## SLADE MADELINE

---

The Saturday Evening Post Utah Geological Survey

The inspiration for the HBO documentary from Academy Award-winning producer Alex Gibney. The #1 New York Times bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods's life—this “comprehensive, propulsive...and unsparing” (The New Yorker) biography is “an ambitious 360-degree portrait of golf's most scrutinized figure...brimming with revealing details” (Golf Digest). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf's most blazing talent” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods's life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “chosen one,” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come. “Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (The Wall Street Journal). Ultimately, Tiger Woods is “a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure” (The New York Times).

**The Ladies' Floral Cabinet** Clarion Books

decisions decisions decisions If you often find yourself unraveling messes your poor choices have created, this book is a must read. Speaking to a wide variety of decision-making situations, its seventy seven principles provide the template for what a good decision-maker looks like. As you become aware of the multifaceted nature of some of these concepts, you'll find they apply to an even greater number of circumstances than you might have imagined. Many of the lessons stress the reality that poor decisions bear consequences-and a few of the principles will open your eyes to the presence of subtle, but important nuances that might otherwise escape your notice. These, alone are worth the price of the book. My hope is that this book will wean you from the habit of second guessing yourself and transform you into a competent decision-maker.

*Don Kenyon* Simon and Schuster

Brush your fur and sharpen your eye teeth. War is coming.Welcome to the War of Ashes RPG: Fate of Agaptus! This "grimsical" minis-friendly tabletop RPG is based on the popular miniature game War

of Ashes: Shieldwall.Head off to adventure in a world where the inhabitants might look cute and cuddly but often carry pointy objects with which they might just decide to stab you. Play as a determined Elvorix, a vengeful Vidaar, a militaristic Jaarl, or a ravenous Kuld. Stage Romanic-style battles and then celebrate your victory with a pint of kogg. Inside, you'll find everything you need to get started, including:Fate-style lightweight approaches combined with detailed (optional) minis-compatible combat to get the best of both worlds.Character generation instructions and even sample characters to get you started on a romp across Agapta.A bestiary full of interesting creatures that you can tame, hunt, or light on fire.Plenty of settings and stories to fuel your campaigns.

War of Ashes AuthorHouse

“With good judgment, little else matters. Without it, nothing else matters.” Whether we're talking about United States presidents, CEOs, Major League coaches, or wartime generals, leaders are remembered for their best and worst judgment calls. In the face of ambiguity, uncertainty, and conflicting demands, the quality of a leader's judgment determines the fate of the entire organization. That's why judgment is the essence of leadership. Yet despite its importance, judgment has always been a fairly murky concept. The leadership literature has been conspicuously quiet on what, exactly, defines it. Does judgment differ from common sense or gut instinct? Is it a product of luck? Of smarts? Or is there a process for making consistently good calls? Noel Tichy and Warren Bennis have each spent decades studying and teaching leadership and advising top CEOs such as Jack Welch and Howard Schultz. Now, in their first collaboration, they offer a powerful framework for making tough calls when the stakes are high and the right path is far from obvious. They show how to recognize the critical moment before a judgment call, when swift and decisive action is essential, and also how to execute a decision after the call. Tichy and Bennis bring their three-dimensional model to life with interviews with world-class leaders who have thrived or suffered because of their judgment calls. These stories include: • Jeff Immelt, CEO of General Electric, whose judgment to grow through research and development transformed GE into the world's premier technology growth company. • Joel Klein, chancellor of the New York City Department of Education, who made tough calls about teachers, students, and parents while turning around a troubled school system. • Jim McNerney, CEO of Boeing, whose strategic judgment helped him reinvigorate his company and restore a culture of trust and respect. • The late general Wayne Downing, who found an unexpected opportunity in the midst of crisis when he led the Special Operations raid to capture Manuel Noriega. • A. G. Lafley, CEO of Procter & Gamble, who bet \$57 billion to purchase Gillette and reinvent his company. • Brad Anderson, CEO of Best Buy, who made the call to commit totally to a customer-centric strategy and led his people to execute it. Whether you're running a small department or a global corporation, Judgment will give you a framework for evaluating any situation, making the call, and correcting if necessary during the execution phase. It will show you how to

handle the overlapping domains of people, strategy, and crisis management. And it will help you teach your entire team to make the right call more often. No organization can afford to neglect this crucial discipline—and no previous book has ever brought it into such clear focus.

**Glorious Weakness** Farrar, Straus and Giroux

As a girl, Alia Joy came face to face with weakness, poverty, and loss in ways that made her doubt God was good. There were times when it felt as if God had abandoned her. What she didn't realize then was that God was always there, calling her to abandon herself. In this deeply personal exploration of what it means to be "poor in spirit," Joy challenges our cultural proclivity to "pull ourselves up by our own bootstraps." She calls on readers to embrace true vulnerability and authenticity with God and with one another, showing how weakness does not disqualify us from inclusion in the kingdom of God--instead, it is our very invitation to enter in. Anyone who has struggled with feeling inadequate, disillusioned, or just too broken will find hope. This message is an antidote to despair, helping readers reclaim the ways God is good, even when life is anything but.

*Youth's Companion* Legare Street Press

In this deeply learned book, poet and translator Robert Bly offers nothing less than a new vision of what it is to be a man. Bly's vision is based on his ongoing work with men and reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John," in which the narrator, or "Wild Man," guides a young man through eight stages of male growth, to remind us of archetypes long forgotten--images of vigorous masculinity, both protective and emotionally centered. Simultaneously poetic and down-to-earth, combining the grandeur of myth with the practical and often painful lessons of our own histories, *Iron John* is a rare work that will continue to guide and inspire men--and women--for years to come.

