 'Funny, delightfully inventive, and refuses to lie down in its genre' Observer The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . There is a curse. They say: may you live in interesting times. 'May you live in interesting times' is the worst thing one can wish on a citizen of Discworld, especially on the distinctly unmagical Rincewind, who has had far too much perilous excitement in his life and can't even spell wizard. So when a request for a ;Great Wizzard; arrives in Ankh-Morpork via carrier albatross from the faraway

Counterweight Continent, it's the endlessly unlucky Rincewind who's sent as emissary. The oldest (and most heavily fortified) empire on the Disc is in turmoil, and Chaos is building. And, for some incomprehensible reason, someone believes Rincewind will have a mythic role in the ensuing war and wholesale bloodletting. There are too many heroes already in the world, but there is only one Rincewind. And he owes it to the world to keep that one alive for as long as possible. _____ The Discworld novels can be read in any order but Interesting Times is the fifth book in the Wizards series.

Interesting Times Random House
 'His spectacular inventiveness makes the Discworld series one of the perennial joys of modern fiction' Mail on Sunday
 _____ Somewhere on the

frontier between thought and reality exists the Discworld, a parallel time and place which might sound and smell like our own, but which looks completely different. Particularly as it's carried through space on the back of a giant turtle (sex unknown). If you're new to the Discworld don't worry, you're not alone . . . Twoflower is the Discworld's first tourist, he's exceptionally naive and about to get himself into an array of dangerous and fantastical situations on his travels. And if that didn't sound fateful enough, it's the spectacularly inept wizard, Rincewind who is charged with safely chaperoning Twoflower and his Luggage (a walking suitcase that has half a mind of its own and a homicidal attitude to anything threatening) during his visit. Safe to say chaos ensues... _____ The Discworld novels can be read in any order

but *The Colour of Magic* is the first Discworld book. It is also the starting point in the Wizards collection, followed by *The Light Fantastic*.

Blue Harper Collins

Professor Camporesi examines what significance the body had for the obsessively religious, superstitious, yet materially bound minds of the pre-industrial age? In this extraordinary and often astounding book, Professor Camporesi traces these ideas back to various documents across the centuries and explores the juxtaposition of medicine and sorcery, cookery and surgery, pharmacy and alchemy.

#1 NEW YORK TIMES BESTSELLER • NEWBERY MEDAL WINNER • NATIONAL BOOK AWARD WINNER Dig deep in this award-winning, modern classic that will remind readers that adventure is right around the corner—or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from *Small Steps*, the follow-up to *Holes*, as well as an excerpt from the New York Times bestseller *Fuzzy Mud*.

Guanya Pau: Story of an African Princess Random House

The final collection of short stories from the incredible Sir Terry Pratchett! Imagination is an amazing thing. It can take you to the top of the highest mountain, or down to the bottom of the deepest depths of the sea. This where it took Doggins on his Awfully Big Adventure: a quest full of magic and flying machines.

(And the world's best joke - trust me, it's hilarious.) It took three young inventors to the moon (where they may or may not have left a bottle of lemonade) and a caveman on a trip to the dentist. You can join them on these adventures, and many more, in this incredible collection of stories . . . From the greatest imagination there ever was. Written for local newspapers when Terry Pratchett was a young lad, these never previously published stories are packed full of anarchic humour and wonderful wit. A must-have for Terry fans . . . and young readers looking for a fix of magic.

A writer who has been compared to Mark Twain, Kurt Vonnegut, and Douglas Adams, Sir Terry Pratchett has created a complex, yet zany world filled with a host of unforgettable characters who navigate around a profound fantasy universe, complete with its own set of cultures and rules.

The Time-travelling Caveman Harper Collins

This collection includes all five Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series, including the final Discworld novel, *The Shepherd's Crown*. The Wee Free Men: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nac Mac Feegle—aka the Wee Free Men. A Hat Full of Sky: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! Indeed, there is. . . . Wintersmith: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee

Free Men, to survive until Spring. I Shall Wear Midnight: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root, for if she falls, the whole Chalk falls with her. . . . The Shepherd's Crown: Deep in the Chalk, something is stirring. The owls and the foxes can sense it, and Tiffany Aching feels it in her boots. An old enemy is gathering strength. This is a time of endings and beginnings, old friends and new, a blurring of edges and a shifting of power. Now Tiffany stands between the light and the dark, the good and the bad. There will be a reckoning. . . . *The Discworld Graphic Novels* Corgi A beautiful hardback edition of the classic Discworld novel 'Anything you do in the past changes the future. The tiniest little actions have huge consequences. You might tread on an ant now and it might entirely prevent someone from being born in the future.' There's nothing like the issue of evolution to get under the skin of academics. Even if their field of expertise is magic rather than biology. With the best and most interfering minds of Unseen University somehow left in charge at a critical evolutionary turning point, the Discworld's last continent needs a saviour... Who is this hero striding across the red desert? Sheep shearer, beer drinker, bush ranger, and someone who'll even eat a Meat Pie Floater when he's sober. In fact, it's Rincewind, a wizard so inept he can't even spell wizard. He's the only hero left. Still...no worries, eh?

