The essential guide to

making sure you have a fabulous later life. You're likely to live longer than you think. Today's fifty-year olds could have an astounding 36 or more years of life. What's your dream life for your later years? When We're 64 is a friendly, practical guide to

preparing for what could be the best years of your life - from the essentials on work and how to fund retirement, to volunteering, where to live and what kind of housing you'll need. It covers how to stay healthy - and still live a

full life if you get a health condition – and reveals how your attitude to ageing could actually increase your lifespan. There are sections on relationships with family and friends, as well as caring for older relatives and how to tackle loneliness. Packed with expert advice and new evidence and tips on how to age well, this route map will help you plan and prepare for the future.

Simpson's Sheep Just Want to Sleep! SAGE Publications

A "Must" pick by Entertainment Weekly An A.V. Club "Best Books of June" selection A "New and Noteworthy" selection by USA Today In celebration of The Simpsons thirtieth anniversary, the show's longest-serving writer and producer offers a humorous look at the writing and making of the legendary Fox series that has become one of the most revered artistic achievements in television history. Four-time Emmy winner Mike Reiss—who has worked on

The Simpsons continuously since episode one in 1989—shares stories, scandals, and gossip about working with America's most iconic cartoon family ever. Reiss explains how the episodes are created, and provides an inside look at the show's writers, animators, actors and celebrity guests. He answers a range of questions from Simpsons fans and die-hards, and reminisces about the making of perennially favorite episodes. In his

freewheeling, irreverent comic style, Reiss reflects on his lifetime inside The Simpsons—a personal highlights reel of his achievements, observations, and favorite stories. Springfield Confidential exposes why Matt Groening decided to make all of the characters yellow; dishes on what it's like to be crammed in a room full of funny writers sixty hours a week; and tells what Reiss learned after traveling to seventy-one countries where The Simpsons is watched (ironic note: there's no

electricity in many of these places); and even reveals where Springfield is located! He features unique interviews with Judd Apatow, who also provided the foreword, and Conan O'Brien, as well as with Simpsons legends Al Jean, Nancy Cartwright, Dan Castellaneta, and more. Like Cary Elwes' As You Wish, Jennifer Keishin Armstrong's Seinfeldia, and Chris Smith's The Daily Show: An Oral History, Springfield Confidential is a funny, informational, and

exclusive look at one of the most beloved programs in all of television land.

Eye Tracking in Second Language Acquisition and Bilingualism

Peter Pauper Press

The 30-volume set, comprising the LNCS books 12346 until 12375, constitutes the refereed proceedings of the 16th European Conference on Computer Vision, ECCV 2020, which was planned to be held in Glasgow, UK, during August 23-28, 2020. The conference was held virtually due to the

COVID-19 pandemic. The 1360 revised papers presented in these proceedings were carefully reviewed and selected from a total of 5025 submissions. The papers deal with topics such as computer vision; machine learning; deep neural networks; reinforcement learning; object recognition; image classification; image processing; object detection; semantic segmentation; human pose estimation; 3d reconstruction; stereo vision; computational

photography; neural networks; image coding; image reconstruction; object recognition; motion estimation.

Chronicle Books
Plant Systematics is a comprehensive and beautifully illustrated text, covering the most up-to-date and essential paradigms, concepts, and terms required for a basic understanding of plant systematics. This book contains numerous cladograms that illustrate

the evolutionary relationships of major plant groups, with an emphasis on the adaptive significance of major evolutionary novelties. It provides descriptions and classifications of major groups of angiosperms, including over 90 flowering plant families; a comprehensive glossary of plant morphological terms, as well as appendices on botanical illustration and plant descriptions. Pedagogy includes review questions, exercises, and references that complement each

chapter. This text is ideal for graduate and undergraduate students in botany, plant taxonomy, plant systematics, plant pathology, ecology as well as faculty and researchers in any of the plant sciences. * The Henry Allan Gleason Award of The New York Botanical Garden, awarded for "Outstanding recent publication in the field of plant taxonomy, plant ecology, or plant geography" (2006) * Contains numerous cladograms that illustrate

the evolutionary relationships of major plant groups, with an emphasis on the adaptive significance of major evolutionary novelties *Provides descriptions and classifications of major groups of angiosperms, including over 90 flowering plant families * Includes a comprehensive glossary of plant morphological terms as well as appendices on botanical illustration and plant description When We're 64 A&C Black THE trusted source of information for a

successful Walt Disney World vacation Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum, The Unofficial Guide to Walt Disney World digs deeper and offers more than any other guide. The Unofficial Guide to Walt Disney World 2018 explains how Walt Disney World works and how to use that knowledge to make every minute and every dollar of your vacation count. With

advice that is direct, prescriptive, and detailed, it takes the guesswork out of travel by unambiguously rating and ranking everything from hotels, restaurants, and attractions to rental car companies. With an Unofficial Guide in hand, and authors Bob Sehlinger and Len Testa as guides, find out what's available in every category, from best to worst, and use step-by-step detailed plans to help make the most of your time at Walt Disney World.

Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – introduction, development, exploration

and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. Language and Power: offers a comprehensive survey of the ways in which language intersects and connects with the social, cultural and political aspects of power; provides a comprehensive introduction to the history of the field, and covers all the major approaches, theoretical concepts and methods of analysis in

this important and developing area of academic study; covers all the 'traditional' topics, such as race, gender and institutional power, but also incorporates newer material from forensic discourse analysis, the discourse of new capitalism and the study of humour as power; includes readings from works by seminal figures in the field, such as Roger Fowler, Deborah Cameron and Teun van Dijk; uses real texts and examples throughout, including advertisements from

cosmetics companies; newspaper articles and headlines; websites and internet media; and spoken dialogues such as a transcription from the Obama and McCain presidential debate; is accompanied by a supporting website that aims to challenge students at a more advanced level and features a complete four-unit chapter which includes activities, a reading and suggestions for further work. Language and Power will be essential reading for

students studying English language and linguistics. Paul Simpson is Professor of English Language in the School of English at Queen's University Belfast, UK, where he teaches and researches in stylistics, critical linguistics and related fields of study. Andrea Mayr is Lecturer in Modern English Language and Linguistics at Queen's University Belfast, UK, where she teaches and researches in media discourse and in multimodal critical discourse analysis.

Come inside and meet the Fitzgerald's. Ken is finishing high school; he is athletic, popular and plays football, but is burdened with the sudden responsibility of caring for his three younger siblings. Deb is in her junior year of high school and prefers books and the library to socializing. She is drawn to history and archaeology and hoping to find her way in this new place. Joe is racked with sorrow over his parent's deaths and determined to

find a way to either get them back or make them proud. Kim, the youngest, is only ten years old and just trying to make new friends and keep close to her sister and brothers. When Joe finds an elaborate math problem and solves it with the help of the reclusive caretaker, Mr. Brewster, the four kids devise a plan to travel through time, change history and impact their parents' lives in the hopes of stopping the terrible accident that brought them to boarding school. Along the way they face

looming spiritual questions, while finding their way toward closeness and a path through their grief.

Cengage Learning
An indispensable read when visiting Walt Disney World with kids The Unofficial Guide to Walt Disney World with Kids 2018 is JAM-PACKED with useful tips, great advice, excellent discussion, and practical travel knowledge gleaned from years of Walt Disney World travel experience. In this guidebook, authors Bob Sehlinger and Liliane Opsomer specifically address the needs of kids, with—in some cases—research and input

from kids. Len Testa leads an experienced team of researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum. The Unofficial Guide to Walt Disney World with Kids digs deeper and offers more specific information than any other guidebook. This is the only guide that explains how to make every minute and every dollar of your vacation count. With advice that is direct, prescriptive, and detailed, it takes the guesswork out of your

family vacation. Step-by-step detailed plans allow you to visit Walt Disney World with your children with absolute confidence and peace of mind.

The Machine The Unofficial Guides Despite their considerable presence in Hollywood, extras and working actors have received scant attention within film and media studies as significant contributors to the history of the industry. Looking not to the stars but to these supporting players in film, television, and, recently,

streaming programming, Below the Stars highlights such actors as precarious laborers whose work as freelancers has critically shaped the entertainment industry throughout the twentieth and twenty-first centuries. By addressing ordinary actors as a labor force, Kate Fortmueller proposes a media industry history that positions underrepresented and quotidian experiences as the structural elements of the culture and business of Hollywood. Resisting a top-down assessment, Fortmueller explores the

wrangling of labor unions and guilds that advocated for collective action for everyday actors and helped shape professional norms. She pulls from archival research, in-person interviews, and firsthand observation to examine a history that cuts across industry boundaries and situates actors as a labor group at the center of industrial and technological upheavals, with lasting implications for race, gender, and labor relations in Hollywood. Theory and Practice

Indigenous Americas

A smart, accessible and funny cultural analysis of The Simpsons, its inside stories and the world it reflects. From Bart Simpson to Monty Burns, the Internet boom to the slow drowning of Tuvalu, Planet Simpson explores how one of the most popular shows in television history has changed the way we look at our bewildering times. Award-winning journalist Chris Turner delves into the most esoteric of Simpsons fansites and on-line subcultures, the

show's inside jokes, its sharpest parodies and its ongoing love-hate relationship with celebrity to reveal a rarity of literary accomplishment and pop-cultural import — something never before achieved by a cartoon. Complementing its satirical brilliance, The Simpsons boasts a beloved cast of characters, examined here in playful and scrupulous detail: Homer, selfish, tyrannical and not too bright, but always contentedly beholden to his family; Bart, pre-teen

nihilist and punk icon; Lisa, junior feminist crusader; and Marge, archetypical middle-American mother, perpetually dragging her family kicking and screaming to higher moral ground. And while the voice actors behind the regular cast have eschewed celebrity, Turner considers why a stunning host of guests — Hollywood icons and has-beens, politicians, professional athletes, poets and pop stars — have submitted themselves to the parodic