*10 for 10* Macmillan

Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

*The Country Gentleman* Da Capo Press

The 52 papers in this vary in content from summaries or state-of-knowledge treatments, to detailed contributions that describe new species. Although the distinction is subtle, the title (*Vertebrate Paleontology in Utah*) indicates the science of paleontology in the state of Utah, rather than the even more ambitious intent if it were given the title "Vertebrate Paleontology of Utah" which would promise an encyclopedic treatment of the subject. The science of vertebrate paleontology in Utah is robust and intense. It has grown prodigiously in the past decade, and promises to continue to grow indefinitely. This research benefits everyone in the state, through Utah's museums and educational institutions, which are the direct beneficiaries.

**Archaeology, Anthropology, and Interstellar Communication** Amberley Publishing Limited

"When are the 1970s going to begin?" ran the joke during the Presidential campaign of 1976. With his own patented combination of serious journalism and dazzling comedy, Tom Wolfe met the question head-on in these rollicking essays in *Mauve Gloves and Madmen, Clutter and Vine* -- and even provided the 1970s with its name: "The Me Decade."

Publisher Description

*Congressional Record* Baker Books

Dedicated to the Sailors and Marines who lost their lives on the final voyage of USS Indianapolis and to those who survived the torment at sea following its sinking, plus the crews that risked their lives in rescue ships. The USS Indianapolis (CA-35) was a decorated World War II warship that is primarily remembered for her worst 15 minutes. . This ship earned ten (10) battle stars for her service in World War II and was credited for shooting down nine (9) enemy planes. However, this fame was overshadowed by the first 15 minutes July 30, 1945, when she was struck by two (2) torpedoes from Japanese submarine I-58 and sent to the bottom of the Philippine Sea. The sinking of Indianapolis and the loss of 880 crew out of 1,196 --most deaths occurring in the 4-5 day wait for a rescue delayed --is a tragedy in U.S. naval history. This historical reference showcases primary source documents to tell the story of Indianapolis, the history of this tragedy from the U.S. Navy perspective. It recounts the sinking, rescue efforts, follow-up investigations, aftermath and continuing communications efforts. Included are deck logs to better understand the ship location when she sunk and testimony of survivors and participants. For additional historical publications produced by the U.S. Naval History and Heritage Command, please check out these resources here: <https://bookstore.gpo.gov/agency/naval-history-heritage-command> Year 2016 marked the 71st anniversary of the sinking and another spike in public attention on the loss -- including a big screen adaptation of the story, talk of future films, documentaries, and planned expeditions to locate the wreckage of the warship.

*Duroc Bulletin and Live Stock Farmer* Simon & Schuster

Based Upon interviews and correspondence with more than four hundred former patients, *We Hold This Treasure* is the inspiring story of the first state-funded hospital in the United States to provide care for indigent, handicapped children.

*Ian Botham* Penguin

Telling the life of Worcestershire CCC's most influential captain through fascinating pictures.

*Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World*

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

#### **Dress & Vanity Fair**

Ian Botham arrived on the international scene just in time to ride sport's first big financial wave and exploit the Thatcherite mantra of go-out-and-get-what-you-want. He certainly needed the cash, having been regularly short since leaving state school in Yeovil at 15. In an era short on glamour and personalities, Botham brought an irresistible cocktail of talent, energy and swagger. With the stench of economic failure still in the air, he made the country feel good about itself again. He showed that Britain could still produce champions and that the working class still deserved to be valued. For this he won himself a fund of public goodwill, a fund he sometimes threatened to drain but uncannily managed to replenish. Before Botham, many saw cricket as a very staid, very boring game. He played it with an irreverent dash that stuck up two fingers at the cricket Establishment. He wore striped blazers and strange hats, sported long hair and droopy moustaches. He got into trouble over punch-ups, drugs and girls. He was even banned from playing at one point. But all this would have meant little had he not been able to keep on achieving remarkable things - as he did with impeccable timing and implausible frequency. He had an insatiable appetite, and an uncanny knack, for creating tales of heroism, but if he failed on that score there was always the chance of a scandal or two. He gave the media everything they needed for front pages and back, and some newspapers discovered that it didn't necessarily matter if the story was true or not, as long as he was in it. Ian

Botham tells the story a great piece of British sporting history, one of the greatest: of a man for whom the glamour and the grit came together. And it was the grit of the times in which Botham had grown up, and the grit of the where he had come from.

#### *A Northern Light*

In 1906, sixteen-year-old Mattie, determined to attend college and be a writer against the wishes of her father and fiancé, takes a job at a summer inn where she discovers the truth about the death of a guest. Based on a true story.

#### *Vertebrate Paleontology in Utah*

Hedley Verity was one of Yorkshire and England's greatest cricketers. In a career that ran from 1930 to 1939, the left-arm spin bowler took 1,956 wickets at an average of 14.90. Verity was chiefly responsible for England's only Ashes victory at Lord's in the 20th century, when his 15 wickets helped to win the 1934 Test - 14 of them captured in a single day. And he dismissed the legendary Australian batsman Don Bradman more times than anyone in Test cricket, claiming his wicket on eight occasions - and a record-equalling 10 times in first class cricket. But the high-water mark of Verity's career came during a long-forgotten County Championship match in 1932. On the Headingley ground near his birthplace, Verity returned staggering figures of 10 for 10 against Nottinghamshire - a world record that still stands. Now, for the first time, the story of this amazing game has been told as Chris Waters narrates it in relation to Verity's career - a career that ended with the outbreak of a war in which Verity was tragically killed at the age of 38. Warm and wistful, charming and colourful, 10 for 10: Hedley Verity and the story of cricket's greatest bowling feat honours the history of our summer sport.
