ureaus" in ancient Egyptian texts and "Kundalini" in ancient Hindu yoga traditions, our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state. When awakened, it unfurls along the spinal column to the brain, connecting individual

consciousness to the consciousness of the universe enfolded within the dark matter of space. At the root of creativity and spiritual genius across innumerable cultures and civilizations, this intelligent force reveals portals that enfold time, space, and the luminous matrix of reality itself. Combining physics, neuroscience, and biochemistry with ancient traditions from Africa and India, Edward Bruce Bynum, Ph.D., explores the ancient Egyptian science of the Ureaus and reveals how it is intimately connected to dark matter and to melanin, a light-sensitive, energy-conducting substance found in the brain, nervous system, and organs of all higher life-forms. He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body, just as dark matter, together with gravity, holds the galaxies and constellations together. With illustrated instructions, he shows how to safely awaken and stabilize the spiritual energy of the Ureaus through meditation practices, breathing exercises, and yoga postures as well as how to

prepare the subtle body for transdimensional soul travel. By embracing the dark light of the shining serpent within, we overcome our collective fear of the vast living darkness without. By embracing the dark, we transcend reality to the dimension of light. *Sacred Mask, Sacred Dance* Random House Blending Eastern and Western philosophies with insights into nature, ecology, and physiology, this exploration of the place of humankind within the universe—and our individual stations—is both intellectual and approachable. Thinkers, writers, scientists, and educators of all stripes come together to examine subjects ranging from the nature of reality to brain science to the impact of technology on our world views, and more. They reveal that "the universe" may actually be comprised of multiple "universes" that overlap like the skin of an onion; peel away one layer of reality, and there's others waiting to be experienced, if not completely understood. The book presents intriguing ideas from visionaries ranging from Jesus to Galileo, Newton to Descartes, and Kant to

Einstein, among many others.

### **The Earth Mysteries Workbook**

ReadHowYouWant.com

Ideas of Landscape discusses the current theory and practice of landscape archaeology and offers an alternative agenda for landscape archaeology that maps more closely onto the established empirical strengths of landscape study and has more contemporary relevance. The first historical assessment of a critical period in archaeology Takes as its focus the so-called English landscape tradition -- the ideological underpinnings of which come from English Romanticism, via the influence of the "father of landscape history": W. G. Hoskins Argues that the strengths and weaknesses of landscape archaeology can be traced back to the underlying theoretical discontents of Romanticism Offers an alternative agenda for landscape archaeology that maps more closely onto the established empirical strengths of landscape study and has more contemporary relevance

Encyclopedia of Pseudoscience Bernard

Heuvel  
An illustrated, encyclopedic overview of the prophecies, calendars, and theories that indicate the year 2012 is a threshold of great change for humanity • Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 • Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end. Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed. What is certain, however, is that a rare galactic alignment will occur, one so unique that it is found at the core of many wisdom traditions from around the globe. Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982. Far from confining his research to the Maya, who provide the most prominent predictions indicating this date will herald significant changes for humanity, he

has studied the prophetic traditions of other cultures--including the Tibetan, Chinese, Jewish, Ethiopian, and tribal cultures from around the globe--to show the kind of convergence of cosmic purposes happening along a number of parallel tracks. This book offers an extensive study of many modern theories, including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles. Sifting through all the scientific research and speculation that the year 2012 has inspired, Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date.

### *The Sagebrush Curtain Dreamflesh*

Travel across archaic landscapes, into contact with spiritual traditions as old as the human central nervous system and into the deepest recesses of the psyche. Explore the mystery surrounding ley lines -- and be prepared for a surprise as you join the author on this extraordinary true-life detective story. Llewellyn holds North American rights only.