Guards! Guards!: The Play Harper Collins

Terry Pratchett's profoundly irreverent novels are consistent number one bestsellers in England, where they have garnered him a revered position in the halls of parody next to Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In *The Light Fantastic* only one individual can save the world from a disastrous collision. Unfortunately, the hero happens to be the singularly inept wizard Rincewind, who was last seen falling off the edge of the world...

'This isn't just football, it's Discworld football. Or, to borrow another phrase, it's about life, the Universe and everything' *The Times* The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . Football has come

to the ancient city of Ankh-Morpork. And now, the wizards of Unseen University must win a football match, without using magic, so they're in the mood for trying everything else. This is not going to be a gentleman's game. The prospect of the Big Match draws in a street urchin with a wonderful talent for kicking a tin can, a maker of jolly good pies, a dim but beautiful young woman, who might just turn out to be the greatest fashion model there has ever been, and the mysterious Mr Nutt (and no one knows anything much about Mr Nutt, not even Mr Nutt) but there is something powerful, and dark, locked away inside him. As the match approaches, secrets are forced into the light and four lives will be entangled and changed for ever. Here we go, here we go, here we go! _____ The Discworld novels can be read in any order but Unseen Academicals is the seventh book in the Wizards series.

This is how the Discworld began. Here is the sapient pearwood Luggage, a mobile trunk which launders any clothes put in it and incidentally homicidally defends its owner. Here is Twoflower, an innocent tourist in a world of nightmares and fairy tales

The Last Continent Macmillan

In a distant and second-hand set of dimensions, in an astral plane that was never meant to fly . . . Imagine a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle. The Discworld is a place (and a time) strikingly parallel to our own—but also very different. But also very similar. To commemorate the twenty-fifth

anniversary of the birth of the Discworld, the first two volumes of the remarkable Terry Pratchett's equally remarkable—and phenomenally successful—series were made available together, right here, in graphic novel form. These beautifully illustrated renditions of *The Colour of Magic* and *The Light Fantastic* show and tell the bizarre misadventures of the spectacularly inept wizard Rincewind and Twoflower, Discworld's very first—and possibly, portentously its very last—tourist. Not to mention the Luggage, which has a mind of its own. And teeth.

Terry Pratchett's profoundly irreverent, bestselling novels have garnered him a revered position in the halls of parody next to the likes of Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In *Equal Rites*, a dying wizard tries to pass on his powers to an eighth son of an eighth son, who is just at that moment being born. The fact that the son is actually a daughter is discovered just a little too late. The Light Fantastic Scholastic Inc.

Winner of the 2015 Man Booker Prize One of Entertainment Weekly's Top 10 Books of the Decade One of the Top 10 Books of 2014 - Michiko Kakutani, The New York Times A "thrilling, ambitious . . . intense" (Los Angeles Times) novel that explores the attempted assassination of Bob Marley in the late 1970s, from the author of *Black Leopard, Red Wolf* In *A Brief History of Seven Killings*, Marlon James combines brilliant storytelling with his unrivaled skills of characterization and meticulous eye for detail to forge an enthralling novel of dazzling ambition and scope. On December 3, 1976, just before the Jamaican general election and two days before Bob Marley was to play the Smile Jamaica Concert to ease political tensions in Kingston, seven gunmen stormed the singer's house, machine guns blazing. The attack wounded Marley, his wife, and his manager, and injured several others. Little was officially released about the gunmen, but much has been whispered, gossiped and sung about in the streets of West Kingston. Rumors abound regarding the assassins' fates, and there are suspicions that the attack was politically motivated. A

Brief History of Seven Killings delves deep into that dangerous and unstable time in Jamaica's history and beyond. James deftly chronicles the lives of a host of unforgettable characters - gunmen, drug dealers, one-night stands, CIA agents, even ghosts - over the course of thirty years as they roam the streets of 1970s Kingston, dominate the crack houses of 1980s New York, and ultimately reemerge into the radically altered Jamaica of the 1990s. Along the way, they learn that evil does indeed cast long shadows, that justice and retribution are inextricably linked, and that no one can truly escape his fate. Gripping and inventive, shocking and irresistible, *A Brief History of Seven Killings* is a mesmerizing modern classic of power, mystery, and insight.

The Discworld Series Random House

Do you believe in magic? Can you imagine a war between wizards? An exciting journey in an airship or down in a submarine? Would you like to meet the fastest truncheon in the Wild West? *The Witch's Vacuum Cleaner* is the second fabulously funny short-story collection from the late acclaimed storyteller Terry Pratchett. A follow-up to *Dragons at Crumbling Castle*, this second batch of storytelling gems features stories written when Sir Terry was just seventeen years old and working as a junior reporter. In these pages, new Pratchett fans will find wonder, mayhem, sorcery, and delight—and loyal readers will recognize the seeds of ideas that went on to influence his most beloved tales later in life. As Neil Gaiman says, "a Terry Pratchett book is a small miracle"—and *The Witch's Vacuum Cleaner* proves to be another miracle taking its place alongside Pratchett's astounding and cherished body of work.
