Easy Guitar with Riffs and Solos (Includes Tab)

Intuition Publications

This book and streaming video course is all that your children will ever need for getting started and having fun playing the most famous and cherished guitar songs! This book is a fun guide on the first steps of learning to play Guitar with over 70 photographic examples, purpose-made diagrams and cartoons. Starting with advice on buying your first guitar, how to hold the guitar and

how to tune it, the music then begins with easy-to-play melodies using only open strings (open strings means only the plucking hand is used), before moving to simple pieces in which the fretting hand is also used. The book goes into detail for some basic techniques because you're better off getting it right from the start rather than develop bad habits. *Tablature Based* - it uses mostly guitar tablature making this popular instrument more easily accessible for beginners (as do most adult guitar

method books). The rhythmical aspect of Sight-reading is covered within the Chords section which eases-in the later Sight-reading section because the only new thing to learn will be reading different notes from the musical staff. Audio Tracks - this Guitar Book For Kids comes with 47 downloadable audio tracks with musical pieces in styles such as Rock, Blues, Pop, Flamenco, Jazz and Reggae. Each piece has a full band demo track and accompanying backing track with guitar

part removed for you to play over. What More? - EZ chords are covered (easy chords with less notes) and are accompanied with diagrams of the full versions for later on, or if you feel like a challenge. There's an introduction to Power chords with Rock pieces to play named after healthy greens "Broccoli Rockilly" and "Rocket Salad". There's a Blues and Rock duet with backing band tracks to play with a friend, and at the end there is a Quiz, no cheating! It is specifically

crafted to suit the needs of all children beginning the guitar!