whims of the Simpsons' writers. Intelligent and rambunctious, absorbing and comic, Planet Simpson mines this modern cultural institution for its imaginative, hilarious, but always dead-on, reflections on our world. Excerpt from Planet Simpson Three Fun Facts About "D' oh!" 1. The Oxford English Dictionary defines "d'oh" as "Expressing frustration at the realization that things have turned out badly or not as planned, or that one has just said or done something

foolish." 2. The origins of "D'oh!" A Tracey Ullman-era Simpsons script called for Homer to respond to an unfortunate turn of events thus: "[annoyed grunt]." Dan Castellaneta, the voice-actor who plays Homer, improvised the exclamation, "D'oh!" It stuck. 3. The godfather of "D'oh!" Dan Castellaneta freely admits that he lifted Homer's famous yelp from James Finlayson, a Scottish actor who played a bald, cross-eyed villain in a number of Laurel & Hardy films in the 1930s. Finlayson's

annoyed grunt was a more drawn-out groan — Dooooohhh! Castellaneta sped it up to create Homer's trademark. The Simpsons CRC Press "Black women's heads of hair are galaxies unto themselves, solar systems, moonscapes, volcanic interiors." —Elizabeth Alexander, from the Introduction Using advertising photographs of black women (and men) drawn from vintage issues of *Ebony* and *Jet* magazines, the exquisite and thought-provoking collages of

world-renowned artist Lorna Simpson explore the richly nuanced language of hair. Surreal coiffures made from colorful ink washes, striking geological formations from old textbooks, and other unexpected forms and objects adorn the models to mesmerizingly beautiful effect. Featuring 160 artworks, an artist's statement, and an introduction by poet, author, and scholar Elizabeth Alexander, this volume celebrates the irresistible power of

Simpson's visual vernacular.

100 Things The Simpsons Fans Should Know & Do Before They Die Harper Design

Emphasizing the finite difference approach for solving differential equations, the second edition of *Numerical Methods for Engineers and Scientists* presents a methodology for systematically constructing individual computer programs. Providing easy access to accurate solutions to complex scientific and

engineering problems, each chapter begins with objectives, a discussion of a representative application, and an outline of special features, summing up with a list of tasks students should be able to complete after reading the chapter—perfect for use as a study guide or for review. The *AIAA Journal* calls the book "...a good, solid instructional text on the basic tools of numerical analysis."

As We Have Always Done Mango Media Inc.

Most fans of The

Simpsons have watched Homer don his blue pants on TV, on the big screen, and in 3D. But only real fans recall the Eastern European equivalent of The Itchy & Scratchy Show, know the name of Apu's submission to the Springfield Film Festival, and have road tripped to the World's Fair in Knoxville. **100 Things The Simpsons Fans Should Know & Do Before They Die** is the ultimate resource for true fans, whether you read at a Ralph Wiggum or Lisa Simpson level. Allie

Goertz and Julia Prescott have collected every essential piece of Simpsons knowledge and trivia, as well as must-do activities, and rank them all from 1 to 100, providing an entertaining and easy-to-follow checklist as you progress on your way to fan superstardom.

Springfield Confidential Bloomsbury Publishing Inside Out and Back Again meets Millicent Min, Girl Genius in this timely, hopeful middle-grade novel with a contemporary Chinese

twist. Winner of the Asian / Pacific American Award for Children's Literature!* "Many readers will recognize themselves or their neighbors in these pages." -- Kirkus Reviews, starred review Mia Tang has a lot of secrets. Number 1: She lives in a motel, not a big house. Every day, while her immigrant parents clean the rooms, ten-year-old Mia manages the front desk of the Calivista Motel and tends to its guests. Number 2: Her parents hide immigrants. And if the mean motel

owner, Mr. Yao, finds out they've been letting them stay in the empty rooms for free, the Tangs will be doomed. Number 3: She wants to be a writer. But how can she when her mom thinks she should stick to math because English is not her first language? It will take all of Mia's courage, kindness, and hard work to get through this year. Will she be able to hold on to her job, help the immigrants and guests, escape Mr. Yao, and go for her dreams? Front Desk joins the Scholastic Gold line,

which features award-winning and beloved novels. Includes exclusive bonus content! *Jokes, Secrets, and Outright Lies from a Lifetime Writing for The Simpsons* HarperCollins Entertainment EBOOK: Economics, 12e Planet Simpson Simon and Schuster *The Unofficial Guide to Universal Orlando 2018* *The Unofficial Guides Computer Vision - ECCV 2020* *The Unofficial Guides* In recent years, social work academics and

practitioners have highlighted the need to "re-claim" methodologies which unpack creativity and resourcefulness. In the bleakest of times many turn to humour to survive. Making a unique contribution to social work thought, this is the first book to focus exclusively on humour use in relation to social work. Over eight chapters Jordan covers a range of examples of social work humour, using examples from practice, fiction and research. He concludes that social work has a complex

relationship with humour and that humour has an important role in social work as it enables social workers to hold contradictory views. It also allows society to manage its ambivalent and contradictory view of social work. Aimed at academics, students and social work professionals, this book explores social work's sometimes uneasy relationship with humour. It will be of interest to anyone with an academic interest in humour.
